9 May 2018	PRCB meeting	Bus stop at Paraparaumu Railway Station	Roading/Town Centre project teams	<p>The bus parking situation at the Paraparaumu train station sits with NZTA as the road controlling authority and GWRC as the service operator. Council has been working to assist the process where possible by re-configuring the area through the town centre project to coincide with the revocation process of the old SH1.</p> <p>Unfortunately the agency has delayed the revocation work with physical construction now not to commence before November this year, after the new bus routes are in place. GWRC and NZTA are now working on some form of temporary arrangement over the intervening period.</p> <p>The revocation and town centre design teams are currently working on drawings which will show how the area can be reconfigured to cater for up to four bus stops, split between on-road and within the SH designation in front of the railway station. Once the designs are complete a meeting will be scheduled with GWRC, NZTA, the Design Team and KCDC to find the way forward and agree on the temporary arrangements.</p> <p>A representative from GWRC will be attending the Board meeting on 19 June 2018 to provide an update.</p>		
June 2016	RSRA	Plantings at Poplar Avenue	Parks and Recreation Manager	On 28 May 2018 the link to GWRC's Parks Network Plan Review was forwarded to Board members for their input. The Board has previously indicated that it wishes to make a submission on the review.	Late May 2018
