**Tim PARRY**

My principal place of residence is in the KAPITI COAST DISTRICT COUNCIL area.

The growth of Kapiti and environmental issues require careful management, however developing and growing the Kapiti economy need not be at the total expense of the ratepayer. Last year a decision was taken not to proceed with borrowing to invest in managed funds. This should never have been taken to a point of voting. I bring commercial experience and a consultative style and will challenge unsustainable commercial ideas. I will as much as possible ask for open accountability with fewer 'closed to public' meetings. I strongly support lower rate increases. The upcoming efficiency review of KCDC will identify key areas where savings can be made which in turn will assist minimal rate increases. Consultation and community involvement led by commercially savvy councillors is a combination that with the help of your vote will lead to a prosperous future for Kapiti.
