GAS 16/02/14 HERITAGE FUND ALLOCATIONS 2015-16 (CS-16-1781)

Mr Rob Cross, Programme Manager Biodiversity, spoke to report CS-16-1781, which summarises applications for grants from the Heritage Fund in 2015-2016 and makes recommendations on funding allocations. He said all applications met the criteria and merited support, and if all were allocated as recommended in the report then a total of \$31,257 would be granted. Mr Cross then gave a presentation comprising photographs of the sites of the 10 applications and advised what each application was for.

The Committee considered each application in turn.

The question was asked as to whether the application from State Highway 1, Ōtaki, met grant criteria given they had not raised 50% of the total project cost themselves. Rather, the funding had come from Greater Wellington Regional Council. Council officers confirmed that historically, if the landowner had been able to source funds from other entities as was the case here, then it was considered to have met the criteria. Council officers agreed to review the wording of the criteria to clarify that individual contributions can include funding sourced from other agencies. It was also noted the value of indirect costs such as labour are not outlined in the report and Council officers agreed to make that contribution clear in future.

With regards to accountability, Mr Cross confirmed written reports were not required, rather he personally maintained a watching brief on the projects.

MOVED (SCOTT/GAYLOR)

That the Grants Allocation Committee approves funding to applicants from the Heritage Fund as set out in the following table:

Project	Total Project Cost	Requested Assistance	Recommended Assistance
319 Mangaone North Road, Te Horo	\$7,000	\$3,500	\$3,500
