

Submission on notified proposal for plan change

About preparing a submission on a proposed plan change

You must use the prescribed form

- Clause 6, Schedule 1 of the Resource Management Act 1991 (RMA) requires submissions to be on the prescribed form.
- The prescribed form is set out in Form 5, Schedule 1 of the Resource Management (Forms, Fees, and Procedure) Regulations 2003.
- This template is based on Form 5. While you do not have to use this template, your submission must be in accordance with Form 5.

Your submission and contact details will be made publicly available

- In accordance with clause 7 of Schedule 1 of the RMA, the Council will make a summary of your submission publicly available. The contact details you provide will also be made publicly available, because under clause 8A of Schedule 1 of the RMA any further submission supporting or opposing your submission must be forwarded to you by the submitter (as well as being sent to Council).
- Section 352 of the RMA allows you to choose your email to be your address for service. If you select this option, you can also request your postal address be withheld from being publicly available. To choose this option please tick the relevant boxes below.

Reasons why a submission may be struck out

Please note that your submission (or part of your submission) may be struck out if the authority is satisfied that at least one of the following applies to the submission (or part of the submission):

- it is frivolous or vexatious
- it discloses no reasonable or relevant case
- it would be an abuse of the hearing process to allow the submission (or the part) to be taken further
- it contains offensive language
- it is supported only by material that purports to be independent expert evidence, but has been prepared by a person who is not independent or who does not have sufficient specialised knowledge or skill to give expert advice on the matter.

Submission on Proposed Plan Change 4 (Private) – Welhom Developments Ltd**REASON FOR SUBMISSION**

1. The Greater Wellington Regional Council (**Greater Wellington**) wishes to make a submission on Proposed Plan Change 4 (**the Plan Change**) pursuant to Schedule 1 clause 6 of the Resource Management Act 1991 (**the Act**). This submission is from Greater Wellington officers.
2. The Plan Change is to re-zone a site from Rural Lifestyle Zone to General Residential Zone and to add a new Development Area for the site with a Structure Plan and new site-specific policies and rules.
3. Responses to specific provisions are included in Attachment 1 and should be read alongside this letter.

Proposed Change 1 of the Regional Policy Statement for the Wellington Region

4. The Regional Policy Statement for the Wellington region (RPS) is a regional document that identifies significant resource management issues within the region and sets out the objectives, policies and methods to achieve integrated management of natural and physical resources for the Wellington region. The RPS was made operative on 24 April 2013.
5. Proposed Change 1 of the Regional Policy Statement for the Wellington Region (RPS Change 1) will implement and support the National Policy Statement on Urban Development 2020 and start the implementation of the National Policy Statement for Freshwater Management 2020. RPS Change 1 encourages more intensive urban development in appropriate locations, guides how Te Mana o Te Wai applies to

freshwater in the region, and strengthens existing provisions for indigenous ecosystems. Greater Wellington publicly notified its Decisions on RPS Change 1 on 4 October 2024.

6. Part of RPS Change 1 is a 'freshwater planning instrument' and therefore subject to the freshwater planning process under Section 80A and Part 4 of Schedule 1 of Act. The provisions that are part of the 'freshwater planning instrument' are now fully operative.

Protection of indigenous biodiversity

7. Greater Wellington appreciates the efforts to ensure that future development of the site prioritises the use of nature-based solutions to provide for climate change mitigation, adaptation, and resilience. The proposed provisions require the construction of onsite inland wetlands to provide flood storage capability for events up to a 1% AEP event and ensure a net-positive environmental gain. Greater Wellington considers the intent of those provisions is consistent with Policy CC.4, Policy CC.14, Policy 40A, Policy 40B, Policy 41, and Policy 42 of the RPS and Policy 24A of RPS Change 1.

Giving effect to Te Mana o te Wai

8. Greater Wellington notes the efforts to give effect to the Te Mana o te Wai hierarchy of obligations through the proposed provisions. The proposed provisions set out that the primary function of offset areas will be to create natural inland wetlands and the secondary function will be to provide flood storage and stormwater treatment functions. Greater Wellington considers the intent of those provisions is consistent with Policy FW.3 of the RPS.

RELIEF SOUGHT

9. Greater Wellington requests that amendments are made where sought in this submission, and any necessary consequential amendments.

FURTHER INVOLVEMENT

10. Greater Wellington wishes to be heard in support of its submission. We would also welcome the opportunity to clarify and further discuss the matters raised.

Yours sincerely

Nicola Arnesen
