REVIEW OF THE TRADE WASTE BYLAW (IS-18-685)**

Martyn Cole, Water and Wastewater Asset Manager spoke to this report. Two submissions have been received.

Mr Bill Carter noted in Te Atiawa’s submission that there was a concern around medical waste and in particular the management of funeral home discharges to the sewer system. A main concern is how the blood is dealt with from the embalming process, recognising this is culturally significant.

Mr Carter updated that Te Atiawa is in conversations with Council at present to address these concerns with the Bylaw and he appreciated the work that staff have done with Iwi to date.

The Chair thanked Bill Carter for his contribution to this discussion.

MOVED (Holborow/Howson)

That the Strategy and Policy Committee notes:

- **That two submissions were received on the DRAFT of Kāpiti Coast District Council Trade Waste Bylaw 2018**
- **That one submitter has asked to speak to their submission; and**
- **That a report will be presented to Council on 24 January 2019 with a recommendation from officers to either uphold or not uphold the submissions received and finalise the bylaw and policy review.**
