Proposed plan change 2 to operative district plan 2021

Q9. **My submission is: [include whether you support or oppose the specific provisions or wish to have them amended; and reasons for your views]**

I support the new proposed changes for land use and development but ask that the the proposal for tangata whenua to develop papakainga housing developments be extended to all property owners. As the housing crisis intensifies and pressures rise due to climate change, extended families of all cultural backgrounds she be able to look at the idea of living in separate housing on the same property. It means better community supports for those who are older or have disabilities etc and would make extended families more resilient to the challenges ahead.

Q10. **I seek the following decision from the Kāpiti Coast District Council: [give precise details]**

Extend the proposal to allow non-Maori to also explore papakainga developments on lots that are able to accommodate it. This would ensure connected families and better support and resilience for older people and those who require additional supports. It would also help ease the housing crisis by family members and committed groups of friends being able to cohabit on the same piece of land, sharing resources and supporting each other. I urge you to consider this.
