

TERRITORIAL AUTHORITY ANNUAL REPORT

1 JULY 2013 TO 30 JUNE 2014

KAPITI COAST DISTRICT COUNCIL

1. OVERVIEW OF DISTRICT LICENCING COMMITTEE (DLC) WORKLOAD

DLC's structure and personnel

The DLC Chairperson is Councillor Diane Ammundsen.

The DLC Deputy Chairperson is Councillor Murray Bell.

We have five list members as noted below:

- Hilary Wooding
- Samantha Sharif
- Michael Dodson
- Trevor Knowles
- Philip Parkinson

The Secretary of the DLC is Sharon Foss, Acting Group Manager Regulatory Services.

Prior to the change in the Act the Council had only one Licensing Inspector who covered both the administrative and inspector role and who was provided some support by the Team Leader, Environmental Health. To assist in managing the increased workload, as a result of the changes under the new Act, we now have two Environmental Health Officers learning the role and helping where they can and one Compliance Officer. In addition, the Team Leader Environmental Health has been spending at least 85% of her role in the alcohol area, and the Environmental Standards Manager has been acting as Committee Advisor.

Changes brought about by the new Act and the implementation of an associated quality assurance system within the Alcohol Licensing Team has shown we need to review the level of staff resource to manage this workload on a more permanent basis.

There has also been an increase in the time commitments of the District Licensing Committee and secretarial functions, which has not been accounted for in this increase in FTE.

This issue will form part of our resourcing considerations as we develop the draft 2015 Long Term Plan.

Any staff training undertaken relating to the Sale and Supply of Alcohol Act 2012

All of the DLC members and the Committee Advisor attended the standard DLC training.

The Liquor Licensing Inspector, the Team Leader, the Environmental Standards Manager and one Compliance Officer attended the NZILLI conference this year.

The Liquor Licensing Inspector, two Environmental Health Officers, the Team Leader, the Environmental Standards Manager and one Compliance Officer attended the collaboration training for agencies this year.

Two of the team attended advocacy training for hearings this year.

Two of the team attended warranted officer training this year.

Change in business compared with the District Licensing Agency under the Sale of Liquor Act 1989

This has been a big change for this Council. Previously the District Licensing Authority rarely met and most applications signed off “on the papers” were done so by the Secretary. These applications are now processed “on the papers” as required by the changes to the Act.

We have implemented a system of peer review for Inspectors reports where there was not one previously. The new peer review process ensures new staff are properly supervised and existing staff are complying with the new Act. This new process also ensures consistency amongst inspectors.

The Council began the implementation of a quality assurance system in December 2013 in relation to alcohol licensing.

DLC hearings or meetings

The DLC have had 14 Temporary Authority Hearings.

There has been one special licence hearing.

We have three off licence hearings scheduled for the future which will be included in next year's report.

Any noticeable trends or issues faced by the DLC

We suspect that Grocery Stores (four square types), especially those in low decile areas or that are located very close to a supermarket, will struggle in proving their principal purpose is food. This is because the revenue statements are based on gross sales figures and one of the most expensive items they sell are tobacco products. Initial applications do seem to show that it will be hard for most grocery stores to show that their gross revenue for food exceeds their gross revenue for tobacco.

2. DLC INITIATIVES

New initiatives adopted or tried by the DLC

The DLC introduced teleconferences for the Temporary Authority Hearings.

This year the DLC developed and sent out a quarterly newsletter to Licensees.

All individuals and groups who had applied for more than one special licences over the previous year were sent information on the changes brought about by the Act in relation to processing and assessing applications as well as fee changes.

We have met with a number of licensed clubs on request, to explain requirements under the new Act.

We are about to send out information to Grocery Stores on the changes to the Act. The information will specifically cover information on providing certified annual revenue statements, showing that their principal purpose is the sale of food, and ensuring they start work to comply with the Single Alcohol Area requirements.

3. LOCAL ALCOHOL POLICY

Does the Territorial Authority have a draft or provisional local alcohol policy? and if so, any comment on this?

The Kāpiti Coast District Council is in the very early stages of developing a local alcohol policy. The development has not progressed as quickly as initially planned for the following reasons:

- To allow the development of a Local Approved Products Policy to take priority.
- To assess the outcomes and implications of the first provisional LAP appeals - an approach that has been endorsed by the statutory partners.
- To ensure robust engagement with the community at all stages of development.

4. CURRENT LEGISLATION

Any comment on the Sale and Supply of Alcohol Act 2012?

Some of the application forms for on, off and special licences have become quite complicated due to the fact that the same application forms are used for new applications and renewals and applications relating to a conveyance or not. This change, in our view, has resulted in application forms that are no longer user friendly and a number of pages that are not applicable to an application.

It would be helpful for ARLA to clarify with Territorial Authority's whether, so long as the basic application information is received, the form could be separated out so applicants are only asked to provide the relevant information.

The Temporary Authority section, as it currently reads, does not make it clear that a police report is required. If a police report is not obtained, the only information the DLC will have to consider at a hearing, is the completed application form.

We would like the Ministry to reconsider the need to have a full meeting of the DLC for Temporary Authority Applications. There is very little information to be considered at these hearings and they could easily be completed on the papers.

5. ANY OTHER MATTER THE TA MIGHT WISH TO DRAW TO THE ATTENTION OF THE AUTHORITY

No further information to add.

6. STATISTICAL INFORMATION

Annual return

Please find enclosed as attachment A, the annual return for July 2013 to December 2013 (1989 Act reporting requirements).

Please find enclosed as attachment B, the annual return for January to June 2014 (2012 Act reporting requirements).

Current listing of Licensed Premises

Please find enclosed as Attachment C – the current listing of licensed premises.

If you have any questions please do not hesitate to contact Julie Lloyd, Environmental Health Team Leader on (04) 296 4695.
