#### **UPDATE: REVIEW OF RESERVES FUND PRIORITIES**

Due to staff illness an update was not provided but will appear on the next agenda.

Colin Pearce indicated that he would like the Otaki Beach area development to be put on the first order of priorities section of the Ōtaki Reserves Fund.

Stephen McArthur told the Board that they would need the support of Council and the Community Board to develop this and put processes in place. As part of the Annual Plan process the Council had identified this as an issue for the 2015 LTP.

Cr Gaylor told the Board that it had previously worked through the priorities on the Reserves Fund list. The things that are on the list had been there for awhile and it would be unfair to remove them. She also questioned who owned the land at the Beach and that someone should find that out before the process starts.

It was agreed that Council Staff will come back to the next meeting with the amount of money that would be required to get this underway.

The Board agreed to reconsider the Reserves Fund priorities including the process around advancing the Ōtaki Beach Development.
