

PAEKĀKĀRIKI COMMUNITY BOARD
MATTERS UNDER ACTION
As at 1 October 2013

Matters Under Action					
Item	Date Raised	Target Date	Matter	Responsible Officer	Action/Progress
1.		December 2013	Beach Road/ State Highway 1 intersection	Roading Asset Manager	NZTA had been monitoring and believed there was sufficient signage at this location and will not approve a CCTV warning sign.
2.	27/09/11	December 2013	Tilley Road sports field	Traffic Engineer	A line marking plan was given to the contractor. Broken yellow lines at Tilley Road and the left-hand side of Ames Street will be undertaken as soon as the line-marking crew are available and weather conditions suit.
3.	27/11/12	November 2013	Ames Street speed humps / carpark	CWB Coordinator/ Group Manager, Infrastructure Services	At the Ames Street residents held on 24 September, officers presented options. Agreement reached on new footpath but options need to be formally reported back to the Board on 12 November, including a no-right turn option out of Ames Street onto State Highway 1.
4.	29/1/2013	December 2013	Wellington Road – monitoring	Roading Asset Manager	<u>Paekākāriki</u> School has set up a team to design the gateway treatment and school entrance way etc. The School Zone Sign is to be moved south of Ocean Road and the synthite square to be positioned on Wellington Road adjacent to this. This will allow for more advanced warning to drivers of the Ocean Road crossing point. A group of parents will be involved in assessing the speed monitoring data once all the works have been completed.
5.	29/1/2013	December 2013	Coastal protection upgrade	Coastal & Stormwater Asset Manager	Two 'local experts' workshops were held and would be fed back into a report to the Board.

Matters Under Action

Item	Date Raised	Target Date	Matter	Responsible Officer	Action/Progress
6.	12/3/2013	December 2013	Arthur Thomas Clarke Trust	<u>Group Manager, Infrastructure Services</u>	The plaque for the seats had been ordered and we are awaiting delivery.
7.	4/6/2013	October 2013	Beach Road toilets	Traffic Engineer	The sign has been ordered and Downers will install over the next two weeks.
8.	July 2013	October 2013	Beach Road bike rack	CWB Coordinator	Location and number of racks confirmed, order placed, to be installed before the end of October.
9.	27/08/2013	March 2014	Visitor Information display boards	Group Manager, Infrastructure Services	Display history boards: illustrating sites of interest, activities, lists of local businesses, history etc. There was a budget for signage this year. The Board would consult.
