- it would be an abuse of the hearing process to allow the submission (or the part) to be taken further

Scope of submission

The specific provisions of the proposed plan change that my submission relates to are:
[give details]

1. opposition to the council utilising the report
1 Kapiti coast coastal hazards susceptibility and vulnerability assessment report Volume 2: Results (Jacobs volume 2) as a basis for the coastal qualifying matter precinct (ccmp)
2. Opposition to the council's interpretation & application of incps policy 24 (Hazard identification) and policy 25 (subdivision use and development in areas of coastal hazard risk)
3. opposition to the council's interpretation & application of Section 6 of the RMA
4. opposition to the inconsistent approach the council has adopted to providing for a qualifying area based on potential for coastal erosion.

I seek the following decision from the Kāpiti Coast District Council: [give precise details]

- (a) ~~Delete~~ ^{Replace} the proposal CQMP with a new enlarged area CQMP based on & further advancing the NZCPS objectives and policies already addressed in the district plan.
- (B) Delete the proposal CQMP which has been based on Jacobs Volume 2 report.
1. As a minimum CQMP to include all land identified as the "adaption area" in the Takutai Kāpiti GIS Map Viewer maps.
 - ii. Alternately if the council chooses instead to base the CQMP on coastal hazards identification, CQMP should include only that land and those properties that are currently identified in the district plan or within the no build & relocatable coastal hazard zones.
 - iii. The alternative above at (ii) is not CRU's preferred approach, however CRU submits it's the only lawfully defensible approach given the council's failure to implement NZPCSP policy 24 by not yet bringing forward proposed coastal hazard provisions under NZCPS 210 by a plan change specifically addressing these matters.
- c. such further & consecutive relief as is required to give effect to this submission.
