

KAPITI COAST DISTRICT COUNCIL
At Large (Districtwide)
Electing 5 Councillors

Chris TURVER

Independent

My principal place of residence is in the KAPITI COAST DISTRICT COUNCIL area.

There is no place quite like Kapiti but we face major challenges over the next decade and I want to play a positive and constructive part in making sure our District thrives.

Those challenges include the pressures of population growth, the emerging consequences of climate change, financial and debt management, creating more jobs, and supportive measures to deal with environmental and social issues.

To do that we need to build a more trusting and collaborative relationship between our Council and our growing population of 54,000

That means being more open about the issues we face and accountability for the results.

My public and private sector experience includes governance, local government, strategic planning, risk management, business and financial management, communications, and extensive community involvement.

It includes previously serving as your Kapiti regional councillor, CCDHB Board member, and chairman of your Electra Trust
