**Marcia JOHNSON**

My principal place of residence is in the KAPITI COAST DISTRICT COUNCIL area.

I have worked and lived in Kapiti for about 30 years, raising a family and knowing the community personally. During that time, I have worked in senior management and governance roles, gaining skills which have also been useful in volunteer efforts locally. My particular areas of expertise are quality management and tertiary education. I stand for a balanced budget with responsible spending to address current issues such as storm drainage and ecological sustainability. The community needs to be innovative to minimise rates increases. The local job market needs to be supported by attracting business and enterprise. Our youth need to be supported into productive activities. I have the skills and energy to devote to these causes on your behalf.
