I was told I could pull out whenever I wanted to, as I was sitting on the fence from the start. I was not sure from the beginning that we wanted to go residential now I am sure I want to stay rural. I want to keep as many animals I can and I don't want any problems from others. Yes I am worried about surface water.

If you need anything else, please feel free to phone as communicating via email is not always taken the right way.

Kind regards,

Kathryn Shufflebotham

Kia ora Kathryn,

Thank you for your email.

The hearing panel have requested further information regarding your written response and want to know how this relates to the notes in your original submission such as;

- Making sure that surface water does not come onto the property from other properties.
- Making sure you can keep sheep, chickens, horses, donkeys, bees, etc., on your property.

Can you please provide a written reply to this request (email is fine) by this coming Friday 6 December 2019.

Many thanks and kind regards,

Liana Cook-Auckram

Good afternoon Liana,

I would like to say I do not wish to go residential anymore. I have no Objection of anyone else going residential I would just like to stay rural if this is possible still.

Thankyou,

Kind regards,

Kathryn Shufdlebotham
