High density housing

Q9. **My submission is: [include whether you support or oppose the specific provisions or wish to have them amended; and reasons for your views]**

I understand and support the need for high density housing provided land is set aside for parks and recreation. It concerns me that Kapiti relies too heavily on the beach as it's playground and with climate change we will find its accessibility is much reduced. I work with families and children and am aware that families struggle to find no-cost recreational pursuits for their tamariki. Research is now stressing the importance of play and outside physical play in healthy brain development. I urge you to think of the mental and physical well-being of our community and plan for beautiful spaces that get children and adults out of their homes and enjoying nature.

Q10. **I seek the following decision from the Kāpiti Coast District Council: [give precise details]**

I would like to know what plans there are for physical outdoor spaces, the accessibility to high density housing and how much land is being set aside for this purpose of compensating for the loss of the traditional back yard.
