

2021 Representation Review

Paraparaumu-Raumati
Community Board Meeting

13 April 2021

What is a Representation Review?

- To establish whether Council's current democratic arrangements are fair and effective and ensure that representation meets our community's needs and expectations
- All Councils are legally required to complete a Representation Review every six years

There are three things to consider:

1. Identify **communities of interest** and how they are best represented - an area where one feels sense of community and belonging. They must be geographical and contiguous.
2. To ensure **fair representation** - each elected member represents about the same number of people (+/- 10% rule)
3. To establish **effective representation** - the number elected members, if wards, community boards etc

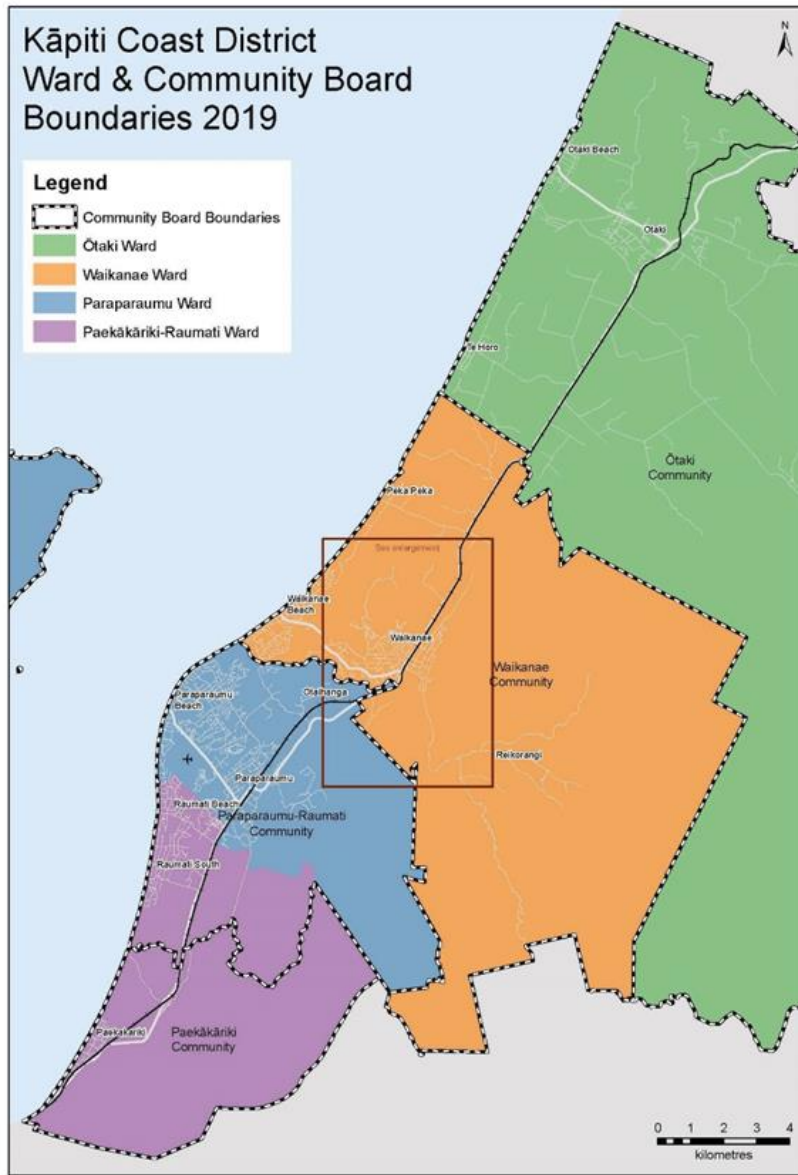

Current representation arrangements

- Mayor – elected district-wide
- +
- 10 Councillors – 5 elected district-wide and 5 elected from 4 wards
- +
- 16 community board members from 4 community boards
