DECLARATIONS OF INTEREST RELATING TO ITEMS ON THE AGENDA

There were no declarations.

KCDC 16/06/528

PUBLIC SPEAKING TIME (FOR ITEMS RELATING TO THE AGENDA)

1. Emeritus Professor and Acting Chair of the Mahara Gallery Board Les Holborow spoke on behalf of the Mahara Gallery Board to commend to Council the Memorandum of Understanding (MOU) and lease renewal document on today's agenda. The Board met last night and supported the proposals in full.

Eric Gregory arrived at 10.09am.

2. Kevin Ranshaw supported the previous speaker and thanked Council for its consideration and commended the MOU to Council.
3. Trevor Daniell spoke about his disappointment with the average rates increase of 4.58% which was above the rate of inflation and said that Council could have tried harder to keep rates affordable, as the median income in the District was \$13,000 below the national level.
4. David Roil spoke to his written statement about the Code of Conduct item.
5. Aldous McIvor spoke as the past convenor of Waikanae One about inaccuracies in the Code of Conduct report by Peter Chemis and the principles by which the group had operated.
6. Christopher Ruthe spoke about the Code of Conduct report saying Cr Michael Scott should apologise to Ms Smith.
7. Chris Mitchell spoke about the Code of Conduct matter, and referred to a letter he had written to the Chief Executive (copied to Councillors) about the Peter Chemis report which he found disappointing.
8. Salima Padamsey spoke about the Code of Conduct item and as she was representing Sue Smith the Mayor accorded her ten minutes speaking time. The Chemis report appeared biased, and Ms Smith had been victimized. She suggested that the Mayor and Cr Holborow should recuse themselves due to their previous comments about the matter.
9. Iride McCloy spoke about the Code of Conduct matter, both the one being considered today and past Codes of Conduct complaints and expressed concern at the bad impression this was creating of the Council.
10. Margaret Stevenson-Wright had registered as a speaker but was unable to attend and so Ms Padamsey spoke on her behalf about the Code of Conduct matter and Cr Michael Scott's behaviour.

CODE OF CONDUCT COMPLAINT

The Mayor explained how the process would be handled and foreshadowed a motion.

Senior Legal Counsel Tim Power introduced Peter Chemis the author of the screening report. He explained that a screening report was a preliminary report to assess whether the matter should progress to a full investigation.

Cr Elliott foreshadowed another motion, which would be dealt with if the Mayor's motion failed.

Peter Chemis described his approach to the task and the conclusion he reached, which was there had been a breach of the Code of Conduct. He explained why his finding was tested with Cr Michael Scott and why he believed that the context was relevant as a mitigation of the breach. He recommended that the matter not be further investigated as in his opinion its relative lack of complexity did not warrant further expenditure but this was a decision for Council.

Cr Elliott went and sat in the public gallery at 10.52am.

Mr Chemis commented that Council should take care not to use the Code of Conduct to politicise the complaint process. He believed that there was no problem with Cr David Scott participating in today's proceedings. Conversely Cr Michael Scott shouldn't vote or participate today apart from having his say about the complaint.

Cr Elliott clarified why she had moved to the public gallery and indicated she would remain there for the remainder of the question session.

Cr Elliott returned to the table at 10.59am.

In response to a question it was explained that Council had previously voted against a proposed process for dealing with Code of Conduct complaints.

A screening report had been done to mitigate Councillors' concern about the costs of a full-blown investigation. There was no covering officer report as it was not appropriate for staff to be involved in a complaint involving two Councillors. The screening report was not in public excluded session as the Code of Conduct stipulated that matters should be heard at a public meeting unless there were privacy concerns. The names of all concerned had already been in the media so privacy could not be protected. Ms Smith had been contacted for her views and she said that given the publicity there was no point to having a public excluded meeting.

The cost of Mr Chemis' work was queried and whether that constituted providing free legal advice to Cr M Scott.

Cr D Scott left the meeting at 11.27am.

The timing of Cr M Scott's participation in discussion was discussed from a natural justice point of view; his input was desirable before Councillors made a final decision.

Cr D Scott rejoined the meeting at 11.29am.

There was discussion about the process; with some saying having a screening report took the matter outside the process described in the Code of Conduct document. Mr Chemis explained that a screening report still met the Code's requirement for a report.

MINUTES	MEETING	TIME
KĀPITI COAST DISTRICT COUNCIL	THURSDAY 23 JUNE 2016	10.00 AM

Cr D Scott was invited to speak first as the complainant. He was concerned at the language used in the email to a resident, believed it was not appropriate behaviour for an elected member and hoped for an apology.

Cr Holborow refuted allegations made by public speakers regarding her stance towards the matter which she did not see as trivial. She said that a similar transgression earlier in the triennium resulted in no further action and there should be a consistent approach and an apology would be appropriate.

The point was made that if a breach had occurred and nothing was done this was a lowering of standards expected of elected members in relation to the community. Reference was made to White Ribbon principles.

MOVED (Mayor/Cardiff)

That the Council accepts the report of Peter Chemis and agrees to take no further action on this occasion.

It was suggested that this matter should be taken in two motions: one to establish whether or not Cr M Scott had breached the Code of Conduct, and if it was established he had, a second motion would decide what to do about it.

An amendment was moved:

MOVED (Bell/Gurunathan)

That Council accepts the report of Peter Chemis and accepts that Cr M Scott has breached the Code of Conduct.

A division was requested:

For the motion: Cr Cardiff, Cr Gurunathan, Cr Elliott, Cr D Scott, Cr Ammundsen, Cr Gaylor, Cr Welsh, Cr Holborow, Cr Bell

Against the motion: the Mayor

CARRIED

A further amendment was moved:

MOVED (Holborow/Ammundsen)

That Council accepts the report of Peter Chemis.

A division was requested:

For the motion: The Mayor, Cr Ammundsen, Cr Gaylor, Cr Holborow

Against the motion: Cr Cardiff, Cr Gurunathan, Cr Elliott, Cr D Scott, Cr Welsh, Cr Bell

LOST

The amended motion became the substantive motion and was debated.

Cr Cardiff asked for the record to show that he disassociated himself from this matter.

Cr M Scott was permitted by the Chair to read out a statement which included the following points:

MINUTES	MEETING	TIME
KĀPITI COAST DISTRICT COUNCIL	THURSDAY 23 JUNE 2016	10.00 AM

- He had received a number of emails from a group of people, sent not simply to him, which were intended to be rude, abusive and derogatory. Similar emails over the years had been directed at himself and members of the Waikanae Community Board, and, indirectly, at Council staff. Elected Members did not sign up for and are not fair game for this kind of abuse.
- The community continued to have a small but vociferous group who believe they can do and say whatever they like without objection. They want respect but show none.
- He did not accept Mr Chemis' report – in terms of his response to the group it was not abusive, intemperate or aggressive but careful and forthright. There was nothing untrue in his email response and he would continue to stand by it.
- Since then he, Destination Waikanae, and other business people have been progressing the thoughts brought together in the newspaper article.
- The electorate would decide his fate in October but currently he continued to receive ongoing support from Waikanae ratepayers who want him to take forward work around the Waikanae Town Centre upgrade.
- What Council may do today in passing the motion was to raise the bar for all Elected Members to an extraordinarily high level because from now on the only safe response they could give to anyone would be to thank them for their email and say no more, which would be a sad place for elected representatives of this community to end up.

The substantive motion was repeated and put:

That Council accepts the report of Peter Chemis and accepts that Cr M Scott has breached the Code of Conduct.

A division was requested:

For the motion: Cr Cardiff, Cr Gurunathan, Cr Elliott, Cr D Scott, Cr Ammundsen, Cr Gaylor, Cr Welsh, Cr Holborow, Cr Bell

Against the motion: the Mayor

CARRIED

A motion was proposed: 'That Council proceeds to a proper process in accordance with the Code of Conduct' but this failed for want of a seconder.

Consideration moved to a penalty for the breach. The Code of Conduct specified three possible actions: censure, removal from Committee membership, or removal as Committee Chair. It was clarified that this did not rule out other options.

A motion was moved asking Cr M Scott to apologise to the party in question. Clarification was sought whether Council could pass a motion which was unenforceable.

MOVED (Gurunathan/Welsh)

That Council requests that Cr M Scott apologise to Sue Smith.

An amendment 'That Council requests that Cr M Scott apologise to Sue Smith and is censured by Council' was proposed. The amendment failed for want of a seconder. Advice was provided that an apology was probably not precluded but the risk of judicial review could be increased if Council pursued this path.

MINUTES	MEETING	TIME
KĀPITI COAST DISTRICT COUNCIL	THURSDAY 23 JUNE 2016	10.00 AM

Another amendment was proposed.

MOVED (D Scott/Elliott)

That Council will censure Cr M Scott if he does not apologise to Sue Smith.

LOST

The original motion 'That Council requests that Cr M Scott apologise to Sue Smith' was **CARRIED**

MOVED (Gaylor/Ammundsen)

That Council takes no further action on this matter.

Cr Elliott left the meeting at 12.42pm.

A division was requested:

For the motion: Cr Cardiff, Cr Holborow, Cr Ammundsen, Cr Gaylor, the Mayor

Against the motion: Cr Bell, Cr Welsh, Cr D Scott, Cr Gurunathan

CARRIED

The meeting adjourned at 12.43pm and reconvened at 1.17pm.

Cr Gurunathan left the meeting.

ADOPTION OF *FUTUREKĀPITI* 2016/17 ANNUAL PLAN (SP-16-1926)

Stephen McArthur and Kevin Black spoke to the report. The process to date was summarised. A number of corrective pages were tabled but this had no substantive impact on considerations today.

An explanation was provided as to the differing bases for different rates imposed across the District.

Staff were thanked for their hard work. A number of Councillors expressed disappointment that they had not been able as a group to achieve a lower rates increase but this was no reflection on the work of staff.

MOVED (Mayor/Ammundsen)

Council:

Notes the process followed to develop, consult and finalise the 2016/17 *FutureKāpiti* Annual Plan

Notes that overall financial decisions made by Council on 9 June 2016 are included as part of the 2016/17 *FutureKāpiti* Annual Plan including the recommended average rates increase of 4.58% for the 2016/17 financial year

RENEWAL OF AGREEMENT FOR THE UPGRADE OF THE MAHARA GALLERY (Corp-16-1924)

Wayne Maxwell introduced the report. This is a continuation of the current agreement, with a governance group comprising representatives from both sides overseeing the development.

The community would be asked to input to the design phase.

Cr Welsh left the meeting at 1.43pm.
