

OIR: 2425/1347

13 May 2025

Tēnā koe ,

Request for Information under the Local Government Official Information and Meetings Act 1987 (the Act) (the LGOIMA)

Thank you for your email of **28 April 2025** requesting the following information:

- 1. The old tip land over from the back of the Village, could you find out if the Council have covered the old tip area in plastic and do they hold a compaction Certificate for that area.***

The landfill is not lined, which is common for landfills of this age. There are no compaction requirements, but it has been capped in line with landfill management guidelines at the time.

- 2. Do the Wetlands areas flood.***

Yes, by definition wetlands flood to varying degrees. The landfill was not shown to flood from the Greater Wellington Regional Council flood modelling, however KCDC's new draft flood model does show parts of the south western part of the old landfill being susceptible to flooding in a 1% Annual Exceedance Probability [1 in 100 year] event.

- 3. Are the Wetland areas controlled for mossies (Deisel spray)***

No.

Ngā mihi,

Sean Mallon

Group Manager Infrastructure and Asset Management
Kaiwhakahaere Rōpū Anga me te Whakahaere Rawa

Please note that any information provided in response to your request may be published on the Council website, with your personal details removed.
