Submission

Proposal 1: Three waters funding
Which option should we choose? (select one option)

Option 1: Fund \$4.7 million shortfall with an additional 5% rates increase in Year 1.

Would you like to expand on your answer for option 1?

Rather not do this, but seems the most practical solution.

Proposal 2: Proactively reduce Council's debt
Which option should we choose? (select one option)

Option 2: Apply average rates increases of 7% per year from 2025/26 to 2033/34

Proposal 3: Transfer Council's housing for older people
Which option should we choose? (select one option)

Option 1: Transfer our older persons' housing assets to a new Community Housing Provider

Would you like to expand on your answer for option 1?

I am trusting kcc that this option only helps Kapiti residents!!!!

New climate action rate

Which option should we choose? (select one option)

Option 1: Introduce a new targeted climate action rate based on a property's capital value rather than the current land-value based general rate

Would you like to expand on your answer for option 1?

I only choose this option if kcc guarantee that this extra rates income is 100 % put towards climate change and nothing else!!!
