Hearings Information

If you wish to speak to your submission we will contact you to arrange a time. Hearings will take place on Thursday 9 November 2017.

Do you want to speak to the council in support of your submission? No

We are keen to get your views on whether Kapiti should enable Easter Sunday shop trading by putting a local trading policy in place.

If Council adopts an Easter Sunday shop trading policy, all shops can open for business on Easter Sunday.

If Council does not adopt a policy, only the few shops currently permitted by law to open would be able to open.

Do you want Council to adopt an Easter Sunday shop trading policy? No

If NO, why?

Sunday trading on Easter Sundays should have all businesses and shops closed.

There are already enough trading days over the weekend, let the shopping staff have a chance to have a holiday. Granting Easter Sunday trading will bring pressure to open on the statutory holidays.

Hearings Information

If you wish to speak to your submission we will contact you to arrange a time. Hearings will take place on Thursday 9 November 2017.

Do you want to speak to the council in support of your submission? . No

We are keen to get your views on whether Kapiti should enable Easter Sunday shop trading by putting a local trading policy in place.

If Council adopts an Easter Sunday shop trading policy, all shops can open for business on Easter Sunday.

If Council does not adopt a policy, only the few shops currently permitted by law to open would be able to open.

Do you want Council to adopt an Easter Sunday shop trading policy? No

If NO, why?

Everyone needs the chance to have a day for themselves. Only 3 1/2 days for shops to be closed, surely we can survive that!

I support making easter sunday a normal trading day in that it takes the pressure off shoppers needing to stockpile to cover the whole of the easter period.

Consumerism is a blight on our society, we don't need more days to be consumers! Workers in retail who are probably paid little, need to have more of the statutory holidays available.

Attracts visitors and income to the area - noticed we get a lot of out of towners to the coast. I do occasionally get asked why shopping centres etc. are not opened? Got to be good for the Coast.

Hearings Information

If you wish to speak to your submission we will contact you to arrange a time. Hearings will take place on Thursday 9 November 2017.

Do you want to speak to the council in support of your submission?

We are keen to get your views on whether Kapiti should enable Easter Sunday shop trading by putting a local trading policy in place.

If Council adopts an Easter Sunday shop trading policy, all shops can open for business on Easter Sunday.

If Council does not adopt a policy, only the few shops currently permitted by law to open would be able to open.

Do you want Council to adopt an Easter Sunday shop trading policy? Yes

If YES, why?

Because they should have a right to. Just because its a holiday stupid.

Because I think in a modern OECD country its a nonsense to cling on to mid 20th century legislation.
Its just flat earth thinking and the more commerce the better for the region. Lets do this!

For the health of our society. There are too few occasions when the shops are closed, and these rare times provide a day of slowing down, of quietness and reflection. They enable families to be together. There is less traffic on the roads, For me, Easter Sunday without shop trading is a relief - a rest from the flurry and noise of the rest of the year. For those of a Christian disposition, it's important to have this time and space.

To safeguard for the community one of the few remaining days in the year when retail workers are not obliged to work and shopping is not an option for the public...The reasons for Easter trading seem to be driven purely by commercial interests - which can be met on pretty much every other day of the year.

If YES, why?

I see no reason why shops should be required to be closed on Easter. We are a secular and diverse community. If a business chooses to close on Sunday then that is their option but it certainly shouldn't be imposed by law. We are not all of one faith!!! Lets move into the 21st century please. I don't think an employer should require staff to work on a religious holiday..there can be a negotiation. No one should be disadvantaged if they choose to be home with family. There are many people who are quite happy to work on Easter Sunday. Can we try to meet half way?

It would enable local businesses freedom to trade if they so wish to do so. They are not mandated. It is simply giving them a choice. Those that do choose to open can then offer services that would otherwise not be available. It's called 21st Century progress. Who knows, it might bring a few more tourists into our district if they recognise that Paraparaumu no longer has tumble weed blowing down our streets on some public holidays.

*If Council adopts an Easter Sunday shop trading policy, all shops can open for business on Easter Sunday.
If Council does not adopt a policy, only the few shops currently permitted by law to open would be able to open.*

Do you want Council to adopt an Easter Sunday shop trading policy? Yes

If YES, why?

- The ability for retail businesses to trade over Easter creates an 'open for business' attitude for the region which assists in marketing the area to Easter holiday-makers and tourists as a whole. This is important in the overall perception of the region which if improved will hopefully have a flow on effect for our Accommodation and Hospitality members.
- Hospitality businesses in commercial areas have a mutual relationship through a shared customer base with the retail businesses who are affected by the shop trading hour restrictions over Easter. The ability for retail customers to choose to shop over this time will potentially increase foot traffic and have the flow-on effect of increasing patronage in hospitality businesses.

Through membership servicing of approximately 3,000 members throughout New Zealand, Hospitality New Zealand is able to gauge the views and experiences of a wide variety of New Zealand hospitality businesses including restaurants, café, bars, hotels, motels, taverns, off-licenses, casinos and a wide array of short and long-term accommodation providers.

Membership of Hospitality New Zealand is voluntary, is primarily funded by member subscriptions and comprises predominantly small businesses. There is also a perception that Hospitality New Zealand, through its advocacy, speaks for and represents the interests of the hospitality industry as a whole.

Because the majority of hospitality businesses are excluded from the shop trading hours restrictions due to the provision of food, any changes or status quo to Kapiti Coast District Council's decision on shop trading hours will not affect the majority of our membership's ability to trade. The major impact of Easter trading on most hospitality businesses is the restriction on the ability to serve alcohol when members of the public are not on-site for the purpose of dining, which is not part of this proposed policy.

However, Hospitality New Zealand Wellington Branch supports the proposed shop trading hours' policy in principle for the following reasons:

- The ability for retail businesses to trade over Easter creates an 'open for business' attitude for the region which assists in marketing the area to Easter holiday-makers and tourists as a

whole. This is important in the overall perception of the region which if improved will hopefully have a flow on effect for our Accommodation and Hospitality members.

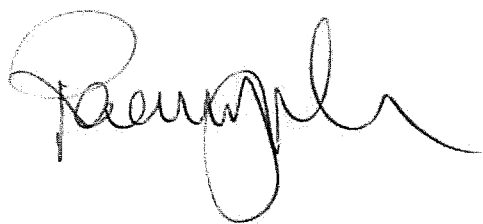

- Hospitality businesses in commercial areas have a mutual relationship through a shared customer base with the retail businesses who are affected by the shop trading hour restrictions over Easter. The ability for retail customers to choose to shop over this time will potentially increase foot traffic and have the flow-on effect of increasing patronage in hospitality businesses.

In Conclusion:

Hospitality and Retail are important industries for the international and domestic tourist market. The ability for both of these sectors to trade over a known holiday weekend will increase the regions' appeal to holiday-makers and locals alike. Hospitality business can directly benefit from increased foot traffic and visitors to an area while retail is open. The Act is specific in that it doesn't have any mandatory requirement for businesses to open, nor can a business force an employee to work. By allowing for the removal of shop trading hour restrictions over the Easter period, people will have the freedom of choice to shop, dine or otherwise during this period.

It is for these reasons that Hospitality NZ supports the removal of restrictions on trading hours in the Kapiti Coast.

We do not wish to be heard on our submission

Hearings Information

If you wish to speak to your submission we will contact you to arrange a time. Hearings will take place on Thursday 9 November 2017.

Do you want to speak to the council in support of your submission? . No

We are keen to get your views on whether Kapiti should enable Easter Sunday shop trading by putting a local trading policy in place.

If Council adopts an Easter Sunday shop trading policy, all shops can open for business on Easter Sunday.

If Council does not adopt a policy, only the few shops currently permitted by law to open would be able to open.

Do you want Council to adopt an Easter Sunday shop trading policy? Yes

If YES, why?

I think it will be good for retailers and the community at large. It will draw people to the community on this weekend - particularly weekend spots like Paraparaumu Beach.
