

KAPITI COAST DISTRICT COUNCIL
At Large (Districtwide)
Electing 5 Councillors

Rosalind DERBY

My principal place of residence is in the KAPITI COAST DISTRICT COUNCIL area.

I undertook the streetscape redesigns in the early '80's to transform the network of streets within Herne Bay and Ponsonby into leafy, outdoor rooms.

In the late 80's I engineered the original scope for the opening up of Wanganui CBD to the river front.

I project managed the community led volunteer restoration of the Stables in the Park Barn at Queen Elizabeth Park, engaging the construction contract with Greater Wellington Council Having been visiting Kapiti with my family all my life, first camping, then baching, I moved here permanently in 1999, setting up my architecture practice in 2005.

We need to hero design thinking and practice in galvanising organisational thinking. Kapiti needs this approach now and into the future.

Let's be working to make it happen with councillors, staff, local designers, at a world class level.

Looking forward to discussing the local with you during this campaign. Public Space Matters.
