

24 April 2019

**Request for Official Information responded to under the Local Government and Official Information and Meetings Act 1987 (LGOIMA) – reference: 5261402**

I refer to your information request we received on 13 April 2019 regarding the area of land on the north side of Poplar Avenue.

You have requested "*what protection/s does the Register provide to the land, especially in light of this area now being surplus to NZTA roading requirements.*"

**Council response regarding your request**

Schedule 3.1 of the Proposed District Plan identifies K131 as an ecological site. Chapter 3: Natural Environment has specific rules and standards relating to ecological sites and particular activities which are undertaken within or in close proximity to an ecological site. A resource consent may be required for certain activities. These are listed in Table 3A.1.

Please click on the Chapter 3: Natural Environment link below for more information on the protections and relevant rules and standards relating to ecological sites.
