Proposed Plan Change 2 to the Operative Kapiti Coast District Plan 2021.

Submission

My submission is: *[include whether you support or oppose the specific provisions or wish to have them amended; and reasons for your views]*

I fiercely oppose the proposed plan to allow construction of up to three 3 storey residential units on most sites. I have always loved the way NZ has mostly 1 storey houses, sometimes 2. Kapiti especially has a lovely open, private, comfortable feel with this style of housing, which is predominantly built in our region. High rise and tight in-fill building generates a feeling of stress and anxiety which I do not believe creates a good environment and NZ would be well to steer clear of. The thought of someone building a 3 storey dwelling in my backyard fills me with horror. For many that would result in more noise, congestion, being overlooked, losing privacy, reduce value of their house and many other detrimental effects. I agree that there should be increased levels of development especially around transport hubs but NOT more than 2 level dwellings, unless it is on a new subdivision well away from current housing. PLEASE follow Christchurch's example and say NO to the governments ridiculous policy.

Continue on a separate sheet if necessary

I seek the following decision from the Kāpiti Coast District Council: *[give precise details]*

I employ the Kapiti Coast District Council to listen to the people of Kapiti who do NOT want up to three 3-storey residential units on most sites and reject the proposal.
