

Waste Levy Fund for Community Projects

Fund Criteria & Application Guidelines

2021/22 funding round

Aim

The Waste Levy Fund for Community Projects seeks to support practical waste minimisation projects which encourage community participation and education and/or are of benefit to the community of Kāpiti and lead to long term waste minimisation action and behaviour change.

Who can apply?

The Fund is open to community groups, businesses, Iwi/Māori organisations, educational institutions, neighbourhood groups of at least five households, and other community-based organisations.

How much funding is available?

Progress reporting and notification of project completion

Unless otherwise agreed, projects are expected to have started within three months of approval of funding and, for short-term projects, progress must be completed within 12 months of receipt of funding. For longer-term projects, progress towards agreed upon targets must be made within 12 months of receipt of funding.

The applicant must notify the Waste Minimisation Advisor once the project has been completed and accompany this notification with a final report on the project. The final report must include an estimate of the amount of waste minimisation as a result of the project; this may be obtained by conducting a follow-up waste audit or other means. You will be asked to submit proof of purchase for any equipment or travel costs with your final or progress report.

The Council reserves the right to visit any project or use it for promotional purposes where grant assistance has been given. In all cases the applicant will be notified of a visit.

The Council reserves the right to suspend or refuse further grant payments if, in the opinion of the Grants Allocation Committee (Waste Levy), the grantee wilfully or through neglect causes the project to fail. The decision of the Council shall be final and there shall be no rights of appeal or review, and no right to compensation or damages of any nature.

If the project fails or finishes early for any reason, then Kāpiti Coast District Council may require any equipment purchased with grant money to be transferred to it for reallocation to another project.
