intensified building

Q9. **My submission is: [include whether you support or oppose the specific provisions or wish to have them amended; and reasons for your views]**

Although we need growth in the Kapiti Coast District Council, it should not come at the expense of the character of the district. That would be short sighted and reduce future attraction for the area. Particularly Otaki has a special character as laidback coastal community, something that does fit with intensive building. Let's not destroy what we all appreciate in this community in the current zealous spirit of growth and not leave it to be enjoyed by future generations. We have already lost something with the new rules on where people can build on their section, let's not aggravate that by allowing intensive building.

Q10. **I seek the following decision from the Kāpiti Coast District Council: [give precise details]**

Make the selection of areas for intensive building (both in density and height) judiciously with input from community.
