Submission

Proposal 1: Three waters funding
Which option should we choose? (select one option)

Option 2: Fund \$4.7 million shortfall by taking on debt each year.

Would you like to expand on your answer for option 2?

This is an investment for the future so appropriate to take on debt.

Proposal 2: Proactively reduce Council's debt
Which option should we choose? (select one option)

Option 3: Apply average rates increases of 6% per year from 2025/26 to 2033/34

Would you like to expand on your answer for option 3?

Reared increases should be kept to a minimum and all efficiencies explored.

Proposal 3: Transfer Council's housing for older people
Which option should we choose? (select one option)

Option 2: Older persons' housing is delivered by an existing Community Housing Provider with less influence from Council

New climate action rate
Which option should we choose? (select one option)

Option 2: Make no change to how we allocate funding our climate change activities

Is there anything else you'd like to tell us about this LTP?

There is no mention of the airport precinct in the plan. It's important to keep the airport to keep options open - very hard to build a new one. Especially important as the first electric planes are coming, wick we will ideal for short regional routes. Be great to have a shuttle bus from the airport to the train.
