### Explanatory memorandum

*This memorandum is not part of the determination, but is intended to indicate its general effect.*

This determination comes into force on 1 July 2019 and expires on the close of 30 June 2020.

Over the past 2 years, the Remuneration Authority (the **Authority**) has conducted a major review of the local government sector remuneration, which included extensive consultation. As a result of the review, the Authority decided to make 2 changes to the way in which local government remuneration is set. First, it adopted a set of revised and updated council size indices (one each for territorial authorities, unitary authorities, and regional councils); and, secondly, it decided to introduce a more locally responsive way of setting members' remuneration. It should be noted that the remuneration of mayors, regional council chairpersons, and community board and Auckland local board members is not included in the second change.

#### *First change: revised and updated council size indices*

The first alteration, revised and updated council size indices, resulted in changes to council rankings on their relevant index. The new sizes relate to the size of the governance role of each council, based on a number of indicators. The size rankings are not related to the number of councillors on any council and will not be affected if councillor numbers increase or decrease in future. As well as changes to the size indices, the Authority has created a local government pay scale, generally using parliamentary remuneration as a comparator. Christchurch City Council (the largest council aside from Auckland) sits at the top of the council pay scale. For smaller councils, the bottom of the pay scale is set by a pro rata proportion of the average annual wage. Because of their extreme sizes, Auckland and Chatham Islands councils will sit outside the range of the pay scale.

The Authority began introducing the changes to the index rankings in the Local Government Members (2018/19) (Local Authorities) Determination 2018 (the **2018 Determination**), which are continued in this determination. The changes will be fully

completed following the 2019 local election, when the second part of the new approach will also be applied. These changes involve a major reassessment of the existing rates paid to councillors. Implementation of the new approach over a period means that, between 1 July 2018 and October 2019, changes to remuneration for elected local government members will have varied to a considerable degree between councils, rather than being an overall consistent percentage increase. For some, there will be no movement over this time, whereas for others there will be a substantial increase, reflecting the Authority's new assessment of the size of councils' responsibilities.

*Second change: how the Authority sets councillor remuneration*

The second alteration is in the way that the Authority sets councillor remuneration.

Under the system used for the past several years, the Authority has set a base councillor rate for each council, then for each council a sum equivalent to the base pay of 2 councillors has been set aside to pay extra remuneration to those undertaking positions of responsibility, such as deputy mayors or chairpersons of committees. In each case, the councils themselves make recommendations to the Authority on how the pool should be allocated, and those recommendations are then considered by the Authority before making its determination. This is how remuneration has been determined in *Schedule 1* of this determination, which applies from 1 July 2019 until the end of the day on which the official result is declared for each new council following the local government election on 12 October 2019.

Under the new approach, the Authority has created a total "governance remuneration pool" for each council, reflecting the ranking of that council on the index (*see* the table at the foot of this explanatory memorandum). The size of each pool does not correspond to the number of councillors on each council, which ranges from 6 to 16 (excluding Auckland). The governance pool is the total amount of money that the Authority has determined is available to pay councillor remuneration per annum. When each new council takes office following the 2019 local election, the council will be invited to give the Authority recommendations for how its pool should be distributed among the council members. The recommendations will include a rate for base councillor remuneration and rates for all positions of responsibility. The Authority will then consider the councils' recommendations before determining the remuneration payable to members.

*Mayors, regional council chairpersons, Auckland local board members, and community board members*

The second change to local government remuneration (ie, the introduction of the governance remuneration pool) does not apply to mayors, regional council chairpersons, Auckland local board members, or community board members. Remuneration for mayors and regional council chairpersons will continue to be set individually by the Authority and will reflect each council's ranking on the relevant size index. The largest role in local government (the Mayor of Auckland) has been generally benchmarked around the remuneration of a Cabinet minister and will not exceed that level.

The Authority has developed a separate size index for Auckland local boards that is not the same as the indices for territorial, unitary, or regional authorities. It takes into account the singular characteristics and accountabilities of Auckland local boards, including their representational responsibilities for (in many cases) large populations. The Authority contemplated a pool system for Auckland local boards, but ultimately did not implement this because the Auckland local boards have no formal positions of responsibility aside from their deputy chairpersons. For that reason, the Authority will continue to set remuneration for Auckland local board chairpersons, deputy chairpersons, and members. Based on the new local board size index, there are some differences between boards in the level of remuneration increases of local board members in this determination as the new system is phased in.

The Authority reviewed the position of community board members as one of the final parts of its overall review of local government remuneration. The Authority's original thesis was that, because community boards are part of the governance apparatus of councils, their costs should be included in the governance pool for each council, which would be the same size pool regardless of whether or not a council had any community boards.

However, the data the Authority examined indicated such massive variances in roles and powers, in per capita representation, and in cost that it was unable to rank community boards in any sensible order. As a result, the Authority decided that, for the time being, it would have significant difficulty creating a robust index that could be incorporated into the overall approach to the remuneration of councillors. In this determination, the Authority has applied an across-the-board increase of 2% to most community board members, reflecting the Labour Cost Index for the public sector for the year ended 30 March 2019. A small number of community boards have received no increase because their remuneration costs per capita are significantly higher than those of most other community boards.

Despite the above approaches, the Authority has applied a minimum level of remuneration even for smaller community boards representing tiny populations. Members of those boards need fair payment, even if it were just considered a meeting attendance fee, so the Authority has increased their remuneration to the minimum level of \$2,000 before tax.

For the time being, if a council delegates significant powers and functions to 1 or more community boards and, as a consequence, recommends that the Authority increases the remuneration of their community board members, the additional funds will come out of the council's governance remuneration pool.

Where the numbers and relative size of community boards within a territorial authority have changed as a result of a representation review that will apply from the date of the 2019 local elections, the remuneration of community board members has been specifically assessed to reflect the changes.

### *Motor vehicles*

The annual remuneration for a mayor or regional chairperson, shown in *Schedule 1* and *Schedule 2*, is their total remuneration and it includes the annual value of their motor vehicle entitlement. If a council provides its mayor or regional chairperson with a motor vehicle, there is a consequent salary reduction. The rules for the calculation of the benefit are in *clause 9* of this determination and also on the Authority's website.

Upper limits on the purchase prices of petrol/diesel and electric/hybrid motor vehicles (including on-road costs and goods and services tax paid) were set by the Authority in the 2018 Determination and have not been changed. These upper limits take account of the vehicle being fit for purpose, the safety of the driver, and fairness to the rate-payers. For this determination, the Authority reviewed the maximum purchase rate for motor vehicles and decided to retain the current levels. However, it recommends that all councils utilise the All of Government procurement process to optimise the value of their purchases. The new purchase price limits do not apply to existing motor vehicles currently provided to mayors and regional chairpersons. In those cases, the actual purchase prices are grandparented until the existing vehicles are replaced.

### *Allowances*

The vehicle mileage allowance rates (*clause 11*) have been updated to reflect the new kilometre rates for self-employed people and employees published by the Inland Revenue Department on its website as at 7 June 2019.

The communications and travel time allowances for members have not been changed this year and the details are in *clauses 12 and 13* and on the Authority's website.

This year, for the first time, the Authority has introduced a childcare allowance for members who have responsibility for caring for children under the age of 14 years. The allowance is a contribution towards expenses incurred by the member for the provision of childcare while the member is engaged on local authority business. The allowance is capped and is subject to certain conditions outlined in *clause 14* of this determination.

Payment of any or all of the allowances is at the discretion of each council. All the allowances included in this determination are reviewed annually.

### *Governance remuneration pool table*

The table below sets out the local government governance remuneration pools for councillors that will apply on and after the day after the date on which the official result of the 2019 local election of members for an individual council is declared, for the purpose described above.
