SUBMISSION TREVOR AND SALLY SUTTON, 31A TIEKO STREET.

- We would not support this activity if it were planned to use TIEKO STREET as an access for site vehicles during the construction period. To minimise disruption to existing residents during a potential long duration construction period, we would require construction and support vehicles to access the site using the alternative entrance to the activity on OTAIHANGA RD.
- The planned footpath along TIEKO STREET should be on the Eastern side of the road, which is the same side as the planned development, and crosses less residential driveways along the length of that side of the road.
