MATARIKI AHUNGA NUI

A TIME OF ASSEMBLY FOR THE PEOPLE

MATARIKI HUNGA NUI

In the beginning . . .

Our connection to the land some say, began with the stars and the heavens. Matariki has been and still is, a time to remember the past and a time to restore faith and hope for the future.

Traditional Māori lore tells of creation from Io Matua Te Kore (Io parent of the nothingness) to Te Ao Marama (the world of light).

Matariki is deeply embedded in Māori culture, acknowledged and revived through art, song, proverbs, stories and genealogy.

Like other peoples around the world, Māori looked to the heavens and noted the travel pattern of the stars and knew their rising and setting meant seasonal change.

The appearance of Matariki determined how to prepare the land. If Matariki appeared clear and bright, the weather would be warm and the harvest plentiful. If blurred and hazy, the weather would be cold and the harvest poor.

“Ngā kai a Matariki, nāna i ao ake ki runga”

Matariki scoops up the food, signifying the necessity of planning and preserving food for the winter.

This whakatauki (proverbial saying) reminds us that the work should be completed by the time Matariki rises in late May or June.
