## 1. Building consents

Applicants are required to pay the full fee for the consent at the time of application.

Under some conditions, applicants may be required to pay additional fees when processing is completed. This will include fees for development levies, additional inspections, re-assessment, alternative design/details, and other fees required under the Building Act 2004.

The inspection fee is estimated on the number of inspections required for the type of work. A refund will be issued for any amount exceeding the actual number of inspections. If additional inspections are required, they will be charged at the rate applicable at the time they occurred and will need to be paid before we issue a code compliance certificate. The building consent fee includes inspection fees only as shown for minor works.

The fees exclude BRANZ, MBIE, and accreditation levies, and refundable deposits which are scheduled in the 'other fees' section and are additional to the building consent fees.

The building consent fees in the following table include the plan vetting and digital storage charges and costs associated with scanning hard copy applications or alternatively paying application costs for electronic applications received through the portal. The building consent fees (other than minor works) include the fee for provision of electronic copy of a building consent.

<b>Minor work</b> (Includes one or two inspections as indicated. Additional inspections will be charged at \$185 per hour.)	<b>Current fee (24/25)</b>	<b>Proposed Fee (25/26)</b>

## 6. Resource management

Resource management fees are payable when:

- you apply to the Kāpiti Coast District Council to undertake an activity which is not otherwise permitted by the Resource Management Act 1991 or the district plan
- you lodge a request to change the district plan (commonly known as a “private plan change”).

Resource management fees are also payable for a range of other activities as set out at the end of this section.

Resource management fees are set under Section 36 of the Resource Management Act 1991. Initial deposit fees are set under section 36(1) and must be paid before we start processing your application or request. Further charges will be incurred if additional time is spent processing the application or request, or if disbursement costs are incurred, which are over and above the allocated time provisions (see “Hourly Charge Out Rates and Disbursements”). Progress invoices will be issued regularly for time incurred.

If any charge for an application or request is not paid by the due date, Kāpiti Coast District Council reserves the right under Section 36AAB(2) of the Resource Management Act 1991 to stop processing the application or request. This may include the cancellation of a hearing or the issuing of a decision. If a hearing is cancelled or postponed due to the non-payment of a charge, the applicant or requestor will be charged for any costs that may arise from that cancellation or postponement.

Please also note specifically in relation to applications for resource consent:

- under Sections 88G and 88H of the Resource Management Act 1991, the applicable statutory timeframe will not commence until the initial deposit fee is paid
- in accordance with the Resource Management (Discount on Administrative Charges) Regulations 2010, discounts shall be paid on administrative charges for applications that are not processed within statutory timeframes.

## 13. Alcohol licensing

The application fee applies to applications for new licences, renewals of licences and variations to licences. Application fees are payable on date of application. Annual renewal fees are payable on the anniversary of the date the licence was issued.

In the case of a new licence, the annual fee must be paid prior to the issue of the licence.

In the case of an existing licence, the annual fee is payable on the anniversary of the original licence issued date.

The Sale and Supply of Alcohol (Fees) Regulations 2013 (the Regulations) are regulations to the Sale and Supply of Alcohol Act 2012. The Regulations include a fee regime for licensed premises and other types of licensing applications based on a risk-based fee structure for licensed premises which applies to both application fees and annual fees.

### **Kāpiti Coast District Alcohol Licensing Fees Bylaw 2024.**

Pursuant to the Sale and Supply of Alcohol Act 2012 and the Sale and Supply of Alcohol (Fee-setting Bylaws) Order 2013, Council has adopted the Kāpiti Coast District Council Alcohol Licensing Fees Bylaw 2024 (the bylaw).

The Bylaw replaces the fees payable under clause 7 and 10 of the Regulations. However, the fees are still determined using the framework set by clauses 4, 5, 6 and 9 of the Regulations. All other fees remain as provided for in the Regulations.

### **On-, off-, and club licences**

Under the bylaw, the following fees are set for on-licences, off-licences and club licences, for the 2025-2026 year.

Alcohol licensing fees – Kāpiti Coast District Council Alcohol Licensing Fees Bylaw 2024	Current fee (24/25)		2025/26 Fee	
	Application fee	Annual fee	Application fee	Annual fee
Very low	\$485.00	\$212.50	\$485.00	\$212.50

Very high	\$1,932.00	\$2,300.00	\$1,932.00	\$2,300.00

Risk/Fees categories:

The fee categories represent a risk rating for types of premises, their trading hours and if they have had enforcement actions taken against them. They are calculated in accordance with clauses 4 to 8 of the Regulations. Dependent on changes to the operation of the premises or enforcement actions undertaken against a licensee, the fees category can change.

Pursuant to clause 6(4) of the Regulations, the Council may in its discretion and in response to particular circumstances assign a fees category to premises that is one level lower than the fees category determined under clause 5 of the Regulation for a particular premises.

### **Special licences**

Pursuant to the bylaw, the following fees are set for special licences, for the 2025-2026 year.

Class 2 – one to three medium events or three to 12 small events	\$331.00	\$331.00
Class 3 – one or two small events	\$101.00	\$101.00

Definitions of an event:

Events are defined by the Territorial Authority where it believes on reasonable grounds the event will have the patronage of a:

- large event – more than 400 people;
- medium event – between 100 and 400 people;
- small event – fewer than 100 people.

Pursuant to clause 10(2) of the Regulations, the territorial authority may, in its discretion and in response to particular circumstances, charge a fee for a special licence that is one class below the class of licence that is issued.

#### **Manager’s Certificates and Temporary authorities**

Pursuant to clause 11 (Manager’s Certificates) and clause 12 (Temporary Authorities) of the regulations, fees for Manager’s certificates and Temporary Authorities for the 2025/2026 year are set out in the Table below.

## 19. Sportsgrounds

Fees include access to changing facilities where applicable.

Seasonal bookings entitle the use of the sports ground/court for up to 20 senior weekend games under any single booking. Additional weekends, if required, are additional, and to be booked separately, either on a one-off basis, or as an additional separate seasonal booking when extending to full year.

Mid-week bookings for sports grounds are booked by individual clubs and invoiced in addition to seasonal bookings by RSOs.

These fees exclude junior sport.

## 25. Official information requests

Official information request charges are for requests under the Local Government Official Information and Meetings Act (LGOIMA) 1987.

In determining these charges, we have taken account of the Ministry of Justice and Office of the Ombudsman charging guidelines.

Official information request charges	Current fee (24/25)	2025/26 Fee
Staff time (in excess of two hours) per half hour or part thereof	\$38	\$38
Black and white copying - A4 size (the first 20 copies free) per sheet	\$0.20	\$0.20
Black and white copying - A3 size per sheet	\$0.40	\$0.40
For any other cost, the amount incurred in responding to the request. For example, specialty copying (maps etc.), including provision of electronic media storage devices, will be charged at cost.	at cost	at cost
Requests requiring specialist experts, not on salary, to research and process the request	at cost	at cost

### How official information charges are determined

In instances where a charge is to be applied, we will notify you as soon as possible. You will be provided with an estimate of the cost for the work involved in providing the response, whether a deposit is required and asked to confirm in writing that you agree to pay. You will only be charged for the actual work involved and the final charge will not exceed the estimate.

### What can be charged for

#### Labour

- Time spent by staff searching for relevant material, abstracting and collating, copying, transcribing, redacting and supervising access (where the information at issue is made available for inspection) and where the total time involved is in excess of two hours.
- Reasonably required peer review in order to ensure that the above tasks have been carried out correctly.

- Formatting information in a way sought by the requester.
- Reproducing film, video or audio recordings.

### **Materials**

- Paper (for photocopying); and
- Discs or other electronic storage devices that information is provided on (these will be provided at cost but we cannot accept a device provided by the requester as this poses a risk to Council's ICT systems).

### **Other actual and direct costs**

- Retrieval of information from off-site.

### **We will not charge for the following**

- Work required to decide whether to grant the request in whole or part, including reading and reviewing, consultation, peer review and seeking legal advice to decide on withholding or releasing the response;
- Work required to decide whether to charge and if so, how much;
- Searching for or retrieving information that is not where it should be;
- Formatting information in a way preferred by the agency but not sought by the requester;
- Costs not directly related to supplying the information including general overheads and costs of establishing and maintaining systems and storage facilities;
- Involvement by the chief executive or elected members;
- Costs of liaising with an ombudsman;
- Liaison with a third party (e.g. Informant);
- Costs associated with transferring a request to another organisation; and
- Costs of refining the request with the requester.

### **Additional factors**

Where repeated requests from the same source are made in respect of a common subject over intervals of up to eight weeks, requests after the first may be aggregated for charging purposes.

A deposit may be required where the charge is likely to exceed \$78. In instances where a deposit is requested, work on the request may be suspended pending receipt of the deposit.

Charges may be waived or modified at the discretion of the chief executive or a group manager. This will generally be in a situation where there is an agreed public interest in the disclosure of the requested information or where payment may cause financial hardship to the requestor, and therefore the charge may become an unreasonable deterrent to seeking information.

## 26. Access and transport

How corridor access fees are determined:

- Project works, major works, and minor works are as defined by the National Code of Practice for Utility Operators' Access to Transport Corridors.
- The Council may at its discretion allow for multiple sites to be included in a single CAR application with a single fee being charged. Applicants shall, if they consider there is a case to combine multiple sites, provide the Council with the justification for a combined application fee.
- Possible examples where a single fee may be considered are as follows:
  - repetitive works of a minor nature requiring minimal or no excavation works,
  - minor works on multiple sites (maximum of four to five minor streets); and
  - main contractor managing multiple works but located on a single site.

Corridor access	Current fee (24/25)	2025/26 Fee
