8b. Why are you very dissatisfied with the Council's road safety programme?

Verbatim comment	Community board	Gender	Age
I don't see that as a Council core service. Am not sure why I should be paying rates. They should concentrate on their core service.	Paraparaumu-Raumati	Male	55 to 59
I don't think the Council should be doing it. The government should be.	Otaki	Male	55 to 59
I have been trying to get the Council to give us a road crossing.	Otaki	Female	70 to 74
I think it is ridiculous that ratepayers are paying for it. It is money down the drain, and is a National issue.	Waikanae	Male	70 to 74
I think its a waste of money and not the Councils role.	Paraparaumu-Raumati	Male	60 to 64
It's not Council's role to be teaching people to drive.	Otaki	Male	70+ years
The road markings are pointing the wrong way.	Paraparaumu-Raumati	Male	70+ years

8c. Why are you very satisfied with the Council's road safety programme?

Verbatim comment	Community board	Gender	Age
Anything that improves road safety is good/ I have not used it it is something that should be done	Paraparaumu-Raumati	Female	45 to 49
Good innitiative good to do	Paraparaumu-Raumati	Male	40 to 44
Happy that traffic is moving.	Paraparaumu-Raumati	Male	40 to 44

I actually think it is a good idea to do this for the elderly. The more they help them and others, the better.	Waikanae	Female	65 to 69
I am satisfied with everything. They do a good job.	Paraparaumu-Raumati	Male	65 to 69
I attended a road safety meeting at the Council and I found the safety information really good; road safety driving advice.	Paraparaumu-Raumati	Female	70+ years
I believe it is a programme that needs to be run in the community.	Waikanae	Female	55 to 59
I have seen children being trained in road safety, including the parks, and it is really good.	Paraparaumu-Raumati	Female	70 to 74
I have seen things in the mail, and driving around schools. I often get leaflets.	Paraparaumu-Raumati	Female	70 to 74
I like the bicycle lanes that are provided, but I don't like the lights at the aquatic centre, Kapiti, as they change too quickly.	Paraparaumu-Raumati	Female	65 to 69
I think its a great idea	Paraparaumu-Raumati	Female	35 to 39
I think the course for the elderly is excellent.	Paraparaumu-Raumati	Female	55 to 59
I think these courses are great for children.	Paraparaumu-Raumati	Female	40 to 44
I'm a cyclist, and my kids have attended the cyclist safety programme at school, along with a parent helper and it was quite informative.	Paraparaumu-Raumati	Male	30 to 34
It is very good. I did it, and the fellow was excellent.	Paraparaumu-Raumati	Male	70+ years
It was a refresher course. I had no problem with the aspects of it.	Otaki	Male	70+ years
It's on a par with other programmes being run overseas.	Paraparaumu-Raumati	Male	60 to 64
My daughter participated in the course on cycle safety, and she found it very well run and organised.	Waikanae	Female	45 to 49
My husband has done the defensive driving course, and he is pleased they are doing cycle safety on the roads.	Otaki	Female	65 to 69
Not all Councils do it. It is a good service.	Paraparaumu-Raumati	Male	70 to 74
Pretty sure its the program running at my children school	Waikanae	Male	45 to 49
The school identified an issue with cars around the school, and the school approached the Council. The employee was quick to respond, and worked with the school to research a proposal to put in speed humps and a pedestrian crossing.	Otaki	Male	45 to 49
There is a great call for that.	Otaki	Male	65 to 69
They actually run a programme.	Paraparaumu-Raumati	Female	60 to 64
They advertise on the radio, which is very effective. The teachers and	Otaki	Female	65 to 69

children are out on duty. They are doing their very best to make sure people are safe on the roads, for both the elderly and the young.	Paraparaumu-Raumati	Female	70+ years
They do a good job with driving courses for the older people.	Paraparaumu-Raumati	Male	65 to 69

9b. Why are you very dissatisfied with the pathways for cycling, walking and bridle ways?

Verbatim comment	Community board	Gender	Age
I just feel that the safety of cycling across the Otaki River needs some work.	Otaki	Male	65 to 69
I live in Peka Peka, and we have been completely forgotten. There are no footpaths to walk, cycle or push a buggy on. They have done some pathways near the old sewage ponds in Paetawa Road, and if they were extended along Paetawa into Tasman Lakes, and up Peka Peka Road, it would be great.	Waikanae	Female	55 to 59
It's not available for me in my area.	Otaki	Female	65 to 69
Just out of Otaki it's very unsafe to cycle or walk.	Otaki	Male	40 to 44
Not cycle friendly at all. Very scary due to State highway and no clear lanes at all.	Paraparaumu-Raumati	Female	45 to 49
Not enough cycle ways and walkways.	Paraparaumu-Raumati	Female	65 to 69
On our road there are no cycle ways in the area. It is 100 kilometres per hour, and cyclists ride two or three abreast when the roading is narrow. Currently we still have a collapsed slip on our road, and it's reduced to one lane, from the recent flooding.	Waikanae	Female	70 to 74
Some are really good, the new cycle will be wonderful, I think that for the last 20year Trans NZ have stalled on process when we could of used for pathways.	Paraparaumu-Raumati	Female	55 to 59
There could be more, and would love to see a bike park for kids.	Paraparaumu-Raumati	Female	35 to 39
They haven't completed what they said they were going to do.	Paraparaumu-Raumati	Female	50 to 54
This has been ongoing for eight to ten years and nothing is happening in our area, especially for walking and bridle ways. It is dangerous for the walkers. There is a sign, but no pathway.	Waikanae	Female	65 to 69

9c. Why are you very satisfied with the pathways for cycling, walking and bridle ways?

Verbatim comment	Community board	Gender	Age
Access is great . Good way to avoid traffic.	Paraparaumu-Raumati	Male	40 to 44
Because I use them myself as they are very accessible and well maintained.	Paraparaumu-Raumati	Female	60 to 64
encourages people they are being developed with enough room for cycling feel safe on bike	Paraparaumu-Raumati	Male	40 to 44
I cycle so I think they are good	Paraparaumu-Raumati	Male	45 to 49
I do a lot of walking, and the Marine Parade one is marvellous.	Paraparaumu-Raumati	Female	70 to 74
I enjoy the Paekakariki to Raumati. I have not been further than McKenzie Crossing. This is the right direction that New Zealand is going in, and they are doing a pretty good job about it.	Paraparaumu-Raumati	Male	60 to 64
I have been on the coast for 26 years and watched it transform and develop. I think it's excellent.	Paraparaumu-Raumati	Male	50 to 54
I haven't seen anything wrong.	Paraparaumu-Raumati	Female	70+ years
I like the greenery and the native bush.	Waikanae	Male	70 to 74

I see lots of people using these pathways, especially along the beaches.	Paraparaumu-Raumati	Male	70+ years
I see the visible nature of it going on around the Kapiti area, and the usage by people of those facilities.	Paraparaumu-Raumati	Male	70+ years
I think it's a good idea for the young ones.	Otaki	Male	70 to 74
I think it's kept up very well. It is tidy and very clean.	Paraparaumu-Raumati	Female	35 to 39
I think they are very good, especially around the beaches.	Paraparaumu-Raumati	Female	70 to 74

I walk a lot and go through different paths. I find they are good.	Paraparaumu-Raumati	Male	70 to 74
I walk and bike, and love the fact that it is a shared track. It is great.	Waikanae	Female	55 to 59
It gives people somewhere to exercise and get into a bush setting. It is the physical activity.	Otaki	Male	70 to 74
It is excellent, and you can ride a bike on it.	Paraparaumu-Raumati	Male	70+ years
It's a great access, and gets people active. The pathways are great to look	Paraparaumu-Raumati	Female	55 to 59

The tracks are wide, and there are plenty of them.	Waikanae	Male	70 to 74
There are a lot of new ones along the river railway line to Paekakariki.	Paraparaumu-Raumati	Female	50 to 54
There is a good number of them, and they are in good easily accessible locations.	Otaki	Female	30 to 34
There is a good range of tracks available.	Waikanae	Female	55 to 59
There is an alternative to roads, and good access to parks.	Paraparaumu-Raumati	Male	25 to 29
They are doing a brilliant job.	Otaki	Female	60 to 64
They are doing a good job. It is good in Otaki.	Otaki	Male	25 to 29
They are easy to use.	Paraparaumu-Raumati	Female	70+ years
They are good, I cycle	Paraparaumu-Raumati	Female	45 to 49
They are pretty good for walking.	Waikanae	Male	18 to 19
They are quite convenient.	Paraparaumu-Raumati	Male	55 to 59
They are well maintained. There are a number of them, and they are well sighted.	Paraparaumu-Raumati	Female	65 to 69
They have done a good job.	Paraparaumu-Raumati	Male	65 to 69
They have done a good job. I use them. They are quite well constructed, and in logical places.	Waikanae	Male	70+ years
They have improved greatly in those areas.	Paraparaumu-Raumati	Female	60 to 64
They suit my purposes.	Otaki	Male	70 to 74
They try to keep them open at all times, and they have been resurfacing after the floods.	Paraparaumu-Raumati	Male	50 to 54
They're very good. It is difficult to say.	Paraparaumu-Raumati	Male	70 to 74
We are very satisfied, we take our children out on the walking and cycle tracks.	Paraparaumu-Raumati	Male	40 to 44
We have been on a number of them and think they are excellent. It is nice to see them expanding it.	Paraparaumu-Raumati	Female	45 to 49
We like to walk. It's nice and easy, and we don't trip.	Paraparaumu-Raumati	Male	70+ years
Well looked after well marked very safe.	Paraparaumu-Raumati	Male	70 to 74

When we first came to Kapiti Coast there was hardly anything, but now the walks have been amazing, and the ongoing improvement is great.	Otaki	Female	65 to 69
Within Otaki it is nice and close. It is good to get away from suburbia and feel like you are in the country, and it is quite rustic.	Otaki	Female	55 to 59

10b. Why are you very dissatisfied with how Council roads allow movement around the district?

Verbatim comment	Community board	Gender	Age
A chronic lack of infrastructure. Kapiti Road up to shopping centre is diabolical.	Otaki	Male	55 to 59
Congestion on kapiti rd ,	Paraparaumu-Raumati	Male	45 to 49
Dont like Kapiti road, Arowhata Road when they put the new subdivision they should of put a new road ion there	Paraparaumu-Raumati	Male	70+ years
I think right of ways and shared driveways are not planned properly.	Waikanae	Female	45 to 49
It will be easier once they get the Expressway done, but at the moment the road not the best in places	Otaki	Male	45 to 49
Kapiti Road and Rimu Road have a lot of congestion.	Paraparaumu-Raumati	Male	45 to 49
Lack of bridges and other routes at present.	Otaki	Female	70+ years
Paraparaumu traffic. Kapiti Road, Rimu Road. Getting in and out of side streets into Kapiti is a nightmare. Over railway lines into Waikanae.	Waikanae	Female	60 to 64
Somebody has got to sort them out. They are putting lights where they shouldn't be. They are wasting money. It needs better planning. Someone needs to be held accountable.	Otaki	Male	55 to 59
The Council could do far more on roading. Could re-do double lights at Waikanae. Causes traffic jams. Not stop trouble with railway lights.	Waikanae	Female	50 to 54
The decision to build a motorway through the middle of town.	Paraparaumu-Raumati	Female	65 to 69
The roads have a lot of congestion. It is unnecessary and time consuming.	Otaki	Male	60 to 64
The traffic at peak times.	Paraparaumu-Raumati	Female	60 to 64
They built traffic lights at the wrong place, and the traffic gets blocked during peak time.	Paraparaumu-Raumati	Male	60 to 64
They made a mistake up our main street, and it makes it difficult to get around.	Otaki	Female	70 to 74

Traffic flow under the Waikanae rail bridge is too slow, because of road signage that is unnecessary.	Otaki	Female	60 to 64
Very hard at the moment	Paraparaumu-Raumati	Female	30 to 34
We have tried to engage the council in maintenance of the roadway with no success.	Paraparaumu-Raumati	Male	50 to 54
We need to monitor the young people doing wheelies. Need to take corner off so there is more room for logging trucks, by pumping station. Whinstone Quarries, road is subsiding.	Otaki	Male	50 to 54
When the express way is finished will be happy.	Waikanae	Female	45 to 49

10c. Why are you very satisfied with how Council roads allow movement around the district?

Verbatim comment	Community board	Gender	Age
Convenience for me.	Paraparaumu-Raumati	Male	40 to 44
How are we going to improve the Expressway? The only way is to monitor those from Otaihanga at the roundabout.	Waikanae	Female	65 to 69
I don't drive a great deal.	Waikanae	Male	70 to 74
I have lived here a very long time, and the roads are in good condition with no potholes.	Paraparaumu-Raumati	Male	70+ years
I have no problems.	Paraparaumu-Raumati	Male	65 to 69
I suppose they are much improved in the last 17 years. The potholes have disappeared.	Paraparaumu-Raumati	Female	70+ years
If anything goes wrong they fix it, for example flooding.	Waikanae	Male	70 to 74
It is as good as it could be.	Otaki	Male	70 to 74
It is difficult to say.	Paraparaumu-Raumati	Male	70 to 74
It's managing as best as it can at this time, with all the construction that is happening in the area.	Paraparaumu-Raumati	Male	60 to 64
The roads are in good condition.	Paraparaumu-Raumati	Male	70 to 74
The way they are set out.	Otaki	Male	70+ years
They are always in good order.	Paraparaumu-Raumati	Female	65 to 69
They are well maintained, and also well controlled through traffic lights.	Paraparaumu-Raumati	Female	65 to 69
They seem to be pretty good. When I walk down Kapiti Road the lights systems and crossings are very good.	Paraparaumu-Raumati	Female	45 to 49

We can get to places we want to within the Kapiti area.	Waikanae	Female	70 to 74
You have no trouble driving where you want to go, as long as you are happy to sit at traffic lights on Kapiti Road.	Paraparaumu-Raumati	Male	60 to 64

11b. Why are you very dissatisfied with street lighting?

Verbatim comment	Community board	Gender	Age
Compared to other areas we have less.	Paraparaumu-Raumati	Female	45 to 49
I believe the lights are too bright.	Paraparaumu-Raumati	Male	60 to 64
I have a street light right outside my house, and it is annoying. I am interested in seeing if our Council will do LED lighting.	Paraparaumu-Raumati	Female	60 to 64
I have poor night vision and don't think the street lighting is good enough for me.	Paraparaumu-Raumati	Female	65 to 69
I run in the dark at 5:30 am and its dark i have fallen over quite often the lights a blown and out	Paraparaumu-Raumati	Female	40 to 44
It is not adequate. The street lights are not bright enough, and many areas don't have street lights. Sometimes they are only on one side of the road.	Paraparaumu-Raumati	Female	55 to 59
It is shocking, I cant walk home from the train station because there are no lights	Paraparaumu-Raumati	Female	55 to 59
Local level has been odd its seem really dark and we need more lighting	Paraparaumu-Raumati	Female	35 to 39
On my street - Huia Street - I don't have sufficient lighting. The lamp posts are very far apart and when I run in the night I hit black spots at corners and at the main stretch.	Waikanae	Male	25 to 29
Raumati is really dark, need more lighting, we have been broken into.	Paraparaumu-Raumati	Male	35 to 39
Some of the side streets have no lighting at all.	Waikanae	Female	70+ years
Street lights haven't been working on and off.	Paraparaumu-Raumati	Female	40 to 44
The lighting in Raumati, close to the church, is very poor.	Paraparaumu-Raumati	Female	70+ years
The street lighting at the beach is not good.	Otaki	Female	70 to 74
There is not enough in our street. It is not safe to walk at night in Alexander Street.	Paraparaumu-Raumati	Male	45 to 49
There is not enough lighting in Paetawa Road.	Waikanae	Male	60 to 64

There is not enough of it. People should feel safe walking after dark, and some areas have very few street lights to make elderly and young people feel safer.	Paraparaumu-Raumati	Male	50 to 54
There isn't very much of it on Rata Road.	Paraparaumu-Raumati	Male	70 to 74
They are on during the day and off at night	Paraparaumu-Raumati	Female	30 to 34
We do not have any.	Otaki	Female	70+ years
We have to put head lights on at night, as there is no lighting in our street. Someone was mugged recently.	Paraparaumu-Raumati	Female	70+ years

11c. Why are you very satisfied with street lighting?

Verbatim comment	Community board	Gender	Age
A good service now back with local company.	Waikanae	Male	70+ years

I do go out at night and the street lights are always working.	Paraparaumu-Raumati	Female	50 to 54

I ride a bike at night and see where I am going.	Otaki	Male	30 to 34

I think we need to get rid of street lights, as they consume too much energy.	Waikanae	Female	35 to 39
I walk at night, and they fixed the issue quickly when I rang up.	Paraparaumu-Raumati	Male	65 to 69
It covers all the streets I go on, so I am quite happy.	Paraparaumu-Raumati	Male	55 to 59
It depend where you are. In town good, but not good in country, for example Reikorangi.	Waikanae	Male	60 to 64
It does not affect me that much. It just covers the beach front quite well, and everything is well lit up when you are driving. It is easy enough to see while you are driving, and the streets are well lit up.	Otaki	Male	18 to 19
It is adequate. I have not had a problem.	Otaki	Male	70 to 74
It is adequate. If it were brighter it would be a nuisance.	Paraparaumu-Raumati	Female	70+ years
It is pretty good.	Paraparaumu-Raumati	Female	65 to 69
It seems enough to me.	Paraparaumu-Raumati	Female	70+ years
It's easier for me to see driving at night, and I feel safe with the street light outside my house. The whole area is well lit.	Paraparaumu-Raumati	Female	70+ years
Its fine where i am but i cant speak for the rest of the district.	Paraparaumu-Raumati	Female	70+ years
It's fine.	Otaki	Female	65 to 69

Like the LED lighting.	Paraparaumu-Raumati	Male	55 to 59

My street is well lit.	Paraparaumu-Raumati	Female	70 to 74
Over the last couple of years I have noticed they are brighter, and I start work at 3:00, so notice them.	Paraparaumu-Raumati	Male	50 to 54
The street lighting does its job.	Paraparaumu-Raumati	Female	40 to 44
There is lighting everywhere you go.	Paraparaumu-Raumati	Female	40 to 44
There is one at the end of our lane, and where we live it's very well lit.	Paraparaumu-Raumati	Female	70 to 74
There is plenty of it, and they are progressive enough to change to give good lighting.	Waikanae	Male	50 to 54
There is plenty of lighting in my area.	Waikanae	Male	70 to 74
They are usually on, and there seems to be enough of it.	Paraparaumu-Raumati	Male	70+ years

12b. Why are you very dissatisfied with the condition of roads?

Verbatim comment	Community board	Gender	Age
All over the place. You bounce around in a truck.	Paraparaumu-Raumati	Female	50 to 54
In Reikorangi the metal roads are deteriorating.	Waikanae	Male	60 to 64
No kerb. Patches and potholes.	Paraparaumu-Raumati	Female	60 to 64
Not enough road signs and speed signs and markings on the road. My street is a two way street and there are no road markings and people are driving in the middle of the road or onto oncoming traffic.	Waikanae	Male	25 to 29
Nothing gets done. We can complain or ask them to do things but nothing gets done. General repairs.	Waikanae	Female	65 to 69
Our road is rural and we get no help with it at all, but roads in Waikanae are good.	Waikanae	Female	50 to 54
Potholes in Otaihanga are near where previous work was done where the road forks in Te Moana Road near the bridge. The patching washes out in heavy rain.	Waikanae	Female	40 to 44
Roads are too narrow. Since the Coast has grown we need better roading.	Paraparaumu-Raumati	Male	70 to 74
Roads suck, in an area that's a highway ,roads unstable and bumpy.	Waikanae	Female	45 to 49
Shocking, not even, tar mat, resealing leaves big chips in the road or cracked window screens.	Waikanae	Female	55 to 59
Shocking; not the best.	Paraparaumu-Raumati	Female	70+ years
The roads need resealing as they have pot holes.	Otaki	Male	55 to 59
There doesn't seem to be any upkeep of roads in Otaki. I am not happy with the main street improvements. It is too narrow, which has resulted in the cyclists using the footpath, as it is too dangerous on the narrow road. There is going to be an accident with pedestrians being knocked over at some stage. It is also poorly maintained. They put down a sub grade of paving blocks that are impossible to keep clean.	Otaki	Male	70+ years
We had road works in the Otaki Village, and they were a poor standard. It	Otaki	Female	50 to 54

was noticeably different.

We need to monitor the young people doing wheelies. Need to take corner off so there is more room for logging trucks, by pumping station. Winestone Quarries, road is subsiding.

Verbatim comment	Community board	Gender	Age
I am not aware of any road situations that are not to my liking.	Paraparaumu-Raumati	Female	60 to 64
I can tell by the noise of the tyres on the road that the roads are well sealed.	Paraparaumu-Raumati	Male	70+ years
I have driven a million kilometres in my life, and these roads are excellent.	Paraparaumu-Raumati	Male	70+ years
I have no issues.	Paraparaumu-Raumati	Male	65 to 69
I think they are very good. I have never had any problems, and am impressed with roads in the area.	Waikanae	Female	55 to 59
If there is a repair to be done it is done very quickly, usually within about 48 hours.	Paraparaumu-Raumati	Male	60 to 64
In Arawhata Road the gutters are kept clean by a large machine. They always look clean and tidy in the area.	Paraparaumu-Raumati	Female	70+ years
I've never had problems with the road. When there have been accidents the Council have been proactive in sorting it.	Waikanae	Male	70 to 74
The roads are fine. Traffic is busy, and the new motorway should make it better. Pennways market is very dangerous to get in to, and needs a median strip.	Otaki	Female	65 to 69
The roads I use are fine.	Waikanae	Female	55 to 59
They are as good as you would expect them to be. I have no complaints.	Otaki	Male	70 to 74
They are good roads.	Waikanae	Male	70 to 74
They are pretty good.	Paraparaumu-Raumati	Female	40 to 44

They keep them up-to-date much better. More care, workers and	Paraparaumu-Raumati	Female	70+ years

machinery. They get round them all regularly.			
Think they are good kept well, no issues.	Paraparaumu-Raumati	Female	35 to 39
Well kept problems at moment temporary.	Paraparaumu-Raumati	Female	70+ years
Well looked after but a lot of heavy trucks using Gilford at moment.	Paraparaumu-Raumati	Male	70 to 74

12e. Why are you very dissatisfied with the condition of footpaths?

Verbatim comment	Community board	Gender	Age
A footpath needed to be fixed, as it was unsafe for children to cross the road. The Council put a crossing in, that the big trucks had to drive on to when children were using it. It was just a death trap. We contacted the Council several times, and it has been moved to a safer place. They needed to consult people in the area first, instead of wasting money.	Otaki	Female	60 to 64
Certain areas that do not have footpaths for easy walking access. In 20 years there has been nothing done about it, shocking.	Paraparaumu-Raumati	Male	40 to 44
Full of holes and breaking up.	Paraparaumu-Raumati	Male	50 to 54
I took a fall as the footpath is uneven along Weka Park. It has been fixed now, but footpaths need to be even.	Paraparaumu-Raumati	Female	70+ years
In Gavin Road there is no path on one side.	Paraparaumu-Raumati	Female	70+ years
In North Paraparaumu the only way of crossing state highway is one footpath underneath an overpass. It is disgraceful and has never been formed. The town side is mud. One half is perfectly formed, the other isn't. People use this footpath through Pohutukawa trees, and it's dangerous.	Paraparaumu-Raumati	Male	70+ years
It is uneven and in some areas broken. It is difficult for a five year old to walk on the pathways.	Paraparaumu-Raumati	Female	30 to 34
It is very broken. Crossings and kerbside are very difficult for elderly on scooters. They go all over the place. It is unsafe.	Paraparaumu-Raumati	Female	50 to 54
It needs work on the bumps. It can be dangerous at night.	Waikanae	Male	55 to 59
It's all fallen to bits.	Otaki	Male	55 to 59
Manly street needs attention.	Paraparaumu-Raumati	Female	30 to 34
My part of the town as its an old settlement doesn't even have footpaths.	Paraparaumu-Raumati	Female	45 to 49

There are only a few slopes in the footpath where I can move my buggy down onto the road.			
Overall the footpaths are not in good condition in Otaki. The concrete is rough, and it's bitsy. They started to put bitumen down which was great, but then it stopped. So you get a bit of footpath and a bit of bitumen.	Otaki	Male	70+ years
The footpath on Raumatiti road towards the beach is a real mess.	Paraparaumu-Raumati	Male	70 to 74
There are some places where there are only footpaths on one side of the street. It's shocking when it's wet. The root system on the trees is a nuisance.	Waikanae	Male	55 to 59
They are cracked, and I have fallen. Very bad condition.	Paraparaumu-Raumati	Female	50 to 54
Very poor.	Paraparaumu-Raumati	Female	55 to 59
We are not.	Otaki	Female	60 to 64
We don't have any. We live in a rural area, Huia Street, extension.	Waikanae	Female	65 to 69
We don't have footpaths.	Paraparaumu-Raumati	Female	55 to 59
We need footpaths. There are lots of ups and downs.	Otaki	Female	45 to 49
When they lay new ones they slope towards the road, making it difficult to walk on, so we walk on the grass.	Paraparaumu-Raumati	Female	70+ years

They are fine. I walk around the streets and the beach.	Otaki	Female	65 to 69

When I walk they are good and wide. Different than in Wellington, no wide ones. They are always upgrading them, can see what trying to achieve.	Paraparaumu-Raumati	Male	40 to 44
Where I live, they have been recently upgraded.	Paraparaumu-Raumati	Male	60 to 64
Where I live they have just put in a new footpath across the road; Percival Road and Mazengarb Road.	Paraparaumu-Raumati	Female	65 to 69

13c. Why are you very dissatisfied with the standard of kerbside collection services?

Verbatim comment	Community board	Gender	Age
I think there needs to be a green waste collection and processing system.	Waikanae	Female	45 to 49
If its windy or raining and they drop some recycling eg. papers / plastic drink bottles, they do not pick it up and leave it on the road.	Paraparaumu-Raumati	Female	65 to 69
It has been a bit here and there. I have been on the phone a lot to get them to pick up rubbish.	Paraparaumu-Raumati	Male	70 to 74
It is not a Council collection, we pay a contractor. It should be picked up free by the Council as we pay rates.	Paraparaumu-Raumati	Female	70+ years
The first receptacles were too small, we need bigger and lidded recycle bins. The collectors need to be doing their jobs better, they don't always collect our recycling on recycling day, we are quite often missed.	Paraparaumu-Raumati	Female	45 to 49
The rubbish gets collected and the recycling gets done to the bridge, but we have to pay for rubbish collection. The point is they are not collecting rubbish.	Waikanae	Male	55 to 59
The service is inconsistent, collection times are not co-ordinated, and contracted company staff are rude and unhelpful.	Otaki	Female	40 to 44
The size of the recycling bins. I had to buy another, no lids on the bins, too small.	Paraparaumu-Raumati	Female	45 to 49
The total concept has moved away from a Council operated service, to a	Otaki	Male	65 to 69

group of private contractors. In Perth they divided the city into various areas, and one contractor does the lot. Here up to 9 contractors follow each other around going up and down streets and only picking up the bins appropriate to their brand. So you have 4-5 trucks uneconomically covering each area. In Perth one contractor does the lot at a lower cost to the consumer and more efficiently to the provider.			
They don't have a fixed time to pick up.	Paraparaumu-Raumati	Male	70 to 74
They drop all the rubbish, and I follow them up the road picking up after them. Plastic bags are the worst as they blow every where. I have given them a rev up three to four times, to no avail, as the calves and stock end up eating rubbish.	Paraparaumu-Raumati	Male	45 to 49
They leave the recycling bin in the middle of the driveway, which is annoying. I can't stop in the middle of Kapiti Road to move it, as it is not safe.	Paraparaumu-Raumati	Male	70+ years
We don't have any recycling kerbside collection, we do it ourselves. The rubbish collection is good.	Paraparaumu-Raumati	Female	40 to 44
We pay for a contractor to pick up.	Otaki	Male	70+ years
We use a contractor.	Paraparaumu-Raumati	Female	55 to 59
Yes we have collection system, but it is contractor whom we pay and its expensive, Council should be collecting as part of our rates.	Waikanae	Female	70 to 74
I think there needs to be a green waste collection and processing system.	Paraparaumu-Raumati	Female	70+ years

They are very good. They approach the job with enthusiasm. The dump should be cheaper for green rubbish. In Melbourne they have green rubbish collection and hard rubbish collections. If the fees are cheaper there will be less rubbish dumped over banks, especially as it is a low socio economic area and many people do not have the \$20.00 to take rubbish to the dump. I think this system is crazy it was better before.	Paraparaumu-Raumati	Male	45 to 49
If you put the wrong thing in like the tray off the meat, they wont take them and they don't pick up what they drop.	Paraparaumu-Raumati	Male	70+ years
Need bigger covered bins.	Paraparaumu-Raumati	Female	60 to 64
Rubbish gets dumped in landfill, connected to local river, not happy with them dumping in someone elses patch really.	Paraparaumu-Raumati	Male	40 to 44
Several times we have rung them to find out what you're supposed to do with certain things, for example egg cartons and gas containers. They didn't know what you did with them. We also didn't know what to do with electric stuff. The Otaki tip is really good. We ring them rather than Paraparaumu.	Otaki	Female	65 to 69
The complicated collection. It all goes in one green bins, rather than three bins. The children kick it around on the road, and nothing gets recycled. Some of my neighbours do the same.	Paraparaumu-Raumati	Male	70 to 74
The last few weeks there have been 4 times they haven't picked up the bins.	Paraparaumu-Raumati	Male	55 to 59
There can be a problem with recycling left on the grass verges.	Waikanae	Male	55 to 59
They need to pick up rubbish they drop. I would like to see a place closer	Paraparaumu-Raumati	Female	60 to 64

for recycling. There are a lot of single people in Kapiti, and it would be great to have a little bin to use.			
When it is a high wind the recycle bins blow everywhere.	Paraparaumu-Raumati	Male	70 to 74
Why am I paying rates? I have no recycling. I have to take it to the centre, and it costs a fortune.	Otaki	Male	65 to 69

14d. Why are you very satisfied with the Council's education, information and advice available for waste minimisation?

Verbatim comment	Community board	Gender	Age
Good advertising in paper.	Paraparaumu-Raumati	Male	70 to 74
I am very impressed that they are getting through to primary and secondary school children, as they are the ones who are going to change it as part of their daily living.	Otaki	Female	65 to 69
I don't use kerbside, I take everything to the recycling centre.	Paraparaumu-Raumati	Female	55 to 59
I haven't had any problems, and it's well advertised in the local papers.	Paraparaumu-Raumati	Female	70 to 74
I think it's a great idea especially in the schools where the children collect news paper.	Paraparaumu-Raumati	Female	60 to 64
In our area I no longer see waste on the side of the road, and it is collected regularly. I think that information from the Council has done a lot to tidy up our area. Just well done.	Paraparaumu-Raumati	Female	70+ years
It is always in local papers about how to recycle and minimise waste.	Waikanae	Female	60 to 64
It is very well advertised.	Paraparaumu-Raumati	Female	70+ years
It's pretty much up-to-date, easy to read and understand, and easy to find.	Paraparaumu-Raumati	Female	45 to 49
I've noticed a lot of good recycling going on.	Paraparaumu-Raumati	Female	65 to 69
Our Council is very eco-conscious, and the range of services. I know I can go to the Council and something is available.	Paraparaumu-Raumati	Female	30 to 34
Recycling is good, except for windy days, when they don't bother to pick up plastics that blow everywhere.	Waikanae	Male	50 to 54
The Council is doing a very good job about it. It's how people respond to it that is the problem.	Paraparaumu-Raumati	Female	65 to 69
The Council is making a big effort.	Otaki	Male	50 to 54

They appear to be proceeding along logical lines.	Waikanae	Male	70+ years
15c. Why do you strongly disagree that the public's physical safety is safeguarded by the stormwater system during flooding events?			
Verbatim comment	Community board	Gender	Age
A problem with stormwater. We have been flooded twice in this last three months. They keep saying they are going to fix it, but have done nothing.	Otaki	Female	70 to 74
About 25 years ago the road was dug up, and when it was filled in the stormwater was disconnected, and is still disconnected. Each property should have one connection to it. I am not connected, and the stormwater is going into the soil.	Paraparaumu-Raumati	Male	70 to 74
Because of the excess of flooding and the erosion on the hills is crazy.	Waikanae	Female	45 to 49
Blocked drains on the corner of Matene Street and Rangatira Street. They need cleaning as weeds grow badly.	Otaki	Female	45 to 49
Creek will overflow.	Paraparaumu-Raumati	Female	70+ years
Due to recent flooding, I have to disagree that it is safe.	Paraparaumu-Raumati	Female	55 to 59
During the storm it did not work for us. Our house got flooded.	Paraparaumu-Raumati	Female	45 to 49
I am not happy. They are always blocked up and always need cleaning, as we get floods.	Paraparaumu-Raumati	Male	70+ years
I live on Glen Rd and every time we have heavy rain the storm water drain can't cope and my garage gets flooded every time.	Paraparaumu-Raumati	Male	55 to 59
I was told to move out for the night during the flood. This is Tui Road East.	Paraparaumu-Raumati	Female	70+ years
It doesn't cope with a huge amount of rain.	Paraparaumu-Raumati	Male	45 to 49
It is right under the nose of Council engineers in Waterstone subdivision. The culvert on the right hand side. There is a drop of three to four metres from the footpath, with no safety barriers. It is dangerous as well, as where the water goes into the culverts it is dangerous for children.	Paraparaumu-Raumati	Male	60 to 64
It was disappointing to see the flooding. I think it may be due to drains being too small.	Paraparaumu-Raumati	Female	70 to 74
My back yard completely flooded.	Paraparaumu-Raumati	Female	45 to 49
My culvert drain floods every time it rains. My car was flooded.	Paraparaumu-Raumati	Female	45 to 49
My section floods.	Paraparaumu-Raumati	Male	70 to 74

Not working too well.	Paraparaumu-Raumati	Female	30 to 34
Problem water doesn't drain away with high tide TE KUPE RD.	Paraparaumu-Raumati	Male	60 to 64
Property flooded in torrential rain. Property is slightly lower than Kapiti Road.	Paraparaumu-Raumati	Female	55 to 59
Recent flooding, it was really unsafe.	Paraparaumu-Raumati	Female	55 to 59
The paddock at the back of my property got flooded. Also the back half of my neighbour's property got flooded. The Council reserve on one side of my property had a big pond.	Paraparaumu-Raumati	Female	70 to 74
The stormwater system couldn't cope in Raumati.	Paraparaumu-Raumati	Female	45 to 49
The stormwater system hasn't been able to cope especially with the full moon and high tide line raising the water level.	Waikanae	Male	25 to 29
There are too many open drains that are too close to where people are active, and are unsafe.	Paraparaumu-Raumati	Male	55 to 59
There was a lot of dangerous things happened in the last storm, the river needs to be dredged out and the streams. The grill need to be cleaned more often.	Paraparaumu-Raumati	Male	70 to 74
They don't do anything about it. Our street floods with every rainfall, and is deep.	Otaki	Female	70 to 74
We flood every time its rains and the Council say that the storm water needs to be sorted - we are at Rainbow point.	Paraparaumu-Raumati	Female	35 to 39
We have recently had a storm that showed several pipes were blocked and not well maintained. There needs to be care taken. There is a small drain accepting water from a large one and it causes issues. The Council no longer maintains the system.	Otaki	Female	65 to 69
We were okay, but the other side of the street flooded, and down by the beach was flooded as well.	Paraparaumu-Raumati	Female	60 to 64
With the last flooding properties were flooded, and it affected a lot of people.	Paraparaumu-Raumati	Male	70 to 74

15d. Why do you strongly agree that the public's physical safety is safeguarded by the stormwater system during flooding events?

Verbatim comment	Community board	Gender	Age
A complaint made 10 years ago. The Council took action. There was some flooding this time, but it was not the Council's fault.	Paraparaumu-Raumati	Male	70+ years
From the last lot of floods we had.	Paraparaumu-Raumati	Male	50 to 54
Had rain, but not flooding drains. I coped.	Paraparaumu-Raumati	Male	65 to 69
Have a lot of water with heavy rain but it does get away.	Paraparaumu-Raumati	Female	70+ years
I am aware of stormwater areas in this district, and they are well signposted.	Paraparaumu-Raumati	Female	40 to 44
I can't see any problems with it, and it works.	Waikanae	Female	55 to 59
I have never had any floods. The water gets taken straight away.	Paraparaumu-Raumati	Male	70 to 74
I have never noticed when there has been torrential rain that there has been any flooding.	Paraparaumu-Raumati	Female	70+ years
I live on a hill. You need to keep drains clean by sweeping more often.	Paraparaumu-Raumati	Female	45 to 49
I never get any flooding here. Not even a month ago, when the river burst its banks.	Paraparaumu-Raumati	Male	70 to 74
I think with a certain expenditure of ratepayer's money they do a satisfactory job.	Waikanae	Male	70 to 74
It is effective, and it works.	Paraparaumu-Raumati	Male	60 to 64
No flooding.	Paraparaumu-Raumati	Female	70 to 74
No problem with flooding that others had.	Paraparaumu-Raumati	Male	70 to 74
No problems here.	Paraparaumu-Raumati	Male	70+ years

We are very well served in this area.	Paraparaumu-Raumati	Female	70+ years
Well, we have seen the floods throughout and drains are maintained, only sometimes they are not.	Paraparaumu-Raumati	Female	70 to 74

16c. Why are you very dissatisfied with the quality of the Council's water supply?

Verbatim comment	Community board	Gender	Age
At certain times of the year it is undrinkable.	Paraparaumu-Raumati	Female	60 to 64
Bore frightful, problems with metal eg kettles have to clean with white vinegar inside and noisy.	Paraparaumu-Raumati	Female	70+ years
Bore water is disgusting. It smells like chlorine, and tastes terrible.	Waikanae	Female	40 to 44
Bore water problem in the summer.	Paraparaumu-Raumati	Female	55 to 59
Generally it is good, but when the bores are turned on the water is not drinkable. Water is therefore purchased, even though I run my water through filters.	Paraparaumu-Raumati	Female	45 to 49
Have to filter all my water. It is not nice at all.	Waikanae	Female	45 to 49
Horrible in the summer, but good in the winter, we boil the water in the summer.	Paraparaumu-Raumati	Male	40 to 44
I am dissatisfied that we don't have a Dam.	Paraparaumu-Raumati	Female	55 to 59
I am in Paekakariki and we don't have fluoride in our water which I would like. The rest of the district does have it.	Paraparaumu-Raumati	Female	45 to 49
I am not satisfied with the bore water. We buy bottled water from the supermarket.	Paraparaumu-Raumati	Female	30 to 34
I don't agree with the bores. Boars were are bad idea.	Paraparaumu-Raumati	Male	65 to 69
I don't like the taste.	Paraparaumu-Raumati	Male	65 to 69

In summer when the river is low the water is disgusting. It doesn't taste nice.	Paraparaumu-Raumati	Male	45 to 49
In the summer it's horrible, and it taste horrible has well. It was better when we were on tanks.	Paraparaumu-Raumati	Female	60 to 64
In the summer its rubbish, winter is good.	Paraparaumu-Raumati	Male	70+ years
It doesn't have a good taste.	Waikanae	Female	70+ years
It has a smell and it's awful. I have to boil it. I never drink from the tap, I use bottled water.	Waikanae	Female	70+ years
It is full of chlorine. The fluoride doesn't taste good, and you can taste chlorine.	Paraparaumu-Raumati	Male	40 to 44

It is not a good taste.	Paraparaumu-Raumati	Male	55 to 59
It tastes awful, so we spent \$200.00 on a filter for our water. It is just the taste, otherwise it is fine.	Paraparaumu-Raumati	Male	70 to 74
It tastes bad generally when bore water is used.	Waikanae	Male	25 to 29
It tastes disgusting, you can smell the chlorine.	Paraparaumu-Raumati	Female	50 to 54
It tastes foul at times, with odour from chemicals.	Otaki	Female	45 to 49
It tastes like dirt.	Paraparaumu-Raumati	Female	40 to 44
It tastes terrible when it goes on to bore water. I have to buy water, as it makes me heave.	Paraparaumu-Raumati	Male	70 to 74
It's awful.	Paraparaumu-Raumati	Male	45 to 49
It's good when it's bore water.	Paraparaumu-Raumati	Female	70 to 74
Its hard to give a result, the water is shocking at times when on Council bore, and the rest of the time it's good.	Otaki	Male	45 to 49
It's not good in the summer when they use bore water.	Paraparaumu-Raumati	Male	70 to 74
Just the fact we had to buy or boil our water and still isn't that great.	Paraparaumu-Raumati	Male	45 to 49
My wife doesn't like the water. She uses a filter, but I can drink it.	Waikanae	Male	55 to 59
Normally I would say a 4, but when bore water is on I would rate it a 1.	Waikanae	Male	55 to 59
The bore water tastes revolting. It is too metallic.	Paraparaumu-Raumati	Male	55 to 59
The Council uses bore water, which tastes disgusting. In the summer I have to buy my drinking water, which effectively means I pay for my water twice.	Paraparaumu-Raumati	Female	55 to 59
The residue that comes with the water. we had to replace the element in the hot water cylinder as it had been completely eaten away. Also residue in the jug. I am always scrubbing the jug clean. It doesn't smell great either.	Paraparaumu-Raumati	Female	50 to 54
The supply of water we get causes negative to appliances and cost to maintain them.	Waikanae	Male	45 to 49

The water smells and tastes disgusting. I have had to buy a filter at a vast expense.	Paraparaumu-Raumati	Female	40 to 44
Think we shouldn't have to pay for bore water.	Waikanae	Female	55 to 59
Very concerned about the walk at the school, wont let my children drink it.	Paraparaumu-Raumati	Female	30 to 34
Water meters. I have four water tanks here and I have trickle feed so I put a ballcock on it. I might not use any Council water for months and I have to pay rental all the time. I look at holidays across the road with water overflowing.	Waikanae	Male	65 to 69
We are paying for it, when water runs out, we use bore water.	Paraparaumu-Raumati	Male	45 to 49
We have to filter the water. It does not taste good.	Paraparaumu-Raumati	Female	25 to 29
We've been forced to pay for it. So when it's dry we get bore water through the system and it blows the jug and tastes awful and we're forced to pay for it. Dissatisfied with the water meter idea. The last mayor brought it in and she lost the election because of it. When the next guy came in, he was against it then flip flipped. If I could vote him out now I would.	Paraparaumu-Raumati	Male	45 to 49
When its summer its terrible.	Paraparaumu-Raumati	Male	45 to 49
When we are on bore I buy bottles.	Paraparaumu-Raumati	Female	45 to 49

16d. Why are you very satisfied with the quality of the Council's water supply?

Always quite clean, flush line when needed.	Otaki	Male	30 to 34
I compare to countries where drinking water is not available at all as opposed to getting the best. Grateful can drink water out of taps.	Waikanae	Female	55 to 59
I don't have any problems with it and it suits me.	Paraparaumu-Raumati	Female	60 to 64
I find no objection to it.	Paraparaumu-Raumati	Female	65 to 69
I have been to other places and the water is awful. You can taste the chlorine. Even compared to Paraparumu water ours is amazing. I have a	Otaki	Female	65 to 69

concern about the notice we get from time to time that there is heavy metal in the pipes, and we have to run the water. I would like more explanation about it.			
I have never come across bad smells or bad taste in the water.	Paraparaumu-Raumati	Male	70+ years
I have no complaints about the water here.	Paraparaumu-Raumati	Male	60 to 64
I have no issues. It is pretty good.	Otaki	Male	70+ years

It is good. I have no complaints.	Paraparaumu-Raumati	Male	70+ years
It is okay.	Waikanae	Male	70 to 74

It tastes alright, keeps flowing, and doesn't cost a fortune.	Otaki	Female	55 to 59
It tastes fine, and I am pleased there is fluoride in the water.	Paraparaumu-Raumati	Male	50 to 54
It tastes nice.	Paraparaumu-Raumati	Female	40 to 44
It tastes okay.	Paraparaumu-Raumati	Female	65 to 69
It's better than I have experienced in other parts of New Zealand.	Paraparaumu-Raumati	Male	70+ years
It's fine.	Otaki	Female	65 to 69
It's fine. There is nothing bad or usual about it. It's good.	Paraparaumu-Raumati	Female	70+ years
No idea.	Paraparaumu-Raumati	Male	70 to 74
Our water is fine. There is nothing wrong with it.	Otaki	Male	25 to 29
Sometimes it is not good due to using the bores in droughts. However, I am satisfied with the way the Council deals with it.	Paraparaumu-Raumati	Female	70+ years
The taste and the clarity is good, and the reliability.	Otaki	Female	55 to 59
The water in Otaki's better than other areas in the Coast. I work in Waikanae and it's much better than there. it's on bore water in summer and I know that they're taking river water and replacing it with bore after so it's getting better.	Otaki	Male	25 to 29
There's nothing wrong with it, it's bore water.	Otaki	Male	70 to 74
They have done what they can do. I have a filter.	Paraparaumu-Raumati	Female	70+ years

We have good water in Otaki.	Otaki	Female	60 to 64
We have not experienced any problems whatsoever.	Paraparaumu-Raumati	Female	65 to 69
We have very good drinking water.	Paraparaumu-Raumati	Male	60 to 64

17c. Why are you very dissatisfied with the standard of pools in the district?

Verbatim comment	Community board	Gender	Age
Designed for elderly people, not for the younger generation.	Paraparaumu-Raumati	Male	40 to 44
Good timing. I have just been to our lovely new pools and couldn't get in to use them as they are closed today. I had four young ones with me.			
Why have we spent all our rates money building a pool we cannot use? They also close the lanes off in the afternoon, and there is nowhere for us to swim. Also I pay to use the spa.	Paraparaumu-Raumati	Female	55 to 59
I don't like how much it costs and what I got for it.	Paraparaumu-Raumati	Female	40 to 44
It does not accommodate families in the weekends.	Paraparaumu-Raumati	Male	45 to 49
My husband has problems with Otaki pool, as there is nowhere for him to swim. It is all used by school children.	Otaki	Female	60 to 64
The Aquatic centre is a joke.	Paraparaumu-Raumati	Female	30 to 34
The aquatic pool is a lost cause, we turn up and being told there no room available.	Paraparaumu-Raumati	Female	35 to 39
They should be privately run, as the Council should not be involved in the expense. It is not Council business unless it is for Olympic purposes.	Paraparaumu-Raumati	Male	70 to 74

17d. Why are you very satisfied with the standard of pools in the district?

Verbatim comment	Community board	Gender	Age
A great service. I wish it was bigger. They do a great job.	Paraparaumu-Raumati	Female	50 to 54
A lovely centre to take my daughter to.	Paraparaumu-Raumati	Female	30 to 34
A nice complex, but they should have made it so we could have competitions.	Paraparaumu-Raumati	Female	60 to 64
Awesome place to take kids.	Paraparaumu-Raumati	Female	30 to 34

Brand new, big, nicely appointed, and it has a roof.	Paraparaumu-Raumati	Male	70 to 74
Clean, a good size at Waikanae, and a nice setting.	Paraparaumu-Raumati	Female	40 to 44
Coastland aquatic has a good range of different amenities, friendly staff, and good programmes.	Paraparaumu-Raumati	Female	65 to 69
Each area has a pool, and it is clean.	Otaki	Male	25 to 29
Excellent facilities, excellent staff, clean. Waikanae, Paraparaumu.	Paraparaumu-Raumati	Male	40 to 44
Excellent. Big bright changing and shower area, locker facilities good, and plenty of seating.	Paraparaumu-Raumati	Female	55 to 59
I am very satisfied with Otaki. It is very well kept, but the Paraparaumu one is not big, and if you go after the children there is a shortage of showers.	Waikanae	Female	70 to 74
I basically feel they have a range of facilities for all ages, catered for in a range of programmes, for example swimming aqua programmes.	Paraparaumu-Raumati	Female	30 to 34
I can't find any faults.	Paraparaumu-Raumati	Female	70 to 74
I go to a regular class there. The facilities are great, and the staff are helpful.	Paraparaumu-Raumati	Female	70+ years
I have been to the pools and have been watching the children in the competitions, and it was amazing. The pools looked beautiful, and there was plenty of room.	Paraparaumu-Raumati	Female	70 to 74
I have four kids so pools are great.	Paraparaumu-Raumati	Male	40 to 44
I have no problems, but the children think the hydro slide is slow, because they have been on the Taupo one.	Paraparaumu-Raumati	Male	70+ years
I like how new and clean the Paraparaumu pools are. They are well supervised, with a good amount of changing rooms and privacy. It's well set out, with a good number of lifeguards.	Paraparaumu-Raumati	Female	50 to 54
I love the new indoor pool and the aqua-aerobics and the facilities for the whole of the community.	Paraparaumu-Raumati	Female	65 to 69
I really enjoy the new aquatic centre and use it twice a week. It is clean and tidy as well.	Paraparaumu-Raumati	Female	60 to 64
I think that all of the pools, especially the Paraparaumu one, are up to standard. They are clean, and the environment is friendly. I have been to them all a few times, and I think all meet all of the standards.	Otaki	Male	18 to 19
I think the new pools are a great asset to the community. They all need to	Paraparaumu-Raumati	Male	65 to 69

be there. They are all exceptional.			
I think they are of a very high quality, very well built, and very convenient.	Paraparaumu-Raumati	Male	55 to 59
I use it a lot. It provides a good service, and staff are helpful. They have improved it.	Otaki	Female	45 to 49
I use it every week and I find it very good. I get a text if it's closed temporarily.	Paraparaumu-Raumati	Female	70 to 74
I use the aquatic centre. I go to aqua fit classes. It is an excellent and beautiful new pool.	Paraparaumu-Raumati	Female	70+ years
I use the spa and sauna.	Paraparaumu-Raumati	Female	45 to 49
I use two. One at Otaki and the aquatic centre, which is lovely.	Otaki	Female	30 to 34
It has warm showers and it is clean. It is very adequate, and the staff are good.	Otaki	Female	70 to 74
It is a good open air pool, but I am dissatisfied with the expense of the Paraparaumu pool.	Waikanae	Male	70 to 74
It is in very good condition.	Paraparaumu-Raumati	Female	65 to 69
It is new and has the latest water cleansing technology. The staff are well trained. It is the best thing the Council has done in the seven years I have lived here.	Paraparaumu-Raumati	Male	70 to 74
It is perfectly fine, but the atmosphere's far too hot. The ventilation is shocking. Poolside attendants are fanning themselves with books which is not good. Every time we've been there the staff said it's bad. To ventilate it better would not affect the water temperature. The people there that are not using the water get far too hot.	Paraparaumu-Raumati	Male	70 to 74
It seems very clean, it is good for children, and a nice environment.	Paraparaumu-Raumati	Female	55 to 59
It's a good new pool.	Waikanae	Female	50 to 54
It's a marvellous facility for all ages.	Paraparaumu-Raumati	Female	70 to 74
It's a new pool and seems to be catering for all.	Paraparaumu-Raumati	Female	70+ years
It's clean. My daughter takes lessons, and the instructors are good. It is also cheap.	Paraparaumu-Raumati	Female	45 to 49
It's of a very high standard. The facilities are very good and it caters for all ages. The activities are very good.	Otaki	Male	70+ years
Lovely centre, and inside.	Paraparaumu-Raumati	Male	70 to 74

My grandchildren are very satisfied. I am very happy with it. It is clean and tidy, and there is a good slide at Paraparaumu. Outside one different.	Paraparaumu-Raumati	Male	65 to 69
New pool and large and modern.	Paraparaumu-Raumati	Male	50 to 54
New pool is good.	Paraparaumu-Raumati	Female	55 to 59
No complains at all	Paraparaumu-Raumati	Male	70 to 74
No problems, and the staff are good.	Paraparaumu-Raumati	Male	70 to 74
Only a small district and we have three pools, so there are lots of options.	Waikanae	Female	35 to 39
Otaki has just been upgraded and they have superb facilities that are top of the range. I have not been to the Waikanae pool.	Otaki	Female	65 to 69
Otaki pool is run well, the water is warm, and the staff are friendly.	Otaki	Female	65 to 69

Waikanae pool is a 5 and the aquatic is a 2. I am dissatisfied with the fact that you can't use at leisure because lanes are booked. Stop children at 16:00 to swimming lanes, and no-one uses them.	Otaki	Male	60 to 64
We take our grandchildren there, and they love it.	Paraparaumu-Raumati	Male	65 to 69
We use Waikanae and Paraparaumu and the upgrade is just amazing. Good for kids, love it, good park and things for kids on water slide	Paraparaumu-Raumati	Male	40 to 44

22b. Why are you very dissatisfied with access points to beaches?

Verbatim comment	Community board	Gender	Age
I have a pram and its hard to get down to the beach.	Paraparaumu-Raumati	Female	25 to 29
I live in Peka Peka, and there is only one access. There should be more access points to the north and south. There are too many cars in that area, and there has been a build-up of houses since the last census. There is no toilet either. There may be a walkway, but no good access for handicapped, and no car access close to the beach. You have to walk half a kilometre. It is a long walk to cars, beach or picnic gear. There is one other access that is on a private road, and the people will not let the public through.	Waikanae	Female	65 to 69
I push a pram, only have one ramp which is for the boats. Point is, need footpath or another ramp for foot passengers or prams.	Paraparaumu-Raumati	Female	35 to 39
The access points are deteriorating. Every time there is a storm or high tide it causes damage to the railings or wooden steps get ripped away. The rock wall has made our beach worse as the beach area with the sand has disappeared.	Paraparaumu-Raumati	Female	45 to 49
There should be better, or more signs on the Otaki Beach on the south end.	Otaki	Female	65 to 69

22c. Why are you very satisfied with access points to beaches?

Excellent. We have got walkways in different areas to get to beach, on or off.	Paraparaumu-Raumati	Male	65 to 69
Fine. The access ways are excellent. There are two signs 20 metres apart, which is confusing. We are concerned about cars doing wheelies on the beach, and motor cycles on the beach. They should be watching this.	Otaki	Female	65 to 69

I don't believe it's the Council's role.	Paraparaumu-Raumati	Male	60 to 64
They give away too much.	Paraparaumu-Raumati	Male	50 to 54

23d. Why are you very satisfied with the Council's community support services?

Verbatim comment	Community board	Gender	Age
A friend's experience.	Waikanae	Female	70 to 74
A lot of help is given to a wide range of services. A lot of social support, not just to sport. For example Maori art, marathon, digs on the beach for children, kite festivals, arts trail, garden trails, sustainable home and garden show, and food festivals.	Otaki	Female	65 to 69
Because I know they help small groups and individuals who find it hard to fundraise for their activities.	Paraparaumu-Raumati	Female	60 to 64
Because their assistance and reaction is very good.	Paraparaumu-Raumati	Male	70+ years
Elderly neighbours are well looked after.	Paraparaumu-Raumati	Male	70+ years
Followed through with finance.	Waikanae	Male	70+ years
I belong to a local group who has had grants from the Council and won a community award last year. Kapiti Coast Quilters.	Paraparaumu-Raumati	Female	65 to 69
I belong to Age Concern, and many other groups.	Paraparaumu-Raumati	Female	70 to 74
I have applied for funding in the past and they were very helpful, simple and straight forward.	Paraparaumu-Raumati	Female	70+ years
I have attended a driving class which was free and morning tea was included. It was very well done. I think the Council is really good in providing this sort of thing.	Paraparaumu-Raumati	Female	70+ years

I was part of the Otaki Toy Library for 12 years and we were granted Council grants to pay the rent for the building so we can stay viable till the membership numbers increase. The support the Council has given the community is marvellous.	Otaki	Female	65 to 69
I'm doing a management plan to have people visit my land.	Otaki	Male	50 to 54
It is a transparent system. A very open system, and dealt with fairly.	Paraparaumu-Raumati	Female	65 to 69
Member of family has received and an organisation i am involved with.	Waikanae	Female	55 to 59
My own community group has recently had grants given. It is nice to have something on a local level.	Paraparaumu-Raumati	Female	45 to 49
The Council is very supportive of events in the area that I am associated with.	Paraparaumu-Raumati	Male	60 to 64
The range and way it is distributed, and the outcome.	Paraparaumu-Raumati	Female	70+ years
They cater to the age of population.	Waikanae	Male	60 to 64
They spread it as far as possible, and do not concentrate on one thing.	Paraparaumu-Raumati	Male	50 to 54
They supported beach cleanup yesterday. The council does support the community, and know they are more than willing to assist in community events.	Paraparaumu-Raumati	Female	30 to 34

24b. Why are you very dissatisfied that town centres have high quality public spaces and facilities that are safe and functional?

Verbatim comment	Community board	Gender	Age
Answer was a 4, however I find parking very hard in Otaki. I have a disabilities card, but there is not a lot of parks available for disabled people. Having said that, I have found the parking wardens very helpful.	Paraparaumu-Raumati	Female	70+ years
At Paraparaumu and Waikanae railway station there is not enough parking unless you are there before 7:00 for main parking, otherwise you end up by Big Save, an unlit area which is unsafe.	Paraparaumu-Raumati	Male	45 to 49
Car parking at railway station.	Paraparaumu-Raumati	Male	65 to 69
I don't believe that staff should be allowed to park in the car parks, as there is not enough parking. I know there is no more land without moving houses.	Otaki	Male	50 to 54
I don't think they are very safe nor well planned. Waikanae and	Waikanae	Female	45 to 49

Paraparaumu don't have a community atmosphere. These town centres have not been developed with the public in mind.			
It has grown like topsy. It is hard to see there is a plan, it is just there. They are just a collection of shops.	Paraparaumu-Raumati	Male	70 to 74
It is atrocious to catch transport trains after 9:00. Can't get a park. When I got a bus it wasn't there in time to meet the train Paraparaumu.	Paraparaumu-Raumati	Female	70 to 74
It is totally farcical to call town centre Paraparaumu. It is mostly paddock. It needs facilities for elderly to walk in. A nice garden area. A town centre. Places for gatherings or parades , and a traffic free zone.	Paraparaumu-Raumati	Female	65 to 69
It's run down, and they try to get money out of parking when there is sufficient parking. There is nothing much there. It needs developing.	Paraparaumu-Raumati	Male	55 to 59
Mahara Place is tired and dilapidated. It has very few high quality shops and is a dinosaur. It is boring. It would be nice if it was a boutique shopping area like Raumati Beach.	Waikanae	Female	55 to 59
Not enough rubbish bins around.	Paraparaumu-Raumati	Male	55 to 59
Otaki insufficient space for a deluded designer. Not enough parking spaces. The road way and roundabout are insufficient.	Otaki	Male	65 to 69
Otaki is very poorly serviced if you can't drive.	Otaki	Female	70+ years
Parking in Otaki is difficult. Footpath is too wide.	Otaki	Female	70+ years
The town planners have it completely wrong. I took an interest in the District Plan. They had all sorts of stuff about the position of the front door, and seemed to come out of the book rather than using common sense.	Waikanae	Male	70+ years
There is no town centre in Paraparaumu.	Paraparaumu-Raumati	Male	50 to 54
There is not enough parking at Waikanae train station.	Waikanae	Female	40 to 44
There is such a vast variety in shopping areas and who owns the buildings regarding quality of cleanliness and standards.	Waikanae	Female	65 to 69
There were some undesirables under the overhead bridge, but other than that, pretty good.	Paraparaumu-Raumati	Male	70 to 74
They are all kind of mishmash, and they have grown so that there is no real town centre anymore, just shopping malls. Otaki is about the best, and now they are putting an expressway through the middle.	Waikanae	Female	50 to 54
Waikanae town centre is a headache for car parking.	Waikanae	Male	55 to 59

Waikanae, Mahara Place needs lighting. It needs to be made a more welcoming place. Retailers are shutting up and moving out.	Otaki	Female	60 to 64
We badly need more car parking for commuters.	Waikanae	Female	50 to 54
We don't have one. It's a commercial centre.	Paraparaumu-Raumati	Female	55 to 59
We need more car parks, and more car parks at the railway centre.	Waikanae	Female	50 to 54

24c. Why are you very satisfied that town centres have high quality public spaces and facilities that are safe and functional?

Verbatim comment	Community board	Gender	Age
All have amply parking, and are easy to get in and out off. Paraparaumu gets a bit congested at times.	Otaki	Male	70+ years
At night it is well lit coming from the railway through green pale. Good seating.	Paraparaumu-Raumati	Male	50 to 54
Because they provide very good facilities.	Paraparaumu-Raumati	Female	70+ years
Car park at the mall, sheltered seating.	Waikanae	Male	60 to 64
Good facilities. Open toilets. Well patronised.	Otaki	Male	70+ years
Has easy access for people who are elderly.	Paraparaumu-Raumati	Female	55 to 59
I have no complaints.	Paraparaumu-Raumati	Male	70+ years
I have no complaints.	Paraparaumu-Raumati	Male	70+ years
I just am.	Waikanae	Male	70 to 74
I think there is plenty of seating, and easy access to public toilets. It is well sign posted.	Paraparaumu-Raumati	Female	45 to 49
Il think it has to be compared to other places, and on that basis I'm satisfied.	Waikanae	Male	70 to 74
I'm more aware of the facilities that are there, and we use them.	Paraparaumu-Raumati	Female	55 to 59
It is clearly marked, and easy to get to.	Paraparaumu-Raumati	Female	70+ years
It is difficult to say.	Paraparaumu-Raumati	Male	70 to 74
It's pretty good.	Paraparaumu-Raumati	Female	70 to 74
It's what we have got I suppose.	Waikanae	Male	60 to 64
I've been to them all and never had a problem.	Paraparaumu-Raumati	Female	65 to 69
Just easy access and all pretty close for us, you cannot get lost really.	Paraparaumu-Raumati	Male	40 to 44
Nothing dangerous, I don't hear of injuries.	Waikanae	Male	70+ years

Plenty of parking.	Paraparaumu-Raumati	Male	70 to 74
There is excellent work in the Pakakariki town centre, with seating, footpaths and they have done well in the last 3 to 4 years. There are lovely plantings . I am very much aware with the work and the footpaths, lighting and seating by the shops.	Paraparaumu-Raumati	Male	70+ years
There is nothing wrong with the centres at all.	Otaki	Male	70+ years
They are adequate. I have no complaints.	Paraparaumu-Raumati	Female	70+ years
They are at convenient points in the suburbs, and well maintained. The seating is excellent.	Paraparaumu-Raumati	Female	70+ years
They are beautifying the area with trees and seats, and providing rubbish bins.	Paraparaumu-Raumati	Female	60 to 64
Well maintained good parking.	Paraparaumu-Raumati	Male	70 to 74
You feel safe there in the open. It is well lit up.	Paraparaumu-Raumati	Male	70+ years

25b. Why do you strongly disagree that the District is developing in a way that takes into account its unique character and natural environment?

Verbatim comment	Community board	Gender	Age
Because of the motorway.	Paraparaumu-Raumati	Male	45 to 49
Because of the motorway going through our district, it cuts it in half.	Paraparaumu-Raumati	Male	40 to 44
Building a road right through our community which isn't great. Think should have built near existing highway.	Paraparaumu-Raumati	Female	45 to 49
Council is allowing the place to be swamped, and the character has changed.	Paraparaumu-Raumati	Male	70 to 74
I do not think there is not enough of the community being listened too.	Otaki	Female	70+ years
I feel that the money is being spent on the council infrastructure instead of public good.	Paraparaumu-Raumati	Female	65 to 69
I think that the environment is not being considered enough in any development plans.	Paraparaumu-Raumati	Female	40 to 44
I think that the road going through the area is not taking into account environmental needs of the place. Some of our favorite walking tracks are going to be gone.	Paraparaumu-Raumati	Female	25 to 29
I think the rate of development is far too rapid. Not allowing natural pace	Paraparaumu-Raumati	Male	70 to 74

of growth. It is too intense and it is destroying the village character of the coast. It is becoming like a dormitory suburb of Wellington. Not enough attention has been paid in Paraparaumu for green spaces.			
It should grow organically. It will just grow.	Waikanae	Male	70+ years
Only because of the expressway, it will completely change the nature of our little town and is not the right option.	Paraparaumu-Raumati	Male	40 to 44
Sub-division is destroying the original feel of the district.	Paraparaumu-Raumati	Male	60 to 64
The coast is described as nature coast, the new development north end of Waikanae, the residential, they should be using more art around the district.	Paraparaumu-Raumati	Male	45 to 49
The express way.	Paraparaumu-Raumati	Female	55 to 59
The expressway has ruined it. They put it in the wrong place.	Paraparaumu-Raumati	Female	65 to 69
The expressway is going to wreck Kapiti. A complete disaster.	Otaki	Male	70+ years
The expressway.	Paraparaumu-Raumati	Female	55 to 59
There is too much development happening and not enough car parks.	Paraparaumu-Raumati	Male	55 to 59
They are not listening to the people who live here, and they are going ahead without thought. It does not matter what you say or explain, they still do not listen to the people. This is in Peka Peka, north of Waikanae, which will die. They are developing the shopping centre, but not encouraging people to live here. They need more accommodation for the people here. It is still the same people who will shop here, so do not need more shops. It is an hour from Wellington by train, and is a good area.	Waikanae	Female	65 to 69
They have allowed the government to impose a motorway right through Kapiti centre.	Paraparaumu-Raumati	Female	70+ years
We have unique beaches and coastlines, and they are being flattened by bulldozers for roads or subdivisions. Lovely sand dunes, which are now subdivisions	Waikanae	Female	50 to 54
We just see a lot of planning only.	Paraparaumu-Raumati	Male	40 to 44

25c. Why do you strongly agree that the District is developing in a way that takes into account its unique character and natural environment?

Verbatim comment	Community board	Gender	Age
Before something goes up they look seriously at the area and community before acting.	Paraparaumu-Raumati	Male	50 to 54
Development hasn't impeded on the beach.	Otaki	Male	70+ years
Everything happening at once. Alterations, changing.	Waikanae	Male	60 to 64
I just agree.	Paraparaumu-Raumati	Female	70+ years
I know that with all the motorway works there is a lot of environmental work going on, to keep it as it was in the past. I like what's happened to the Waikanae River. The pathways are better than they were five to ten years ago.	Waikanae	Male	55 to 59
I moved from Upper Hutt to Kapiti Coast, and I love it here. I know water has been an issue, and no-one could agree to anything. The Council is putting money forward to help with water problems.	Otaki	Male	50 to 54
I say they are doing a good job.	Paraparaumu-Raumati	Male	70+ years
I think the Levin Mayor and Council are doing so much in developing the centre. Otaki is growing in population, and I think they are doing a great job. I would not like to have to do it with the increase in population and the lack of housing. I was a volunteer for victim support for some years and I had advice from the Council office several times, and they were very good.	Paraparaumu-Raumati	Female	70+ years
I think we are fortunate to live on the Kapiti Coast, and we can't change it.	Waikanae	Male	70 to 74
It is difficult to say.	Paraparaumu-Raumati	Male	70 to 74
Just that there is a lot of progress going on in the community, always updating stuff.	Paraparaumu-Raumati	Male	20 to 24
Otaki has a sculpture and good seating.	Otaki	Female	65 to 69
Overall appears to be conducted and handled well.	Waikanae	Male	70+ years
Seem to take into account the area and improving with landscaping.	Paraparaumu-Raumati	Female	70+ years
The road is a good example they are obviously taking care of environment making sure top priority. I am impressed with how they have gone about it.	Paraparaumu-Raumati	Male	40 to 44

They have kept the area in the right perspective. I like the walkways.	Paraparaumu-Raumati	Male	60 to 64
We are unique. We have walks, and rivers we can walk down.	Otaki	Female	60 to 64
Yes, it's good to see if the council has to remove a tree etc, they replace with new ones, some times more than one.	Paraparaumu-Raumati	Female	60 to 64

27b. Why are you very dissatisfied with Council's overall performance?

Verbatim comment	Community board	Gender	Age
Although people are doing it tough financially. It seems the council are quite willing to give big pay rises to people in charge and spend money. They think they can put the rates up and spend money on non-essentials and large pay increases. Big flash council buildings, wage rises for the top people citing that's the top rate for those people in the private sector. A lot of people on fixed incomes don't get the large increases, they vote for themselves and once again I'm totally disgusted with the water meter debacle. Council is out of touch and arrogant. Not willing to listen.	Paraparaumu-Raumati	Male	45 to 49
Charges for permits for sheds on properties are ridiculous. Rates are not proportionate to the services we receive as residents in a rural area.	Otaki	Female	60 to 64
Council has made many short sighted decisions, for example the water meter disadvantages young families.	Paraparaumu-Raumati	Female	55 to 59
I am dissatisfied about the Kapiti Council building and the new swimming pool. They could have spent the money to put in a dam. They spend money in the wrong places.	Otaki	Female	70 to 74
I am extremely dissatisfied about paying for water. It is shocking we are paying for water. They need to clear some of the drains so they don't blocked up and cause flooding.	Paraparaumu-Raumati	Female	65 to 69
I am not happy that they didn't ask the public about the rail service for Otaki. They forgot about us. We are not included in the health services, so we don't get hospice services. We are stuck in limbo.	Otaki	Female	60 to 64
I don't get anything for my rates. No rubbish, and no water, but I am charged for everything. My \$1700 is a property owner's tax. It's just a revenue collection	Waikanae	Male	70 to 74

I don't think they are doing a whole lot of good for the community and don't think they are listening to what people want.	Paraparaumu-Raumati	Female	30 to 34
I have been dissatisfied with the Council for a long time. They procrastinate and won't make a decision. They are impossible to get a decision out of.	Paraparaumu-Raumati	Male	55 to 59
I pay \$1900 in rates and I get no essential services. We pay water as it is part of the rates. The Council decided to put in water meters. The Council knocked on the door to put in a meter, then they said I'm not getting one. However I got an account for the metering cost, for maintenance on pipe line. They said one day I might want to hook up to the system.	Otaki	Male	65 to 69
I think the panel that decided the fate of the CEO was a forgone conclusion before they even sat.	Otaki	Female	70+ years
I'm indifferent.	Paraparaumu-Raumati	Female	55 to 59
Otaki doesn't get enough of anything. Our roads are bad, the library is under resourced, and we have stray dogs and no policing of it.	Otaki	Female	50 to 54
The Council are a bunch of crooks. The Mayor is a fraud, and got in under false pretences. They ignore what people are voting for.	Paraparaumu-Raumati	Male	55 to 59
The Council's decision making is poor, for example water meters.	Paraparaumu-Raumati	Male	40 to 44
The expressway. I am in close proximity and have cracks appearing on my house. I have contacted the Council. They do not want to know, and pass me on to the developers. There are 1400 household involved, and will not stand up for themselves against the politicians. The Councillors need to be accountable.	Paraparaumu-Raumati	Male	60 to 64
They fight against each other in public, which is not good. There is a lack of leadership. I don't want a Super Council.	Waikanae	Male	65 to 69
They have a huge amount of staff, and when you go to the Council to talk about an issue you end up talking to two or three people about the same subject.	Paraparaumu-Raumati	Male	60 to 64
This one here is not good at all. We nominate the councillors to work for us in the community, and they do not listen to the community. They are too old, and in it for themselves. It is a good retirement job.	Waikanae	Female	65 to 69
Value for money in rural areas is not there. Need to live within its budget. Pensions don't increase. Know they have a subsidy. Development of land	Otaki	Male	60 to 64

is beyond water supply.

Water meters were put in even when the public didn't want them. Traffic lights on Kapiti Road and Te Roto Drive are causing more of a congestion. Lights are too slow in changing.

27c. Why are you very satisfied with Council's overall performance?

Verbatim comment	Community board	Gender	Age
A huge amount of catching up has been done in the last six years in infrastructure. Tough decisions made by previous Council has been followed through by this Council.	Otaki	Female	65 to 69
I am very impressed with what they do and accomplish.	Paraparaumu-Raumati	Male	60 to 64
I feel I have deal a lot with the Council over last 12 months, and all has been positive. I feel they do their best for Kapiti community.	Paraparaumu-Raumati	Female	30 to 34
I just think they are just so approachable and helpful.	Paraparaumu-Raumati	Female	70+ years
I know they get some flack but they are doing their best.	Paraparaumu-Raumati	Male	40 to 44
I know you get the moaners but on the whole, they are doing a good job.	Paraparaumu-Raumati	Female	45 to 49
I thought it was a good response to our recent flooding.	Waikanae	Female	50 to 54
It is a lovely place to live. We get around easily, except for the expressway. Most of us came to live in a quiet seaside village, and it is getting too big. They are building over farmland, and it keeps spreading out, which is a shame.	Paraparaumu-Raumati	Female	70+ years
It is difficult to say.	Paraparaumu-Raumati	Male	70 to 74
So long as we keep fixing the shot term things.	Paraparaumu-Raumati	Male	55 to 59
The council are concerned about how things are in the area, and are doing their best. The reports on the council member disagreeing on things is disturbing, as one wants the Council to be in agreement.	Paraparaumu-Raumati	Female	70+ years
The old mayor did an awesome job, and I think this council is doing well.	Paraparaumu-Raumati	Male	45 to 49
The recent flooding has had nothing but positive feedback from those affected.	Paraparaumu-Raumati	Female	45 to 49

There are a lot of proactive people in the Council, and it's getting better and better. The best thing they did was put rail in.	Otaki	Male	50 to 54
They are doing a lot of the right things that need doing.	Paraparaumu-Raumati	Male	65 to 69
They are doing a very good job.	Waikanae	Female	60 to 64
They don't get enough credit for purchasing the land up the hill by Waikanae River.	Waikanae	Male	55 to 59
