

Further submission in support of, or in opposition to, submission on notified proposed plan change

About preparing a further submission on a proposed plan change

You must use the prescribed form

- [Clause 8](#), Schedule 1 of the Resource Management Act 1991 (RMA) requires further submissions to be on the prescribed form.
- The prescribed form is set out in [Form 6](#), Schedule 1 of the Resource Management (Forms, Fees, and Procedure) Regulations 2003.
- This template is based on Form 6. While you do not have to use this template, your submission must be in accordance with Form 6.

Certain persons may make further submissions

- Under clause 8, Schedule 1 of the RMA the following persons may make a further submission, in the prescribed form, on a proposed plan to the relevant local authority:
 - any person representing a relevant aspect of the public interest
 - any person that has an interest in the proposed policy statement or plan greater than the interest that the general public has
 - the local authority itself.
- You will need to explain why you meet one of these categories (space is provided in the form for this below).

Your further submission and contact details will be made publicly available

- [Section 352](#) of the RMA allows you to choose your email to be your address for service. If you select this option, you can also request your postal address be withheld from being publicly available. To choose this option please tick the relevant boxes below.

Note to person making the submission

- A copy of your further submission must be served on the original submitter within 5 working days after it is served on the local authority (Kāpiti Coast District Council).

Reasons why a further submission may be struck out

Please note that your further submission (or part of your further submission) may be struck out if the authority is satisfied that at least 1 of the following applies to the further submission (or part of the further submission):

- it is frivolous or vexatious
- it discloses no reasonable or relevant case
- it would be an abuse of the hearing process to allow the submission (or the part) to be taken further
- it contains offensive language
- it is supported only by material that purports to be independent expert evidence, but has been prepared by a person who is not independent or who does not have sufficient specialised knowledge or skill to give expert advice on the matter.

Particular parts of the submission I support (or oppose are)	The reasons for my support or opposition are:	I seek that:	Be:
S122.17	Support in part - we support the notion that design guides should not be included in the plan change in a capacity whereby they act as 'defacto rules to be complied with' - although we welcome good practice design and support that this process has to include flexibility for innovation to cater for unique positive outcomes which sit outside of the scope of the guides.	Part of the submission	allowed
S122.41	Support - as per Landlink's initial submission we do not believe the modest proposed rezoning of 13 areas will give effect to the NPS-UD particularly policy 3 and subsequently Policies 1 & 2. We therefore support the policy intent to support the development of 'new urban areas' in certain circumstances in situations where a viable case can be made for a new urban area in line with other relevant policy provisions e.g. National Policy Statements. .	Part of the submission	allowed
S122.42	Support - as per Landlink's initial submission we do not believe the modest proposed rezoning of 13 areas will give effect to the NPS-UD particularly policy 3 and subsequently Policies 1 & 2. We therefore support the policy intent to support the development of 'new urban areas' in certain circumstances in situations where a viable case can be made for a new urban area in line with other relevant policy provisions e.g. National Policy Statements. .	Part of the submission	allowed
S122.59	Support in part - as per Landlink's initial submission we do not believe the modest proposed rezoning of 13 areas will give effect to the NPS-UD particularly policy 3 and subsequently Policies 1 & 2. We therefore support the policy intent to support the development of 'new urban areas' in situations where a viable case can be made for a new urban area in line with other relevant policy provisions e.g. National Policy Statements.	Part of the submission	allowed

S122.60	Support in part - Support broadening policy scope for a varied provision of housing in the region which can meet the communities broad range of needs.	Part of the submission	allowed
S122.80	Support in part - we do not support the retention of min lot sizes and a XXm diameter circle for residential subdivision - please see initial Landlink submission for further detail .General advise (e.g. Gov source Quality Planning) outlines that ...the non-complying activity status is intended for situations where it is intended consents only be granted in exceptional circumstances. Given the potential permitted baseline through land use retaining a non-complying activity status for subdivisions which do not meet min 450m lot size or 15m diameter circle is overly restrictive and not conducive to the implementation of the NPS-UD. Suggest a new min lot size is determined through analysis of size of lots that MDRH can be reasonably facilitated on - retention of 450m2 - reflects older provisions of the District Plan which did not account for MDRH. We acknowledge this is a complex area and work maybe constrained given short timeframes but a well-considered new min lot size (if retention of a min lot size is considered appropriate) will likely lead to better urban design outcomes.	Part of the submission	allowed
S122.163	Support in part - we support the notion that design guides should not be included in the plan change in a capacity whereby they act as 'defacto rules to be complied with' - although we welcome good practice design and support this process has to include flexibility for innovation to cater for unique positive outcomes which sit outside of the scope of the guides.	Part of the submission	allowed
