SATURDAY 19 JUNE WAIKANAE MEMORIAL HALL

Walk in Wardrobe

10am – 1pm: Walk in wardrobe is the perfect opportunity to support Sustainable fashion trends while saving money on some truly unique pieces. Everyone loves a good bargain, and although it takes patience, searching through racks and piles of pre loved clothing is the perfect place to find one.

Reject fast fashion and update your wardrobe with finds for woman, men and kids. Free entry.

SATURDAY 3 JULY , WHAREROA FARM CARPARK

Te Ara Ramaroa: A BotSoc field trip

9.30am: Led by Leon Perie and Lara Shepherd, from Te Papa Tongarewa. We will botanise a new track (Te Ara Ramaroa) at Whareroa Farm. Te Ara Ramaroa passes through remnant tawa / kohekohe forest. Highlights include a very large Streblus banksii and a good diversityof ferns. You will then have the option of returning the same way to the car or via the Ramaroa wetland walk and Forest Loop track.

Map: NZ Topo50-BP32 Paraparaumu.

Meet: 9:30 a.m. at Whareroa Farm car park (exit SH1 at Mackay’s Crossing).

SUNDAY 4 JULY, ŌTAKI MEMORIAL HALL

Ōtaki Repair Café

10am – 2pm: "Get your Fix" - Come to the Ōtaki Repair Café. Throwing things out is easy but also costly and not good for our environment. Learn instead how to fix things (mending clothes, sharpening knives, simple bike repairs, and, more) or have our volunteer fixers help you with electrical and mechanical problems. It’s fun to fix things.

TUESDAY 13TH & THURSDAY 15 JULY, MAHARA GALLERY WAIKANAE

Mahia nga manu – bird artworks

10am – 11am: Join artist Harriet Bright and learn to make paper feathers, for bird art pieces, suitable for children aged 6 – 9yrs. As part of the exhibition come and enjoy the creations of Ngā mahi toi o ngā tauira no Hato Petera kaniera me Te Kura Kaupapa Māori o Te Rito, St Peter Chanel and Te Kura Kaupapa Māori o Te Rito.

Limited to ten per workshop, entry free.

Call the gallery for bookings 04 902 6242 or info@maharagallery.org.nz.

TUESDAY 13TH & THURSDAY 15TH JULY

Drawing nests

12.30pm – 2pm: Drawing nests, discover some techniques to use so you can begin to draw nests.

Suitable for ages 10 – 16yrs. Limited to ten per workshop, entry free.

Call the gallery for bookings 04 902 6242 or info@maharagallery.org.nz.

SATURDAY 26 JUNE, ŌTAKI COLLEGE

Growing Community through Gardens

10.00am – 11am: Ōtaki College’s horticultural garden is a fantastic resource with huge potential that like us all is looking for some loving and attention!

Kate Lindsay, one of the Learning Support Coordinators for Te Kāhui Tokotoko o Ōtaki and Mike King from ‘Finders eaters foraging’ www.finderseatersforaging.com/ are excited to get things moving again.

We acknowledge that many people have plunged their hands into the garden over the years and this is why it has been successful and abundant. We invite you all back and encourage others to attend, so we can learn the whakapapa of the trees you planted, hear your stories and honor your contribution to design its future.

Come along for a tour with Kate and Mike who are keen to work with the community to instigate regular get togethers, understand what the barriers are and start growing nutrient dense kai together!

We have the land, we just need your hands, kōrero and cuppa to follow, nau mai, awhi mai.

SUNDAY 11 JULY, RAUMATI TECHNOLOGY CENTRE, 135 HILLCREST ROAD, RAUMATI BEACH

Build your own dog poo composter

10.00am – 10.45am: Learn how to compost your furry friend’s poo safely in your own garden, and make a composter to take home. If you have a battery powered drill or a handsaw please bring them along. \$5 cost for materials, please register for this event, numbers are limited.

SUNDAY 11 JULY, RAUMATI TECHNOLOGY CENTRE, 135 HILLCREST ROAD, RAUMATI BEACH

How to compost noxious weeds

11.15am – 12.15pm: How can you compost weeds without spreading them throughout your garden? Come along to learn about different methods to turn noxious weeds into rich compost and liquid fertiliser on your own property. It’s easy!

SATURDAY 17 JULY, TE POU O TAINUI

Beginners Guide to Rongoā

10am – 4pm: Ideal for beginners who are interested in Rongoā Māori and have little or no experience. You will learn some of the medicinal properties of plants that are easily accessible and learn how to make wairākau (herbal infusions), panipani (ointments) and poultices for specific ailments. Join Joanne Hakaraia, healer, teacher and student of rongoā. We will also touch on the mauri of rākau. Open to everyone, please bring a koha and something for the kai table, Nau mai haere mai, limited numbers please register through eventfinder.

SUNDAY 25 JULY HE ITI NAA MOOTAI

Fruit tree pruning and living mulch

10am – 11am: Learn more about how to prune your fruit trees and give it a go yourself. Creating living mulch to keep your trees warm during winter and cool during the hotter months, have multiple benefits for biodiveristy, beneficial insects and overall garden health. We will design and plant some together. Explore the maara with us learn more about future designs and plans. Please bring a koha for the kai table, nau mai haere mai.

TUESDAY 27 JULY MĀORILAND HUB

Muka Tangata - The making of Umbilical Ties from Harakeke

11.00am – 2pm: Māmā, whānau, Māori midwives and all, learn the appropriate mātauranga, tikanga and method of this taonga for the benefit of future generations. Eliminate cost and increase sustainable options by learning how to make muka tangata, help heal Papatūanuku and embrace this art form.

Through whanaugatanga, let us build stronger partnerships with LMC, community and core midwives, whanaungatanga within whānau and community where hapū māmā and pēpi are at the centre of well-being.

Two hours from harvest to completion, a koha is welcomed and a plate of kai to share.

www.eventfinda.co.nz

Another No8 wire programme will be run in August and September, email sustainable.communities@kapiticoast.govt.nz if you would like to contribute with a workshop or event.
