BACKGROUND

- 3 The Corporate Business Committee is responsible for monitoring Council's performance against the Long Term Plan and related Annual Plans. This report covers the Council's performance during the first quarter of the 2013/14 year (1 July – 30 September), and reports against the 2013/14 Annual Plan and Year Two of the 2012-32 Long Term Plan. Activity Reports are scheduled to be presented to the Corporate Business Committee within six weeks of the end of each quarter.
- 4 This report summarises performance across the 16 Activities set out in the 2012-32 Long Term Plan. Appendix A provides a status list of the major projects included in the Activity Reports. Appendix B provides the detailed Activity Reports which present an overview of the service and financial performance of each of the Activities. The performance results are presented in the following format:
 - **Activity Overview:**
Indicates the Community Outcomes each Activity contributes to, provides an overview of Key Results for the quarter, and graphs summarising the status of Key Performance Indicators and major projects where applicable.
 - **Key Performance Indicators:**
Levels of Service performance measures and targets are set out in the 2012-32 Long Term Plan. The result achieved for the quarter and the projected year end result represent delivery on these levels of service for each Activity.
 - **Capital Expenditure Projects \$250,000 and above:**
These templates provide the status to date and budget of each major project over \$250,000; a comment on the upcoming milestones and critical activities; an explanation of any risks/issues being managed; and notes on any funding details.
 - **Additional Significant Projects:**
The status of these additional projects is monitored due to the significant impact they have on the development of the District and community. The

expenditure involved may be either operational and/or capital, and does not relate to the \$250,000 capex threshold.

- **Capital Expenditure Projects with a value of less than \$250,000:**
This section provides a summary of smaller capital expenditure for each Activity.
- **Statement of Cost of Activity:**
This table provides a summary of the service delivery cost and funding for each Activity.
