

KAPITI COAST DISTRICT COUNCIL

Ōtaki Ward

Electing 1 Councillor

Shelly WARWICK

My principal place of residence is in the Ōtaki Ward area. I am also standing for Otaki Community Board and Mid Central District Health Board.

I'm Otaki born & bred, a mother of 4, and a registered Nurse. I believe Otaki is a special place and the people who live here make it a special community. I have been involved in many committees and Road safety campaigns in Otaki, achieving great results, including improved road safety outcomes for our children.

Currently a member of the Otaki Community Board, I feel Otaki needs a strong, loyal voice around the Council table. We also need positive and pro-active communication with other Councils and DHB's to ensure our community and it's needs are included. The building of the PP20 has brought opportunities and challenges to Otaki. I have advocated through this construction process for Road Safety considerations and connections such as the Shared Path. I will continue to do so, having already engaged with our Northern neighbouring Council to talk connections for the next stage of the expressway.
