2. Verbatim Comments (Reasons for Dissatisfaction)

REASONS FOR BEING DISSATISFIED WITH: HOUSING FOR OLDER PERSONS

You've said you were dissatisfied with What are your specific concerns about?

Verbatim responses:

There are a lot of older people in Kapiti coast. Heard of highest rate of elderly abuse in Kapiti. Not happy to hear this.	Female, Paraparaumu, 18-39
Actually quite limited in this area and most private.	Male, Paraparaumu, 40-64
Apart from the private sector, not enough information about the housing for older persons.	Male, Waikanae, 18-39
Because I have had issues to do with that in the past.	Male, Paraparaumu, 40-64
Doesn't seem to be enough. Long time to wait for the housing.	Male, Waikanae, 18-39
I don't have any reasons.	Male, Paekakariki-Raumati South, 18-39
I don't hear much from the council about housing for older persons as you do from other councils.	Male, Paekakariki-Raumati South, 40-64
I don't think there is any.	Male, Paraparaumu, 65+
I don't think they are doing much at all.	Male, Waikanae, 40-64
I don't think they make any effort compared to other councils.	Male, Paraparaumu, 65+
I don't think they should be in the business to provide it.	Male, Otaki, 40-64
I know there are people who are handicapped and I have seen their house, the facilities are not good.	Female, Paraparaumu, 40-64
I live in housing for old people where I have to pay for everything. The council provides very little. The Waikanae is mostly populated by older people; there is very little help for old people other than if the older people pay for themselves which is unaffordable for older people. There is very little help from the council.	Male, Waikanae, 65+
I think they have very few. The only ones I know about are on one street and they are quite rundown. They might have more but I don't know about them.	Female, Paekakariki-Raumati South, 65+
I'm a budget advisor, see a lot of people on the benefit, need some support for them that can afford housing in general.	Female, Paraparaumu, 40-64
There is some housing but not enough, nothing done by Kapiti council.	Male, Paekakariki-Raumati South, 65+
It's not affordable; some people pay 70-80% of their income alone.	Female, Paraparaumu, 40-64
Lot of elderly people living close to poverty who are not looked after.	Male, Paekakariki-Raumati South, 18-39
Mainly the dampness of the houses.	Male, Paraparaumu, 65+
Most old persons housing that are here are private rest homes.	Male, Paekakariki-Raumati South, 40-64
Not dissatisfied, just see a few holes.	Female, Otaki, 18-39
Not enough available.	Female, Paekakariki-Raumati South, 40-64
Not enough of them in the area.	Female, Waikanae, 40-64
Not enough public houses.	Male, Waikanae, 40-64
The people have the opportunity to go into a retirement village and they take too long to leave that.	Male, Waikanae, 65+

REASONS FOR BEING DISSATISFIED WITH:
HOUSING FOR OLDER PERSONS (CONT.0

You've said you were dissatisfied with What are your specific concerns about?

Verbatim responses:

There is not enough of it.	Male, Paekakariki-Raumati South, 40-64
There is not enough of them in the area and the criteria for admission is not fair.	Female, Paraparaumu, 40-64
There is not support for older persons to stay in their own homes, it is especially hard for people who have lived here for 50 years or more who are forced out of their homes to live in a retirement village.	Female, Paekakariki-Raumati South, 18-39

**REASONS FOR BEING DISSATISFIED WITH:
THE COUNCILS FOOD HEALTH AND SAFETY PROGRAMMES**

You've said you were dissatisfied with What are your specific concerns about?

Verbatim responses:

A while ago they tried to stop people having food at local markets. Enforce rules so people can't even have a BBQ for a charity.	Male, Waikanae, 40-64
Because I'm not happy about the water meters, waste of money.	Male, Waikanae, 65+
Because of the market stores and requirements.	Female, Paraparaumu, 40-64
Because they are lacking in communication of such programmes. Would like more information about these services.	Female, Otaki, 40-64
Have to have certified kitchens for products sold at farmer's markets. That is a little strange.	Female, Waikanae, 18-39
I don't see much happening.	Male, Paraparaumu, 40-64
I don't think it's top quality. A lot of information is missing.	Female, Paekakariki-Raumati South, 65+
I don't think they have got one that is workable.	Male, Otaki, 40-64
I have never seen them promote any.	Female, Waikanae, 40-64
I think they are overly officious about the food being sold in the markets.	Female, Otaki, 40-64
I think they should be more stringent with some of the restaurants in the Paraparaumu area.	Female, Paraparaumu, 65+
I thought the difficulties they had were with selling food in the markets because they had to produce food in a building that had to meet certain requirements, including having 2 metres height in their production area.	Male, Otaki, 65+
In their safety programme they should be supporting young children asking them what they want.	Male, Waikanae, 40-64
More inspection required at food outlets.	Male, Waikanae, 40-64
No communication.	Female, Otaki, 40-64
Not dissatisfied, just concerned.	Female, Otaki, 18-39
Over the top when it comes to market.	Male, Otaki, 40-64
That is when they got really pedantic with market garden and a guy producing honey. It's well over the top.	Male, Paekakariki-Raumati South, 18-39
The difficulty for people working at the market. In getting a permit to sell their food. Also council food staff should deal with the people more. Rather than directing them to the websites.	Female, Paekakariki-Raumati South, 18-39
The dog ranger. Even if you call him he's not there. Don't know if they come under health issues. The foot paths are also not very good. Is that health and safety? Well that is all of it.	Female, Paekakariki-Raumati South, 65+
The tap water. I don't think it's drinkable.	Male, Paraparaumu, 18-39
There are not enough pedestrian crossings. There is not enough communication on what's going on.	Male, Waikanae, 65+
They are too hard on people who try and make a few dollars and they stick to the rules, which are ridiculous rules.	Male, Paraparaumu, 40-64
They imposed very strict rules for people who run the Sunday market.	Male, Otaki, 65+
They try to make money off people selling jams and stuff like that. Trying to stop people from selling homemade food on the ground that it was unhygienic.	Male, Otaki, 40-64
Think people should be allowed to set up stores.	Male, Otaki, 40-64

**REASONS FOR BEING DISSATISFIED WITH:
READINESS FOR CIVIL DEFENCE EMERGENCY MANAGEMENT**

You've said you were dissatisfied with What are your specific concerns about?

Verbatim responses:

Because I have not been told or informed about it. And it seems like up to individuals to find out about it rather than council providing this information.	Female, Waikanae, 65+
Because you can't hear the siren.	Female, Paraparaumu, 65+
Civil defence head quarter in Waikanae is always stopped by rail and south of Waikanae remains cut off with head quarter and I didn't have any meeting with civil defence officer.	Male, Waikanae, 65+
Don't know where they will meet.	Male, Paraparaumu, 40-64
I am not aware of any arrangements by the council. We only what I have done personally for me and my wife.	Male, Otaki, 65+
I do not know much but whatever it is it's not reaching us. We are pretty unsatisfied with the council. We are not getting the services at all and rates are going up. We are afraid of the road project.	Female, Otaki, 40-64
I don't know anything about that because there's lack of communication.	Male, Paraparaumu, 40-64
I don't know, they seem to be good.	Female, Paraparaumu, 40-64
I don't think enough effort has been put into it. After Christchurch I thought there would be more info apart from the page in the phone book. I don't know where the civil defence is only in Raumati. Need a lot more info.	Female, Paraparaumu, 18-39
I don't think they are prepared as much as they should be.	Female, Otaki, 40-64
I don't think they have got any thing like that.	Male, Paraparaumu, 65+
I have no idea about them.	Female, Paekakariki-Raumati South, 40-64
I have no idea what would happen in an earthquake or tsunami. There are no signs or bells. I have never been told what would happen.	Male, Waikanae, 40-64
I haven't heard anything back from the council regarding that. I see a lot on TV that's where I get my information from but nothing from the council.	Female, Paekakariki-Raumati South, 40-64
I haven't seen anything on it. I don't know what sirens mean, where I would go etc.	Male, Paraparaumu, 18-39
I m personally not sure about the situation me and my family would be in. I don't know. I'm not sure, so if I don't know I'm not sure then there is a problem. Not satisfied with communication between me and council.	Female, Paekakariki-Raumati South, 18-39
I never hear anything about it, there would be some pamphlets in an emergency situation but I can't see any of it. I would not know where to go in an emergency situation, roads are pathetic. I would be dead by the time one reaches the main road.	Female, Paraparaumu, 40-64
I saw an example of how unprepared they were when the Paekakaieiki flood came in.	Male, Paraparaumu, 40-64
I think the area where I live does not have adequate plans in place at present. This is a community problem as well. I live in Te Horo area.	Male, Otaki, 65+
I think there is very little information about what people should do in an emergency, where they should go to. There is no knowledge as to what needs to be done in an emergency. There is a lack of effective communication in that area.	Female, Paraparaumu, 40-64
I would like to see a little bit more with the siren and thing okay now that we have a lot of earth quakes we have seen a lot of natural disasters so they should do a lot more then what they are doing	Female, Paraparaumu, 40-64

**REASONS FOR BEING DISSATISFIED WITH:
READINESS FOR CIVIL DEFENCE EMERGENCY MANAGEMENT (CONT.)**

You've said you were dissatisfied with What are your specific concerns about?

Verbatim responses:

I've never heard anything about it so I just don't know about it; they've never contacted me about civil defence.	Female, Paraparaumu, 65+
Lack of communication between the council and the public. They need to get their act together on the Otaki township road and layer.	Male, Otaki, 40-64
Lack of communication.	Female, Waikanae, 40-64
Never had public meetings. Never had public meetings or have been informed of them.	Male, Paraparaumu, 65+
No sirens in the area. Fire sirens. No way of differentiating between the emergency and civil defence sirens.	Male, Otaki, 40-64
No warning system for tsunami.	Female, Paekakariki-Raumati South, 18-39
Not enough information. Such as tsunami warning.	Male, Paraparaumu, 18-39
Overall they are not fast enough.	Female, Waikanae, 65+
Some years ago they said they going to be a siren, never heard it.	Male, Waikanae, 65+
The tsunami warning system. I don't believe it's adequate I don't believe there is enough publicity around civil defence for older people.	Female, Paraparaumu, 40-64
There is communications in the radio about it but no proper direction as how to handle in case of emergency.	Male, Paekakariki-Raumati South, 18-39
There was not enough awareness.	Female, Waikanae, 40-64
They are don't communicate very well, don't advertise group meeting as well as could, don't raise the awareness.	Female, Paraparaumu, 65+
They don't discuss the real problems, for example, if a bridge collapses tomorrow due to some disaster, they need to know how to rescue the people who need help, but they discuss other small things.	Male, Otaki, 65+
They don't look forward enough to plan for things e.g. Removal of sewage from septic tanks.	Male, Otaki, 40-64
They have a team but it is not active. It's based in an office. In case of an emergency like a flood there is no-one trained on the ground.	Male, Otaki, 18-39
They should do more public drills and inform people more.	Male, Paekakariki-Raumati South, 40-64
Tsunami area; don't know what procedures they have in place.	Female, Waikanae, 40-64
We live near a river and my in my experience we have had some major floods then the council is too slow to react and we don't get any help.	Female, Paraparaumu, 40-64
Whenever something big goes down, the council are bloody useless.	Female, Otaki, 18-39

**REASONS FOR BEING DISSATISFIED WITH:
COMMUNICATION AROUND COUNCIL MEETINGS**

You've said you were dissatisfied with What are your specific concerns about

Verbatim responses:

A lot of them are held behind closed doors and the public are not informed until after the meetings.	Male, Paekakariki-Raumati South, 65+
A lot of things going on behind close doors, need to get the community involved.	Female, Paraparaumu, 40-64
Because of the water issues and they are understanding wrong, we need something to be done, we are against water meters.	Male, Paraparaumu, 65+
Because we don't get a lot of feedback, they don't listen and they go ahead with what they want to do, their priorities are wrong.	Female, Otaki, 65+
Because we don't know the truth about them	Female, Paraparaumu, 40-64
Don't get enough communication. They make up their minds in the council tables.	Male, Waikanae, 65+
Don't really know when they are happening and maybe in local paper which I sometimes don't get.	Female, Paraparaumu, 40-64
He could not tell when and where and the outcomes of meetings.	Male, Waikanae, 18-39
I am not going to answer every question.	Male, Waikanae, 40-64
I am not particularly interested in attending, but if there is something pertinent like if you want to go and attend and find out what is important they should have a website that you can log on to, something that is more interactive, tells us what decisions are being made, what bills are being put forward, what the elderly are going through. They should look at forming a more neighbourhood community so that everyone knows who is on their street, who their neighbours are. The council should create more awareness so people would stick out for each other in emergency.	Female, Paraparaumu, 40-64
I do not know who the mayor is. Do not know anything about meetings. Where they are held and which are available for the public to go to.	Female, Waikanae, 18-39
I do not really know what they are discussing. It gets reported in the local paper but if it is not reported you do not know.	Male, Waikanae, 40-64
I don't think that we get the whole picture.	Male, Paraparaumu, 18-39
I don't get any form of communication for council meetings.	Female, Paekakariki-Raumati South, 40-64
I don't get the paper delivered. I don't have that information unless I seek that information out. The only info is the rates bill I receive.	Female, Paraparaumu, 40-64
I don't have a lot of faith in the council. There is a lot of breakdown in communication within the council itself. There is a major fundamental mismanagement, wastage of tax money, they are going about the water plan all wrong, and they are charging residents for water. You can't make decisions about the area without consultation with the tax payer.	Male, Paekakariki-Raumati South, 18-39
I don't hear enough about the meetings as to when they are on.	Female, Waikanae, 40-64
I don't know when the meetings are being held.	Female, Otaki, 18-39
I don't know when they are.	Male, Waikanae, 18-39
I don't know when they are unless I call them.	Female, Paraparaumu, 18-39
I don't think half the time there's enough mention for public to have access.	Male, Paekakariki-Raumati South, 65+
I don't think it is reported enough, they don't listen.	Female, Otaki, 40-64
I don't think they tell people what is actually going on.	Male, Paraparaumu, 65+
I haven't seen anything in the local paper about what's being going on a regular basis.	Female, Waikanae, 40-64

COMMUNICATION AROUND COUNCIL MEETINGS (CONT.)**

You've said you were dissatisfied with What are your specific concerns about?

Verbatim responses:

I hear about them because my wife works in the council but I don't think the public knows much. They could do lot more handing leaflets, direct post and dropping off leaflets in post to public to keep people informed.	Male, Waikanae, 40-64
I really don't have a particular reason.	Male, Paekakariki-Raumati South, 65+ Male, Paekakariki-Raumati South, 18-39
I think it's the idea of lack of time for public to consider and submit.	
I would like to know when they are and where they are. When you ring them for answer they don't have any.	Female, Otaki, 65+
I wouldn't have any clue when they are.	Female, Otaki, 40-64
I'm not aware of meetings are about.	Male, Otaki, 40-64
I've never heard about one.	Female, Otaki, 40-64
In the past there has not been great communication. Not always able to go to meetings. The reason I am not working is because I am caring for elderly parents. Only can read what is in local paper.	Male, Otaki, 40-64
Information goes one way and they do not respond on written letter. And when you do get a response it's almost an imposition on their half. It's not their problem. In particular the people in the community with disability.	Male, Waikanae, 65+
It is difficult to communicate with the disabled. They don't have facilities for the disabled. There are no lifts and the council meetings are on the 3rd floor. Also, they don't listen to what the residents have to say.	Female, Otaki, 40-64
It is not open therefore it is not democratic.	Female, Otaki, 65+
It's not advertised what meetings are about.	Female, Paraparaumu, 40-64
Just a few things like I've spoken to councils and it's like speaking deaf ears.	Male, Paraparaumu, 40-64
Just the bullshit that they feed out.	Male, Waikanae, 40-64
Little political. Things that are reported are not important for me and things that I think are important are never communicated.	Female, Paekakariki-Raumati South, 18-39
Most of the time they do not what they are talking about. And the cannot get into the meeting	Female, Paraparaumu, 65+
Mostly hear about them after the event, not enough notifications	Male, Waikanae, 40-64
Need a report that gives direction to council meetings.	Female, Paraparaumu, 65+
Never hear when they are.	Female, Paraparaumu, 40-64 Male, Paekakariki-Raumati South, 40-64
No communication with anyone.	
No one bothers to report the meetings to the public, the only thing I get is the flyer from the mayor so we would vote for them, no one knows what happens in the meetings.	Male, Otaki, 65+
Not enough public notice about it, not enough shown through the political papers about what has come up.	Male, Paraparaumu, 40-64
Not really. Just the way they want to make money from water meters. They know perfectly well that the public doesn't want it. They then have to go on propaganda about water shortage.	Male, Otaki, 40-64
Often closed doors and not reported clearly in the news papers.	Male, Paraparaumu, 40-64 Female, Paekakariki-Raumati South, 40-64
One does not really hear about the decisions made by councils.

COMMUNICATION AROUND COUNCIL MEETINGS (CONT.)**

You've said you were dissatisfied with What are your specific concerns about?

Verbatim responses:

Put the information in newspaper more often, on the internet and make it more attractive to residents.	Male, Paraparaumu, 18-39
Some council meeting are held on camera, very arrogant about water meters.	Male, Otaki, 65+
They don't listen to anything that people vote them in for.	Female, Paraparaumu, 40-64
The impression they give is not suitable or good enough. Regarding the up grading or improving all the facilities.	Male, Paraparaumu, 18-39
The lack of clarity. They don't seem to be strong decision makings meetings.	Male, Paekakariki-Raumati South, 65+
There is no information in the newspapers, radio or media about council meetings about when they are going to happen until after the meeting.	Female, Paekakariki-Raumati South, 18-39
There is not enough notice given about them, they need to know a month ahead, people are busy, not very good with communicating unless it's something they want.	Male, Paekakariki-Raumati South, 40-64
There's a debate about the water, they want to charge people for using water. There wasn't that much information about it. I just saw it once in the paper.	Male, Otaki, 18-39
There's not enough info that comes out of the meeting of what has occurred.	Male, Paraparaumu, 65+
They tell us lies. They do not respect rate payers. They spend the money they want and not the way we want it.	Female, Paekakariki-Raumati South, 65+
They are completely honest when it comes to informing to us.	Male, Otaki, 18-39
They are not communicating properly. Decisions are made without informing everyone.	Female, Waikanae, 65+
They don't actually advertise what is going to happen.	Female, Paraparaumu, 40-64
They don't consult with the people; they don't quite understand that they were elected for the people and not for themselves.	Male, Waikanae, 40-64
They don't do it clearly enough often misleading and self serving	Male, Otaki, 40-64
They don't give enough notification about the meetings	Male, Otaki, 40-64
They don't seem to have the facility to include everyone and seem to have close meetings.	Female, Paekakariki-Raumati South, 40-64
They don't tell the public about some of the meetings. They keep it a secret, they always have meetings but they don't solve anything	Female, Paekakariki-Raumati South, 40-64
They feel they don't have to answer to anybody. They like to talk in riddles. They generally avoid direct questions with uninformed answers.	Male, Paraparaumu, 18-39
They generally advertised everything in the local paper where as they can always go for specific area with the flyers. That will be easier.	Male, Paekakariki-Raumati South, 18-39
They have meetings but there is not any robust positions and leadership.	Female, Paraparaumu, 18-39
Too many decisions are made by them I think the community is advised more they are just decisions not implementing them.	Female, Paraparaumu, 40-64
Too many meetings that were in camera, that were in exclusion of the public.	Male, Otaki, 65+
We do not know what they do and who are allowed to go and held we do not know what they do and who are allowed to go for those meetings. They are held on work days when nobody can go.	Female, Otaki, 40-64
We don't get the opportunity to speak at lot of the council meetings.	Male, Paraparaumu, 65+
We don't hear about things that have been finalised in council meetings.	Female, Paraparaumu, 18-39
We have local papers but I don't remember if they have advertised any meetings - we do hear if there are protests but we don't hear otherwise.	Female, Waikanae, 65+

REASONS FOR BEING DISSATISFIED WITH:
COMMUNICATION AROUND COUNCIL MEETINGS (CONT.)

You've said you were dissatisfied with What are your specific concerns about

Verbatim responses:

We never know about anything that happens. Female, Paraparaumu, 40-64

They are going to introduce water meters and the vast majority of people don't want them who live here they keep telling us to wait for the information. Female, Waikanae, 40-64

When the council says meeting it does not discuss important things. The hazards and the plans. A girl just died on the highway but they wouldn't discuss all this. I have just been t boned today like three times. My children are scared to go on the drive way. We have stopped using the highway. I have been complaining and have been after them but no one seems to care. Female, Waikanae, 18-39

Wouldn't know where to go to find out about the council meetings. Male, Paraparaumu, 18-39

COUNCILS SUPPORT FOR ARTS AND CULTURE**

You've said you were dissatisfied with What are your specific concerns about

Verbatim responses:

Don't know.	Male, Paraparaumu, 40-64
Don't know anything about it.	Male, Paraparaumu, 18-39
I meant that they were supportive of the arts and culture stuff.	Female, Paraparaumu, 18-39
I think they should advertise more of the activities going on in all areas.	Female, Paraparaumu, 65+
More likely to be supported in Paraparaumu.	Female, Otaki, 40-64
Refused.	Male, Otaki, 40-64
Spend too much money on these things, when we have bigger issues to worry about.	Female, Paekakariki-Raumati South, 40-64
The only arts and cultures are in the councils chambers and that is not accessible to the public. There is no public gallery.	Male, Paraparaumu, 40-64
There is not much activity and honestly does not know.	Female, Paraparaumu, 65+
There's only one small community funding and it's been that way for 15 years. The arts trail is only for visual artist, not any other artists; they should have a dedicated art website for the council.	Female, Paekakariki-Raumati South, 40-64
They are paying too much money for that.	Male, Waikanae, 40-64
They make changes regarding art and culture. All for the 2011 rugby world cup.	Male, Paraparaumu, 18-39
We seem to waste money on some things and completely ignore other things.	Female, Paraparaumu, 18-39

COUNCILS WORK ON RESTORING NATURAL ENVIRONMENT LIKE STREAMS, DUNES, WETLANDS, RIVER
CORRIDORS AND BUSH AREAS**

You've said you were dissatisfied with What are your specific concerns about?

Verbatim responses:

I think there is very little progress in this area.	Female, Paraparaumu, 18-39
A little stream running through the property, the front garden. Council law is can't fence in. Concern to me as I have young children.	Female, Paraparaumu, 18-39
A lot is done by volunteers, not much tie up between volunteers. Beaches are not satisfactory.	Female, Waikanae, 65+
A stream very handy to me is very polluted and full of rubbish and nothing seems to be getting done about it. The stream is Mangapouri stream.	Female, Otaki, 65+
Because they do it in places I never go.	Male, Otaki, 40-64
Better signposted.	Female, Paraparaumu, 40-64
They do not take care of it well. The ponds and streams that pass in the district.	Male, Paraparaumu, 65+
I don't see any specific programmes related to these.	Male, Paekakariki-Raumati South, 65+
I don't see them doing anything, not getting any notification, haven't seen any publication of their intentions.	Female, Paraparaumu, 18-39
I haven't heard anything actually. I guess it's just my ignorance.	Female, Paraparaumu, 18-39
I just haven't seen a lot of work done around Otaki.	Female, Otaki, 40-64
I just think theirs always more needs to be done.	Female, Paekakariki-Raumati South, 18-39
I think cleanliness and up keep of them. The council does not look after them	Male, Paraparaumu, 65+
I think some of the streams have litter in them; there is not a lot of signage as to what people should be doing around the rivers. This new road that is being built it will affect the streams and they will use water from the streams. It will affect the flora and fauna in the area which we won't get back.	Female, Paraparaumu, 40-64
I think the streams have become more of the adjoining land's responsibility then the council's.	Female, Paekakariki-Raumati South, 40-64
In our area local groups established the bulk of it.	Male, Otaki, 40-64
It is not applicable, I can't think of one example.	Male, Paekakariki-Raumati South, 40-64
It kind of revolves around the whole idea of putting the new motorway. They're going to destroy the Waikanae river.	Female, Paraparaumu, 18-39
It regarding upkeep of the Wharemauku river. Also the impact on our parks. Walkways etc. It not good for our environment.	Female, Paraparaumu, 40-64
It's taking 2 years and they still haven't even put that on a plan.	Female, Otaki, 40-64
Just after the after care and the community and the work that needs to be done.	Female, Paekakariki-Raumati South, 18-39
Make them nicer.	Male, Paraparaumu, 18-39
No plan for management of any of the ecosystems or environmentally sensitive areas.	Male, Otaki, 40-64
The planned expressway is going to munt everything in its way. The streams are not being cleaned by the council.	Female, Paekakariki-Raumati South, 40-64
The river it's left to other people.	Male, Waikanae, 65+
They should stop doing that because I don't want them to spend my money on that.	Male, Waikanae, 40-64

COUNCILS WORK ON RESTORING NATURAL ENVIRONMENT LIKE STREAMS, DUNES, WETLANDS, RIVER
CORRIDORS AND BUSH AREAS (CONT.)**

You've said you were dissatisfied with What are your specific concerns about?

Verbatim responses:

The streams mainly. At least a dozen of streams or parts of the streams are overgrown and fill of weeds. There are many people in the community doing work that the council should take care of.	Male, Paekakariki-Raumati South, 40-64
There is a river stream it has run off. When I came here it was lovely. It is now dead. Run off dairy farms.	Female, Otaki, 40-64
There is no evidence that they are doing anything. The beaches are very dirty and the local people and local Maori seem to be doing more than the council.	Female, Waikanae, 18-39
They are not doing very much. Only other groups are doing.	Female, Otaki, 40-64
They could do a lot more, they haven't.	Female, Waikanae, 40-64
They have done some work. Nothing specific.	Male, Otaki, 40-64
They have put a palm tree and it blocks the sun.	Female, Paraparaumu, 65+
They send me to only listen to specific groups and make a decision which affects the much wider group specifically beach accesses.	Female, Otaki, 40-64
They should be putting more money into basic stuff that is needed to be cleaned, instead of putting money in this.	Female, Paekakariki-Raumati South, 40-64
They tend to do things without consultation with local people and they fined us without telling us a law they are dictatorial with us they just go ahead and do it.	Male, Otaki, 65+
They use sprays, don't know what they are doing total idiots.	Male, Otaki, 40-64
Thing happening at the moment where people having property near streams and lakes have to manage their own which is ridiculous.	Female, Paekakariki-Raumati South, 40-64
Those areas are always last on the list when they should be first.	Male, Otaki, 18-39
Unhappy with the fact that they are putting four lane express ways in the middle of our coast community.	Female, Waikanae, 40-64
Water problem up here and they're not doing anything about it. Restrictions on water usage is poor, e.g. Flushing toilets.	Male, Paraparaumu, 40-64
We have stream running through our property we do our own enviro stuff. But council we have a stream running through our property. We fence, plant trees and do the environment stuff our self.	Female, Waikanae, 40-64
With the shore line and farming, everywhere is having problems with rivers and dune areas. Rise of sea levels going up and down.	Female, Paraparaumu, 65+
You just need to look at the condition of them. Most of the work done to those environments are by non profit organisations.	Male, Paekakariki-Raumati South, 40-64

Don't see a lot of information out there about the services available.	Female, Waikanae, 40-64
I did not even know what they do with that. I don't know anything about that.	Male, Waikanae, 18-39
I did not know the council supported health. I thought the government did that.	Female, Waikanae, 40-64
I do not think we have health services on the coast, no doctors in the area for most things we have to travel out of the area. No dentist available.	Female, Paekakariki-Raumati South, 18-39
I don't have anything specific as such but they could work a bit of strategies better.	Female, Waikanae, 18-39
I know a lot of people with those problems and they had to call an emergency number and had to wait 2 days and there are places around to help but they are not really that known.	Male, Paekakariki-Raumati South, 18-39
I think funding has dried up and the funding isn't there as it used to be.	Male, Paekakariki-Raumati South, 40-64
I work on an ambulance and I have not seen much from the council to do with me or health in general.	Female, Otaki, 18-39
Just cheaper houses for people, a free sexual clinic for 25 and over.	Female, Paraparaumu, 18-39
Lack of services in the district. Not enough access to services.	Female, Waikanae, 65+
Never see anything about it.	Female, Paraparaumu, 40-64
No communication about this service.	Female, Otaki, 40-64
Not enough recognition in the obesity thing where they get support. They haven't got a plan or anything set up. Hear about it the week before for any planned events.	Male, Paraparaumu, 40-64
On the waiting list is too long to get an operation. My personal experience had to get private care.	Female, Paraparaumu, 18-39
Porirua isn't possible to take as much as they use too.	Female, Paraparaumu, 65+

Never heard anything about any support.	Female, Otaki, 40-64
The appointments are given for 8 then we have to leave by 6 for wellington. Haven't increased the water supply.	Female, Waikanae, 65+
The disability group. Public transport for disabled needs to improve. Community has large older group. No response to my emails. The council not interested or the umbrella we come under.	Male, Waikanae, 65+
They are not doing enough help for old people.	Female, Paraparaumu, 18-39
They are not involved at all. I have never heard or read anywhere of an location they have got involved.	Female, Paraparaumu, 40-64
They are too expensive.	Female, Waikanae, 40-64
They do not do enough. I don't think they are doing much.	Female, Paraparaumu, 40-64

I'm concerned with the cost of things and cutting down of services. Especially home health and cleaning.	Female, Paekakariki-Raumati South, 65+
What they are doing is they are sending outside people to do all their work, to do the local work, hundreds of millions of dollars going out of the town which in fact should be kept in-house.	Male, Waikanae, 40-64

Because we have problems and I don't see full support for them.	Female, Otaki, 65+
I didn't know they did any.	Male, Waikanae, 65+
I do not feel there is enough done towards jobs for the young people. There is public transport for the old but nothing to get the young involved.	Female, Waikanae, 18-39
I don't see anything happening here for the youth. There is not enough done here in Paekakariki.	Female, Paekakariki-Raumati South, 40-64
I don't think they get a good deal around here.	Male, Paraparaumu, 40-64

I hear a lot of youth say that there in not a lot to do.	Female, Paekakariki-Raumati South, 40-64
I just don't think there is enough for the youth around. They need some sort of system or something to manage the youth.	Male, Paraparaumu, 18-39
I just don't think there is enough out there for them.	Female, Waikanae, 40-64
I just don't think that there is not enough for the youth. Only one skate park and not enough places for the youth to go.	Female, Paraparaumu, 40-64
I just think there are kids on the roots. I think they should have something better to do. I also see a lot of graffiti around.	Male, Paraparaumu, 18-39
I see too many kids walking around with their fingers up the asses, and they cause trouble, burglary.	Male, Otaki, 18-39
I'm not there; I don't have any youths in our street. I don't think that very much is being done for youths.	Male, Otaki, 65+
It's what I read in the papers. They still don't have enough recreation facilities. We really need the pool.	Female, Paraparaumu, 40-64
Just with the general activities they offer them.	Male, Waikanae, 18-39
I see so many youths wondering around the streets I am not sure what the council does. They do not support for youth.	Male, Paraparaumu, 65+

There could be lot more support in recreation and encouraging youth to participate in sports and social activities.	Male, Waikanae, 40-64
There is nothing advertised that they put on for the youth.	Male, Paraparaumu, 40-64
There is nothing for them to do. The only thing that is organized by the council for youth is the bowling ally. That's all.	Female, Paraparaumu, 40-64
There is nothing much for the youth to do around here. They should get on with the aquatic centre.	Female, Paraparaumu, 18-39
There is nothing to do for the youths. There are no clubs, no basketball teams. Unless parents are organising something the council doesn't do anything.	Male, Paraparaumu, 40-64
There just need to be more areas for youth to hang around and do what they do without being told off.	Male, Paraparaumu, 18-39
There's not enough around here for them.	Female, Paraparaumu, 40-64
There's nothing here for the kids, they've got skate parks which suits a certain group but nothing else.	Female, Paraparaumu, 40-64
There's nothing for them to do. So they end up getting drunk and causing trouble. A community centre for the kids would be good.	Female, Paraparaumu, 18-39
They don't enough attention to that issue.	Male, Paraparaumu, 65+
They don't seem to support kids playing sports.	Male, Paraparaumu, 40-64
They have turned a number of youth based polices which were going to be provided by funding, and they didn't make the centre they said.	Female, Paekakariki-Raumati South, 40-64
They just don't have anything for younger people, there's not much that younger people can do, they get bored and do silly stuff and the council just gets bored and blames it on the youth. They need something to interest teenagers. The council need to stop saying no the ideas that come up as a lot of people have put in ideas and they just keep saying no.	Female, Paraparaumu, 18-39
They wander the street far too much. There is no place for youth and no facilities for them.	Female, Otaki, 65+
Unless you belong to a sports club, there is nothing.	Male, Waikanae, 40-64
We have young people here who are in and out of prison. If there was more mentoring that might not have happened.	Female, Otaki, 40-64

Going by coverage on the media. Can't remember sorry.	Male, Otaki, 65+
I am a volunteer a lot of old people live by them selves and I don't think they are doing much help to them and the doctors are un-aware of what's going on.	Female, Otaki, 65+
I don't hear support for the older person.	Female, Paraparaumu, 40-64
I don't know what support they give. I am not in that age group so it does not concern me but I'm not sure what support they give.	Female, Waikanae, 40-64
I know a lot more people who could probably get more assistance and get some help because they are not very fit and healthy.	Female, Paraparaumu, 40-64
In the area that I live in there are a lot of elderly people who use the bus. So the access of public transport for elderly people is poor.	Female, Paraparaumu, 18-39
Inadequate transport.	Female, Otaki, 65+
Increasing rates for the elderly.	Male, Paraparaumu, 18-39
Increasing rates. Rates for everybody. Increasing rates for everybody. Has made it tough.	Female, Otaki, 40-64
Just general.	Female, Waikanae, 40-64
Just not there, we are a grey area.	Female, Paraparaumu, 65+
Mainly it is about the community living for the elderly. They do have gold cards but there is no outlet for the elderly to interact with others of the same age or an arrangement where the elderly and the young can interact.	Female, Paekakariki-Raumati South, 18-39
Most events for older people. Transport to be improved.	Female, Waikanae, 65+
No bus service facilities for older persons. It is difficult unless they have their own transport to get Paekakariki to Otaki.	Male, Otaki, 40-64
No problem.	Male, Paraparaumu, 40-64
No support to them.	Male, Paekakariki-Raumati South, 40-64
Not dissatisfied, but I see a few holes for service for the elderly, but I'm not sure if it's in the responsibility of the council, I see a lot of them stuck with transport to and from medical appointments.	Female, Otaki, 18-39
Pushing the prices up for everything when pension is not going up.	Female, Otaki, 65+
The amount of rebates available for the ones that were in Otaki when it was little.	Male, Otaki, 18-39
The council rate stops and they don't do much for the old people. We pay full rates and except water the don not provide us any other leverage.	Male, Waikanae, 65+
The increase in rate is burden on old people.	Male, Waikanae, 65+
The mayor just spins away that they do a lot. But they do nothing for the disabled. They're idea of road safety people rushing around in cars and they don't do anything. They don't provide crossings and not a good place for walking as not enough foot paths. Rates too high.	Male, Paraparaumu, 65+
The bus stops are not in the right areas.	Female, Paraparaumu, 40-64
The way the council treats you.	Male, Otaki, 40-64

There aren't a lot of facilities available for old people the council building are not user friendly the bus services are not routed to best serve the retired community.	Female, Paraparaumu, 40-64

There is none.	Female, Paraparaumu, 40-64
There's not enough facilities for people.	Male, Paekakariki-Raumati South, 65+
They are about on bringing watering metering and blaming pensioners and they don't even want that.	Female, Otaki, 40-64
They don't do anything for the older persons, they need to do more.	Male, Otaki, 65+
They don't have much input. And the council can't be bothered with them.	Male, Paekakariki-Raumati South, 18-39
They live it to age group. They are not very concerned. They live it to organisation and government.	Female, Paraparaumu, 65+
They should advertise more of such support.	Female, Otaki, 40-64
They should be aware of the income and they should look at h older person's income. Area's growing beyond its mean.	Female, Paraparaumu, 40-64
Thought they supported them alright.	Male, Paraparaumu, 40-64
We don't have any choices to give any opinion about anything that's why.	Female, Paraparaumu, 40-64
Well they support the gold card which gives them free transport. But there's nothing else for them. They have a problem with mobility and access.	Female, Paraparaumu, 40-64
Not too sure about this one.	Female, Paraparaumu, 65+

Verbatim responses:

Cleanliness and availability.	Female, Otaki, 65+
Cleanliness and the hygiene the cleanliness and the hygiene of the toilets are not good. And if they are damaged, the council takes a long time to fix them.	Female, Waikanae, 18-39
Cleanliness. Stock such as toilet paper.	Male, Otaki, 40-64
Couple around that are dodgy. Rather than having flashy they should have ok ones.	Male, Paekakariki-Raumati South, 18-39
Doesn't use them because they don't seem clean and pleasing.	Female, Waikanae, 18-39
Go to parks with toilets, some smell.	Female, Paekakariki-Raumati South, 18-39
I am talking about Otaki I don't think they clean regularly the one outside new world is very very dirty. These things need cleaning every day.	Female, Otaki, 65+
I don't think there is enough.	Female, Paekakariki-Raumati South, 40-64
I think the cleanliness and the hygiene in them.	Male, Paekakariki-Raumati South, 65+

It's the Paraparaumu beach toilets are gross.	Female, Waikanae, 40-64
Last time I used it was flooded. Toilet paper was stuck in sink; I had to take it out.	Female, Otaki, 65+
Low standard of maintenance regarding hygiene.	Female, Paraparaumu, 40-64
More around and cleaned.	Female, Paraparaumu, 40-64

Refused.	Male, Waikanae, 65+
Some of the public toilets down at the beach are not clean and it makes you not want to use them. Also we have tourists that come around and it doesn't look good to them if the toilets are not clean.	Female, Paraparaumu, 40-64
The mess that the public leave it in after they have used.	Male, Paraparaumu, 40-64
The ones down at the Raumati beach and the swimming pools and marina gardens need a refresh and tidy up and need to be cleaned up more regularly.	Male, Paekakariki-Raumati South, 18-39
The write on the boards when last cleaned but still smell like not cleaned and a lot of graffiti.	Female, Paraparaumu, 18-39
There are not a lot of public toilets and facilities around.	Male, Paraparaumu, 18-39

STANDARD OF PUBLIC TOILETS (CONT.)

You've said you were dissatisfied with What are your specific concerns about

Verbatim responses:

They are unclean.	Male, Otaki, 18-39
They are disgustingly filthy they are and there aren't many around.	Female, Paraparaumu, 18-39
They are old and disgusting.	Female, Otaki, 40-64
They are quite dirty.	Male, Paraparaumu, 18-39
They aren't clean enough.	Female, Paekakariki-Raumati South, 40-64
They could be a lot better and cleaner because they smelly and disgusting.	Female, Waikanae, 40-64
They could be more of them.	Male, Paekakariki-Raumati South, 18-39
They don't clean them regularly. I take my girls to park and the toilets are not at all clean, so I have to take them to pee behind the trees. That's really not done.	Female, Paraparaumu, 18-39
They're absolutely disgusting.	Male, Paraparaumu, 40-64
They're not that well cleaned and there is very few of them. Not enough of them.	Male, Paraparaumu, 65+

REASONS FOR BEING DISSATISFIED WITH: REMOVAL OF LITTER

You've said you were dissatisfied with What are your specific concerns about?

Verbatim responses:

A lot of rubbish left in the streets after the rubbish collection and by kids at night. The streets look messy.	Female, Paraparaumu, 40-64
Around certain areas like parks there's a lot of litter. They could do more to help the area. Also around highways loads of litter.	Female, Paekakariki-Raumati South, 18-39
Beach is littered. They don't do enough.	Female, Otaki, 65+
Because of the timings of litter removal.	Male, Paraparaumu, 65+
Bins not cleared quickly enough.	Female, Waikanae, 65+
Don't have a good recycling system.	Female, Paekakariki-Raumati South, 40-64
Failure to sweep road gutters regularly to remove fallen leaves. Failure to collect rubbish bins in public places in the weekends when they are most used and overflow.	Male, Waikanae, 65+
Generally there is a lot of litter around that shouldn't be. Especially after the collection.	Female, Paraparaumu, 65+
I don't think there are enough bins around us and the recycling bins which we have do not have the lids for which is really important because when the wind comes all the rubbish flies and comes to our properties. Disposing the rubbish never helps because the wind blows it all.	Female, Paraparaumu, 65+
I just think being a cyclist there is a lot of litter on the road.	Male, Paraparaumu, 18-39
I never see anyone removing litter. There is litter all around the place. If they have a litter removal officer I have never seen them.	Male, Waikanae, 40-64
I see a lot of litter around the place.	Male, Paraparaumu, 18-39
I see half the rubbish flying around, blown in the street in my drive way.	Male, Otaki, 18-39
I think just normal cleanliness there is a lot of plastic bottles and broken glass over the streets.	Male, Paraparaumu, 65+
I think sometimes the place looks dirty with litter around the place.	Female, Waikanae, 65+
It is done by the volunteer groups, not by the council.	Male, Otaki, 65+
It's not very often the street cleaner, quite often I have to pick the rubbish up myself from outside my house.	Female, Paraparaumu, 65+
It's just gutters are always full of leaves and no one comes around to clean the gutters, on recycling days half the rubbish is left behind and flies around.	Female, Paraparaumu, 65+
Just not collecting it and streets getting dirty. Not enough dog disposal rubbish bins. Rubbish lying everywhere.	Female, Waikanae, 18-39
Litter bins at beach are always full.	Female, Otaki, 65+
Lots more rubbish bins needed.	Female, Paraparaumu, 40-64
Mainly by the railway tracks, really bad lots of them.	Female, Paraparaumu, 40-64
Make sure better system and do removal more than once a week.	Male, Paraparaumu, 18-39
Me and my family dispose the litter properly to the rubbish bins but all the people who drive on the highway, they just chuck the rubbish out of their car and instead of it staying on the highway the wind blows it and brings it all to our property. Me and my partner collect heaps of rubbish every day which is not even ours and this is they same story for every day and it's difficult to live with it.	Female, Waikanae, 18-39
More the cost association with it. Cost of a rubbish bag. Far too expensive and have gone up in the last few years.	Female, Paekakariki-Raumati South, 40-64

You've said you were dissatisfied with What are your specific concerns about?

Verbatim responses:

No problem.	Male, Paraparaumu, 40-64
No specific reason provided.	Male, Otaki, 18-39
Not enough rubbish bins.	Male, Paekakariki-Raumati South, 18-39
Recycling outside, I put my stuff and do everything correctly and they don't take my rubbish.	Male, Paraparaumu, 40-64
Rubbish bins overflowing in playgrounds.	Female, Paekakariki-Raumati South, 18-39
Seems to be satisfactory.	Male, Otaki, 65+
Some of the streets of her area are full of litter. The streets, the gutters.	Female, Paraparaumu, 65+
The amount of litter that's being blowing around the cost of rubbish collection using the tubs.	Female, Otaki, 40-64
The amount of rubbish that the rubbish men leave on the road on rubbish day. It's like the council doesn't care anymore.	Female, Paraparaumu, 18-39
The beaches are disgusting. And so are most of the parks. The skateboard area is disgusting it isn't good at all. There are a lot of full bins. I don't think they are emptied enough.	Male, Paekakariki-Raumati South, 40-64
The cost to remove litter is ridiculous. I am from Christchurch and it is free to remove litter there. And the removal of litter around nature areas is disgusting.	Female, Paraparaumu, 18-39
The drain. Accumulates rubbish in the drain.	Female, Waikanae, 40-64
The manner in which they leave rubbish behind when they remove the bins. They totally disregard people and throw the bins on the footpaths in people's ways or in drive ways.	Male, Waikanae, 18-39
The recycling guys who come around leave a lot of stuff on the street. Council by laws don't protect people that dump other peoples litter into my own bin.	Female, Paekakariki-Raumati South, 18-39
The recycling should be better managed. Garbage recycling should be included in your rates and you shouldn't have to pay for it separately to private services.	Male, Paekakariki-Raumati South, 18-39
The rubbish bins in the public places are often overflowing.	Female, Paekakariki-Raumati South, 40-64
The street is not cleaned properly.	Male, Paekakariki-Raumati South, 65+
The streets are not clean of litter.	Female, Waikanae, 65+
They are late sometimes early. There is no consistence; it's hard to differentiate when to put out the rubbish. You have cats and dogs running around making a mess.	Female, Paekakariki-Raumati South, 40-64
They don't actually remove any litter. They only recycle glass and paper they don't recycle steel.	Male, Otaki, 40-64
They don't do anything. I have never seen them remove anything. They don't clean gutters, footpaths and things like that.	Male, Waikanae, 65+
They don't do it, I am in a rural area, and am still paying for it.	Male, Waikanae, 40-64
They sometimes leave litter in public parks, they sometimes leave the recycle bin full even if they are dissatisfied with a single thing and they don't let us know which item is that.	Male, Paekakariki-Raumati South, 18-39
They take some of the recycle or rubbish. And leave others behind. They are too picky.	Male, Paekakariki-Raumati South, 18-39
Timing of the collection. Regularity not up to scale.	Male, Paekakariki-Raumati South, 65+

Too many liquor bottles on road.	Male, Paraparaumu, 65+
We don't get any rubbish removal and we have to pay for it.	Female, Otaki, 40-64
We have to pay extra for taking away the rubbish bags.	Female, Paraparaumu, 40-64
We pay for that.	Male, Paraparaumu, 18-39
We should have wheelie bins for rubbish & separate bins for recycling.	Female, Paraparaumu, 18-39
If leave and shrubs fall on the ground they are not cleaned and when water drains on the ground they wash them away. There are no gutters so the rubbish goes in the drain.	Male, Waikanae, 65+
Well for example outside my house there is a public park, quiet often in spring and summer the teenagers hang out at the park.	Female, Paraparaumu, 40-64
I am an old person. I can't manage to pick the rubbish; they expect me to put it on the footpath. I can't do that.	Female, Otaki, 65+

ACTIVE RECREATION, FOR EXAMPLE SPORTS FIELDS, WALKWAYS, AND SWIMMING POOLS**

You've said you were dissatisfied with What are your specific concerns about

Verbatim responses:

Because it has only been upgraded, they don't look after it as well as other areas.	Female, Otaki, 40-64
Doesn't promote. No good swimming pools, clubs are for private and not for public. Do not get enough information about sports fields.	Male, Paraparaumu, 18-39
I find that they seem to be very slow in moving and underestimate the benefit to the community of having good sports facilities.	Male, Paraparaumu, 40-64
I just don't think there is not enough on the coast. They are not maintained.	Male, Paraparaumu, 40-64
I think the pools are old and crummy.	Female, Paekakariki-Raumati South, 18-39
I'm not really happy with it. They could improve upon quality.	Male, Paraparaumu, 18-39
It was average.	Male, Waikanae, 40-64
Just swimming pools. I go swimming in the summer - they are building a pool at Raumati. Waikanae pool is very old and can be very grubby. Otaki though is ok.	Female, Waikanae, 65+
Just that the pools over here are crap. They have been trying to do a new site for a new pool for years and haven't really done anything.	Female, Paraparaumu, 18-39
Just the mucking around that seems to be happening with the aquatic centre, just seems to be taking a long time and costing a lot of money meanwhile the existing swimming pools' standard is pretty poor.	Female, Paraparaumu, 18-39
Not enough.	Female, Waikanae, 40-64
Nothing specific. I don't have much to with these particular areas. I don't use these.	Male, Otaki, 40-64
Otaki swimming pool needs some work. Walkways around Otaki river need work.	Male, Otaki, 40-64
Raumati pools are not good.	Female, Paraparaumu, 40-64
Swimming pool the closest one to us is Paekariki need one closer. I am a mother.	Female, Paraparaumu, 18-39
The absolute delays on mucking around on the swimming pool and then wasting tax money on the Raumati pool and Levin has got such beautiful pools and I have no faith in the new pool coming to the standard of the other pools.	Female, Paekakariki-Raumati South, 18-39
The facilities. They don't provide parking. We had no netball courts during the beginning of the season. The pools are very old and crap and maintained well and it's not good enough.	Female, Paraparaumu, 40-64
The shutting down of the swimming pools. Sports fields are shut down every time it rains.	Male, Paraparaumu, 40-64
The swimming pools offer limited services in the evening.	Female, Paraparaumu, 40-64
The Waimati pools are always breaking down and the Waikanae pools are not open long enough. There are not enough people around especially in the Waikanae area.	Male, Waikanae, 18-39
There is too much emphasis on swimming pools that we don't need.	Male, Waikanae, 65+
There isn't a swimming to swim in and very minimal cycle ways.	Female, Paekakariki-Raumati South, 40-64
They are spending money on swimming pools which are 100 metres instead of 50 and that would bring people in the area in more competition.	Male, Paraparaumu, 65+

Verbatim responses:

They do not have the proper regional swimming pool the Waikanae swimming pool is only opened in summer and the Otaki swimming pool is often closed for it's maintenance where as cycle ways there is very poor maintenance.

Male, Waikanae, 18-39

We don't need aquatic centre acc to me.

Male, Otaki, 18-39

Well the swimming pool we have is ridiculous. Inadequate swimming pool. The council rely on the sports club to do a lot of work on the sports ground.

Male, Paraparaumu, 18-39

**REASONS FOR BEING DISSATISFIED WITH:
COUNCIL OFF-ROAD CYCLEWAYS**

You've said you were dissatisfied with What are your specific concerns about

Verbatim responses:

Because there are too many cycles on the road, in my way.	Male, Paekakariki-Raumati South, 40-64
Because they are useless.	Male, Waikanae, 65+
Does not concern council, roads are not too wide, related to transport.	Female, Otaki, 65+
Don't think they're wide enough, they should be wider.	Female, Paraparaumu, 65+
Far too many of them do not need them.	Male, Paraparaumu, 65+
Go back and change; I am satisfied.	Female, Waikanae, 40-64
I am aware that the roads around here are very unsafe to cycle on. So if they had cycle ways it would be better for people.	Male, Otaki, 40-64
I don't have any specific issues.	Male, Waikanae, 65+
I don't think there is enough of them.	Female, Waikanae, 40-64
I don't know if we have any. I haven't seen too many of them.	Male, Otaki, 40-64
I don't know where it is.	Male, Otaki, 40-64
I don't think they have any.	Female, Otaki, 40-64
I haven't seen any.	Male, Otaki, 40-64
I haven't really seen any and the main roads don't really accommodate cyclists.	Male, Paraparaumu, 18-39
I just think they are not enough, we use to go cycling in Waikanae but they are not enough especially in Waikanae.	Female, Otaki, 40-64
It relate to state highway and the congested areas in town. Also so much congestion at the round about. Especially where the Kapiti school is.	Female, Paraparaumu, 40-64
It's taking a long time to get them developed.	Male, Waikanae, 65+
Mainly not well maintained can to a lot better user friendly.	Female, Paraparaumu, 40-64
Need to provide more cycle ways.	Male, Otaki, 65+
No comment.	Female, Paekakariki-Raumati South, 18-39
No problem.	Male, Paraparaumu, 40-64

Not enough.	Male, Paraparaumu, 18-39
Not enough cycle ways.	Female, Paekakariki-Raumati South, 18-39
Not enough of them. So you can't navigate a complete route.	Male, Paekakariki-Raumati South, 40-64
Not so concerned about this on as the others.	Male, Otaki, 65+
Should be should be many more so it takes people off the state highway 1.	
Should have more to encourage people to stay away from the state highway 1.	Male, Waikanae, 40-64
Stronger development of the cycle ways is required.	Male, Paekakariki-Raumati South, 65+
The condition of the shoulder is atrocious, that where they sweep the glass when there is a crash.	Male, Paekakariki-Raumati South, 40-64
They don't tend to link up particularly well.	Male, Otaki, 18-39
The space for cycles is too small.	Female, Waikanae, 65+
There are not enough cycle ways.	Female, Paekakariki-Raumati South, 40-64
There are not enough of bus stops in the areas for old people and the conditions of them they are not well maintained.	Female, Paraparaumu, 40-64

Verbatim responses:

There aren't enough of them.	Male, Otaki, 40-64
There aren't any. They need to make up their mind on the roads.	Female, Otaki, 40-64
There I any around in your area. People were hit down by. Do not like the speed limits narrow roads speed limit is 80 km. There isn't any around in the area. A couple of people were hit. When going on the road and I do not like the speed limits set up in narrow country roads to 80 kmph where as other wider roads have speed limit of 50 kmph. Want the speed limit to be reduced.	Female, Otaki, 40-64
There are not enough of them. There is no signage for people to use cycle ways. There is no information for tourist.	Male, Paraparaumu, 40-64
There isn't many at all. I do cycle around the area and I'm cycling quite close to the side of the road. I do believe there is only one long distance pass where I can only cycle which is on state high way one and I'm not satisfied.	Male, Waikanae, 65+
There isn't any track specifically for bikes that is not shared with the pedestrians.	Female, Waikanae, 40-64
They are too narrow when they start in roads.	Female, Paraparaumu, 40-64
They could do more and they are not doing it.	Female, Waikanae, 40-64
They do not do enough for the development and encouragement to use the cycle ways.	Female, Otaki, 40-64
They don't do general rubbish, I have to pay it myself I have to pay twice.	Male, Waikanae, 40-64
They don't have enough.	Male, Otaki, 40-64
They don't have enough of them.	Male, Otaki, 40-64
They have done some things in some bits but I just wished it could be more done and especially around the school areas where children come out walk.	Female, Paraparaumu, 65+
They just don't have very many off-road cycle ways.	Male, Paraparaumu, 40-64
They need to take all the rubbish out of the roads.	Female, Waikanae, 40-64
They should start the express ways as soon possible that would make the roads safer to drive the bikes.	Male, Paraparaumu, 65+
We need more tracks.	Male, Paraparaumu, 18-39
Where are they? I didn't know they had any.	Male, Paekakariki-Raumati South, 18-39

LEVEL OF SATISFACTION WITH: ONLY ALLOWING SIGNS AND HOARDINGS IN CERTAIN PLACES SO THEY DO NOT ANNOY THE PUBLIC AND TAKING THEM DOWN FROM UNAUTHORISED LOCATIONS

The council administers a number of by-laws to regulate activities. One of these is the Public Places By-law. Just as you did previously, can you rate this By-law using a 1-5 scale where 1 means - very satisfied and - 5 very dissatisfied for regulating the following activities. If you do not know enough to give a rating just say so.

Only allowing signs and hoardings in certain places so they do not annoy the public and taking them down from unauthorised locations
