

BUSINESS START-UP

MEETING REQUEST

When your business idea has developed into a plan and you need to know about licensing and / or consent requirements – we can help.

We want to help you understand the compliance requirements and associated regulations for your business. The Business Start-up meeting will gather key staff from within Council to provide information and help you with your plans. This may include resource consents, building consents, environmental health (food and alcohol licences) and/or transport advice.

To gather the most useful advice we will need to know some details about your business, so please fill in the form below and bring it in or forward it with the relevant documents to:
