About preparing a further submission on a proposed plan change

You must use the prescribed form

- [Clause 8](#), Schedule 1 of the Resource Management Act 1991 (RMA) requires further submissions to be on the prescribed form.
- The prescribed form is set out in [Form 6](#), Schedule 1 of the Resource Management (Forms, Fees, and Procedure) Regulations 2003.
- This template is based on Form 6. While you do not have to use this template, your submission must be in accordance with Form 6.

Certain persons may make further submissions

- Under clause 8, Schedule 1 of the RMA the following persons may make a further submission, in the prescribed form, on a proposed plan to the relevant local authority:
 - any person representing a relevant aspect of the public interest
 - any person that has an interest in the proposed policy statement or plan greater than the interest that the general public has
 - the local authority itself.
- You will need to explain why you meet one of these categories (space is provided in the form for this below).

Your further submission and contact details will be made publicly available

- [Section 352](#) of the RMA allows you to choose your email to be your address for service. If you select this option, you can also request your postal address be withheld from being publicly available. To choose this option please tick the relevant boxes below.

Note to person making the submission

- A copy of your further submission must be served on the original submitter within 5 working days after it is served on the local authority (Kāpiti Coast District Council).

Reasons why a further submission may be struck out

Please note that your further submission (or part of your further submission) may be struck out if the authority is satisfied that at least 1 of the following applies to the further submission (or part of the further submission):

- it is frivolous or vexatious
- it discloses no reasonable or relevant case
- it would be an abuse of the hearing process to allow the submission (or the part) to be taken further
- it contains offensive language
- it is supported only by material that purports to be independent expert evidence, but has been prepared by a person who is not independent or who does not have sufficient specialised knowledge or skill to give expert advice on the matter.

a person representing a relevant aspect of the public interest.

In this case, also please specify the grounds for saying that you come within this category

As we dwell in Rimu Village which backs onto the 2.86 hectares of land marked for intensive housing, we come within this category as the rezoning will affect our enjoyment of our villas with loss of peace and quiet after years of our services to our country and community services. I was a nurse for 48 years

a person who has an interest in the proposal that is greater than the interest the general public has.

In this case, also please explain the grounds for saying that you come within this category

Scope of further submission

I support oppose the submission of: *[select the appropriate wording]*

Original Submitter's Name and Address for Service:

Barbara Halliburton

Submission number of original submission: SO79.01

Particular parts of the submission I support (or oppose) are:

Clearly indicate which parts of the original submission you support or oppose, together with any relevant provisions of the proposal. While it is not a requirement, it would be helpful if you could state the submission point number as listed in the summary of decisions requested document.

I also object to the proposal allowing buildings of 6 stories high to be built on the sections along Old Main Road between the railway station and Raumati Road. 3-4 stories would be more acceptable.
A maximum of 4 stories would appear to be more acceptable.as we will lose our privacy, our peace and quiet and would change the character of our local neighbourhood. I am concerned that lack of infrastructure, e.g the flooding of roads, storm water run-off, intensification of traffic, access to medical or community services not able to cope, the possibility of lowered building standards e.g. lowered ceiling heights, risk of fire hazards, increased noise levels all leading to a decrease in the quality of daily living.

Continue on a separate sheet if necessary

The reasons for my support (or opposition) are:

[give reasons]

I oppose this plan, we will lose our outlook (views to the hills) and lose the sun (already compromised by neighbouring trees.)
