

Kāpiti Community Alcohol Survey 2021

SURVEY RESPONSE REPORT

08 October 2021 - 13 December 2021

PROJECT NAME:

Kāpiti Community Alcohol Survey 2021

SURVEY QUESTIONS

The following survey results are from a community survey undertaken in late 2021 as part of early work scoping a potential local alcohol policy.

Information gained from the survey will provide us with initial feedback from the community on the use and impacts of alcohol in the District, as well as views on the potential use of additional controls on alcohol sale and supply as part of any future policy.

The survey will sit alongside further research and evidence that will be developed in partnership with the Police and Regional Health, and which will help inform advice to Council on a draft local alcohol policy.

For further information on the work to develop a potential LAP see the project page <https://www.kapiticoast.govt.nz/your-council/projects/draft-strategies-and-policies/developing-a-local-alcohol-policy-for-kapiti/>.
