Parking times outside the Raumati Beach Shop on Alexander Road	The Roading Asset Manager advised that Council would not be able to add this issue to the traffic/parking study that was being carried out around Raumati South Village.  Main Security confirmed that random monitoring was carried out every week as per their service agreement.  A check of service requests revealed three calls to the Council in relation to parking complaints for Alexander Road. Of these requests, Main Security was requested to attend on one occasion. The driver had left prior to their arrival. This is common for parking complaints, where Main Security attend and the driver had already moved on, at the expense to the Council for having Main Security attend.  Persons are encouraged to place parking complaints with the Council during the day and after-hours and Main Security will be asked to attend as required.	June 2013
