**MEMBERS' BUSINESS**

**(a) Public Speaking Time Responses**

Lynn Sleath:

- The district wide review of speed limits has not started yet. The first part of that process would be to engage with community boards and look at areas they would like Council to reduce or manage speeds in a better way.

Paul Dunmore:

- In terms of concerns around community engagement it was a non- statutory document, the intention was that it is further developed through individual TA processes at which point community would be involved.
