Submission on notified proposal for plan change

About preparing a submission on a proposed plan change

You must use the prescribed form

- <u>Clause 6</u>, Schedule 1 of the Resource Management Act 1991 (RMA) requires submissions to be on the prescribed form.
- The prescribed form is set out in <u>Form 5</u>, Schedule 1 of the Resource Management (Forms, Fees, and Procedure) Regulations 2003.
- This template is based on Form 5. While you do not have to use this template, your submission must be in accordance with Form 5.

Your submission and contact details will be made publicly available

- In accordance with <u>clause 7</u> of Schedule 1 of the RMA, the Council will make a summary of your submission publicly available. The contact details you provide will also be made publicly available, because under <u>clause 8A</u> of Schedule 1 of the RMA any further submission supporting or opposing your submission must be forwarded to you by the submitter (as well as being sent to Council).
- <u>Section 352</u> of the RMA allows you to choose your email to be your address for service. If you select this option, you can also request your postal address be withheld from being publicly available. To choose this option please tick the relevant boxes below.

Reasons why a submission may be struck out

Please note that your submission (or part of your submission) may be struck out if the authority is satisfied that at least one of the following applies to the submission (or part of the submission):

- o it is frivolous or vexatious
- it discloses no reasonable or relevant case
- it would be an abuse of the hearing process to allow the submission (or the part) to be taken further
- o it contains offensive language
- it is supported only by material that purports to be independent expert evidence, but has been prepared by a person who is not independent or who does not have sufficient specialised knowledge or skill to give expert advice on the matter.

Scope of submission The specific provisions of the proposed plan change that my submission relates to are:	
[give details]	
1. Opposition to the Council utilising the report, Kāpiti Coast Coastal Hazards Susceptibility and Vulnerability Assessment Report Volume 2: Results (Jacobs Volume 2) as a basis for the Coastal Qualifying Matter Precinct (CQMP).	
2. Opposition to the Council's interpretation and application of NZCPS Policy 24 (Hazard identification) and Poli (Subdivision, use, and development in areas of coastal hazard risk).	cy 25
3. Opposition to the Council's interpretation and application of section 6 of the RMA.	
4. Opposition to the inconsistent approach the Council has adopted to providing for a qualifying area based on potential for coastal erosion.

Submission My submission is: [include whether you support or oppose the specific provisions or wish to have them amended; and reasons for your views] I support CRU's submission.

I seek the following decision from the Kāpiti Coast District Council: [give precise details]
a) Delete the proposed CQMP which has been based on Jacobs Volume 2 report.
b) Replace the proposed CQMP with a new enlarged area CQMP based on further advancing the NZCPS objectives and policies already addressed in the District Plan.
i. As a minimum, CQMP to include all land identified as the "Adaptation Area" in the Takutai Kāpiti GIS Map Viewer maps.
ii. Alternately, if the Council chooses instead to base the CQMP on coastal hazard identification, CQMP should include only that land and those properties that are currently identified in the District Plan as within the 'no build' and 'relocatable' coastal hazard zones.
iii. The alternative above at (ii) is not CRU's preferred approach, however CRU submits it is the only lawfully defensible approach given the Council's failure to have implemented NZCPS Policy 24 by not yet bringing forward proposed coastal hazard provisions under NZCPS 2010 via a Plan Change specifically addressing these matters.
c) Such further or consequential relief as is required to give effect to this submission.
