FAST TRACK APPLICATIONS

Previously all non-notified resource consent applications were subject to a 20-working day process, regardless of the scale of the application. The Resource Management Act 1991 has been amended to introduce a new fast track process.

Where a land use resource consent has been applied for in respect of a controlled activity, Council must process and issue a decision within 10 working days unless the Applicant choose to opt out of the fast track process. Council has no discretion to decline controlled activity consents.

There are currently 17 land use controlled activities in the Operative District Plan; this may change when decisions are released on the Proposed District Plan. The most common applications received for land use controlled activities are for home occupations and relocated buildings.

The Operative District Plan contains the activities which are classed as Controlled Activities. If you are unsure whether the proposed activity can be processed as a fast track consent, please contact the Council Duty Planner or your independent Planning Advisor.

Is your application for one of the following?

- Relocation of a building over 30m² and over 15 years old;
- Home occupation;
- New roads;
- Temporary events and associated structures;
- Temporary military training activities;
- Earthworks in a residual overflow path;
- Buildings in the residual overflow path;
- Harvesting of forestry blocks;
- Intensive pig farming;
- Tourist Activity Precinct buildings and activities;
- Buildings within the Meadows Precinct;
- Large format retail;
- Buildings and car parking in the Wharemauku Precinct;
- Development in the Paraparaumu Town Centre Zone;
- Development in the Airport Mixed-Use Precinct;
- Buildings in the Airport Zone; or
- Non-residential activities, retail, or commercial activity in the Ngarara Zone.
