APPEAL HEARINGS COMMITTEE

16 SEPTEMBER 2014

Meeting Status: **Public**

Purpose of Report: For Decision

**STEPHEN SCOTT : OBJECTION TO MENACING DOG
CLASSIFICATION**

PURPOSE OF REPORT

- 1 This report seeks the Committee's consideration and decision on the objection lodged by Stephen Scott against the Classification of his dog, Molly, as a Menacing Dog under Section 33a of the Dog Control Act 1996 (the "Act").

SIGNIFICANCE OF DECISION

- 2 This report does not trigger the Council's Significance Policy.

BACKGROUND

- 3 Stephen Scott is the registered owner of Molly, a female spayed, white, English Bull Terrier.
- 4 On Friday 20 June 2014 Council received a call from Kerry O'Brien lodging a complaint that her Labrador, Brody, was attacked by an English Bull Terrier at the Wesley Knight Dog Park in Paraparaumu.
- 5 On Thursday 19 June 2014, Kerry arrived at Wesley Knight Dog Park through the entrance off Ocean Road. Ms O'Brien let Brody off his leash and he wandered from the entrance up to the water fountain for a drink. Brody realised before Kerry that there was someone else at the park.
- 6 Stephen Scott was also at the Wesley Knight Dog Park on 19 June 2014. Mr Scott was sitting on one of the seats at the park with his dog Molly. Molly was on leash.
- 7 Brody wandered from the water fountain to where Mr Scott was sitting with Molly, who was still on leash. (Refer attachment one, aerial picture of park indication seat and water fountain)
- 8 Brody was 1-2 metres away from Molly when she lunged at him and latched onto his face. Brody was yelping as Molly remained latched to his face and was trying to shake him - this went on for about one minute. Mr Scott was trying to break the grip Molly's had on Brody's face.
- 9 Once the dogs were separated Ms O'Brien checked over Brody and Ms O'Brien stated he 'didn't seem too bad'.
- 10 Mr Scott followed Ms O'Brien to her vehicle, asked if Brody was ok and gave Ms O'Brien his name and address.

- 11 Brody was taken to the vet the following day and sedated to clean up the puncture wound to his cheek. Brody has since made a full recovery.
- 12 Mr Scott was new to the district, previously residing in Wellington, Wellington City Council was contacted by staff from Kapiti Coast District Council. It was discovered Molly has a history of behaviour similar to the incident that occurred at Wesley Knight Park on 19 June 2014. (Refer attachment 2 – Note that Wellington Animal Control function is managed by Hutt City)
- 13 On completion of our investigation, Kapiti Coast District Council classified Molly as “Menacing” as a matter of public safety. The investigation was completed on 30 June 2014 and included the information provided by Wellington City Council Animal Control. Mr Scott was not issued with an infringement as he had Molly on leash at the time of this incident.
- 14 On 01 September 2014 written notice was received from Mr Scott that he wished to exercise his right to object to the menacing classification (refer Appendix. 3)

CONSIDERATIONS

Considering the Objection

- 15 Section 33B of the Act states that, when considering an objection, the territorial authority may uphold or rescind the classification, and in making its determination must have regard to:
 - a. *the evidence which formed the basis for the classification; and*
 - b. *any steps taken by the owner to prevent any threat to the safety of persons or animals; and*
 - c. *the matters relied on in support of the objection; and*
 - d. *any other matters*

The following paragraphs provide information relevant to Section 33B of the Act for the Committees consideration

- a. *The evidence which formed the basis for the classification*

Mr Scott's dog, Molly, was classified as Menacing as a result of an incident in an off leash dog park. A Labrador wandered close to Molly, who was leashed, and was attacked by her. Molly latched onto the Labrador's cheek and tried to shake it.

- b. *Any steps by the owner to prevent any threat to the safety of persons and animals;*

The dog was on its lead at the time of the incident.
Mr Scott has since offered to take Molly to a dog behaviourist.

- c. *The matters relied on in support of the objection; and*

Submission made by Stephen Scott, attachment 3

- d. *Any other relevant matters.*

Molly's history with Wellington City Council demonstrates similar behaviour; it is for this reason that she was classified as Menacing. The incident of 19 June 2014 in the Wesley Knight Dog Park appears not to have been a one off incident.
