

Schedule 3 – Rare and Threatened Vegetation Species

UI	Description	Location	Map Grid reference	National Threat Rank	Area	Additional Protection Status
RTV1	Amphibromus fluitan Wetland grass	Queen Elizabeth Park	R26 762 243	Nationally endangered	No Information	Wellington Regional Council Reserve
RTV2	Euphorbia glauca Shore spurge	Wharekohu Point, Kapiti Island	R26 678 335	Serious decline	40 x 30m ²	Nature Reserve
RTV3	Dechampia caespitosa var. macrantha Tussock grass	Kapiti Island	R26	Gradual decline	No Information	Nature Reserve
RTV4	Korthalsella salicornioides Mistletoe	Kapiti Island	R26 344, R26 709 355	Sparse	N/A	Nature Reserve
RTV5	Hebe elliptica var. crassifolia Kokomuka	Kapiti Island	R26	Range restricted	Extensive along coastline	Nature Reserve
RTV6	Korthalsella salicornioides Mistletoe	Waikanae Park	R26 825 353	Sparse	N/A	Recreation Reserve
RTV7	Tupeia Antarctica Tupia	Kapiti Island	R26 726 373, R26 727 376, R26 727 402 and also in grid squares R26 72-37-R26 72-40- R26 72-39-	Gradual decline	Plants scattered throughout 500 ha in eastern & northern part of Island	Nature Reserve
RTV8	Mazus novaezeelandiae	Puketitiro, (adjacent to Paraparaumu Scenic Reserve)	R26 814 324	Serious decline	8m ²	None
RTV9	Mazus	Otaihanga	R26 811	Serious	50m ²	None

	<i>novaezeelandiae</i>	(adjacent to Paraparaumu Scenic Reserve)	321 R26 814 322	decline		
RTV10	<i>Leptinella dioica</i> subsp. <i>monoica</i> Shore cotula	Waikanae Estuary	R26 787 348, R26 795 347, R26 785 347, R26 795 349	Gradual decline	Over an area of approximately 20ha	Scenic Reserve and unprotected
RTV11	<i>Lepidium tenuicaule</i> Shore cress	Wharekohu Bay, Kapiti Island	R26		N/A	Nature Reserve
RTV12	<i>Lepidium oleraceum</i> Cook's scurvy grass	Kapiti Island	R26 686 335	Nationally endangered	20m ²	Nature Reserve
RTV13	<i>Ophioglossum petiolatum</i> Stalked adder's tongue	Totara Lagoon, Waikanae Beach	R26 Historic Record	Nationally endangered	Unknown	None
RTV14	<i>Carex litorosa</i> Sea sedge	Estuary Inlet off Waikanae River, Makora Rd	R26 795 347	Serious decline	Scattered through estuary margin	None
RTV15	<i>Desmoschoenus spiralis</i> Pingao	Ōtaki River outlet		Gradual decline	Unknown	None
RTV16	<i>Pimelea arenaria</i> Sand pimelea	Waikanae River outlet		Serious decline	Unknown	None
RTV17	<i>Paraxilla colensoi</i> Scarlet-flowered mistletoe	Plateau Waitewaewae track	S27 020 406	Gradual decline	Within 2 metres of river	National Park
RTV18	<i>Spiranthes novae-zealandiae</i>	Paraparaumu Airport	Contact Council	Nationally endangered	Contact Council	Contact Council

Key:

●
 = Location of Nationally and Regionally Rare and Threatened Species populations. Numbers refer to attached table.

Notes

Some species on the list are not shown on the map due to uncertainty over data. For further information regarding these sites please contact the District Plan Office.
