We are working on two sites there, improvements to the Coastlands Parade laneway and the area connecting Coastlands with Kāpiti Lights:</p> <p><i>Coastlands Parade laneway</i></p> <p>During work on the laneway we encountered unexpected shallow water pipes. This slowed work in the area hence starting on the other site. We have now fixed and relocated those pipes which means we can get back on with the work in the laneway which will see new planting and paving. We are also installing some innovative lighting and will be calling for public art submissions for a mural on one of the laneway walls.</p> <p><i>Coastlands/Kāpiti Lights connection</i></p> <p>We have started laying pavers, and will be expanding the site up to the Kāpiti Lights boundary, which means the loss of 12 car parks adjacent to the small block wall. These car parks are being permanently removed to allow for the public space we are creating.</p>	Ongoing
