

# Draft Long-term Plan 2021-41

Consultation – supporting information

**Extended community outcome statements  
with whakatauāki**

## Community Outcomes

Core outcome (central to achieving Community well-being):

Mana Whenua and Council have a mutually mana-enhancing partnership.

Alignment with Tikanga Māori/Te Ao Māori, Vision and Well-being:

Pūkengatanga / Whanaungatanga

Strong Communities - Mana Whenua

He whakatauāki nā Ngāti Raukawa

***‘Mā te huruhuru te manu ka rere, He ao te rangi ka uhia.’***

***‘By feathers the bird flies, by clouds the sky is adorned’.***

*The distribution and sharing of resources, skills, and labor for the common good of the people. An expression of partnership as the bird is reliant on his feathers to fly so too are successful communities reliant on the each other.*

This means:

A partnership built on an open relationship, based on mutual respect and trust, where the partners have the ability to disagree but find common ground. It is a partnership that supports each to build capacity and knowledge, which is shared to create greater community outcomes.

KCDC contributes by:

- Supporting knowledge-sharing between Te Ao Māori and Te Ao Pākehā
- Partnering with local Iwi to identify and achieve Mana Whenua community wellbeing goals
- Strengthening capacity of Māori to work within government frameworks
- Adequately resourcing Mana Whenua to engage with Council as partners.

Outcome statement:

Our communities are resilient, safe, healthy and connected. Everyone has a sense of belonging and can access the resources and services they need.

Alignment with Tikanga Māori/Te Ao Māori, Vision and Well-being:

Manaakitanga / Whanaungatanga

Strong Communities

He whakatauāki nā Te Ati Awa

***‘Tumutumu parea, rākau parea, whānui te ara ki a Tane.’***

***‘Ward off weapons so that the broad path to Tane is opened up’***

*The pathway of life is often blocked by obstacles which must be cleared out of the way. Keeping the pathway clear is one of life’s important tasks, then our communities can be resilient, safe, healthy, thriving, and connected, where everyone can access the resources and services they need [unencumbered]*

### This means:

Our communities (groups and individuals) have access to services and facilities necessary to meet their basic needs to cope with the demands of, and unforeseen disruptions to, their daily lives. They have access to adequate permanent shelter; necessary health services; food; water; education; transport options and networks (roading, rail, cycle, sea and air); telecommunications; and social networks, that they may prosper and thrive to fulfil their potential.

### KCDC contributes by:

- Partnering with iwi, local organisations, and central Government to coordinate and facilitate equitable distribution of resources
- Advocating for better facilities and services on behalf of our communities
- Using and improving our local knowledge of our communities to identify their needs
- Facilitating connectivity across the community (groups and individuals) and between communities
- Funding locally-led initiatives.

### Outcome statement:

**Our local economy is prosperous with ample opportunities for people to work and learn in Kāpiti.**

Alignment with Tikanga Māori/Te Ao Māori, Vision and Well-being:

**Pūkengatanga / Whanaungatanga**

**Vibrant Economy**

**He whakatauāki nā Te Ati Awa**

***‘Tūngia te ururoa, kia tupu whakaritorito te tupu o te harakeke.’***

***‘Burn off the overgrowth so that the flax shoots may sprout’.***

*The real lesson being clear away the old and redundant plants so that the good may grow vigorously. Discard the rubbish and get to the heart of the problem in order that our local economy is prosperous with ample opportunities for people to work and learn in Kāpiti.*

### This means:

Creating an environment conducive to developing business and economic activity within the District to provide opportunities for balanced, positive growth where people live, learn, play and prosper. It recognises that economic well-being directly contributes to community resilience and well-being.

### KCDC contributes by:

- Partnering with Iwi, local organisations, and others to actively promote existing local business and facilitate and encourage new businesses to establish in Kāpiti
- Promoting and funding local events
- Promoting the district as a “destination”
- Ensuring the local economy benefits our communities’ well-being.

## Outcome statement:

Our natural environment is restored and enhanced as we transition to a low-carbon future.

Alignment with Tikanga Māori/Te Ao Māori, Vision and Well-being:

**Kaitiakitanga / Pūkengatanga**

**Thriving Environment**

**He whakatauki**

***‘Oranga Taiao, oranga tāngata.’***

***‘Oranga Tāngata, oranga taiao.’***

***‘When the environment is healthy, the people are healthy.’***

***‘The people are sustained when the environment is nurtured’.***

This means:

Reducing Kāpiti’s contribution to climate change through carbon emissions and waste, and limiting its impact through coastal adaptation, and storm water and other natural hazard management. Restoring and improving the natural environment through remediation, reforestation, and sustainable practices.

KCDC contributes by:

- Encouraging investment in green technologies in Kāpiti
- Educating and promoting sustainable cultural practices in the community to see a reduction in carbon and waste
- Embedding sustainable adaptation and mitigation practices within Council service delivery
- Facilitating and empowering community projects and initiatives
- Leading by example through reducing Council’s carbon emissions to neutral within the term of the plan.

## Outcome statement:

Our people have access to suitable housing in Kāpiti so that they can live and thrive.

Alignment with Tikanga Māori/Te Ao Māori, Vision and Well-being:

**Ūkaipōtānga**

**Strong Communities – Housing**

**He whakatauāki nā Ngāti Toa**

***‘Ko te whare o Wai-lorangi, he whare kāore e turuturu te wai.’***

***‘The house of Wai-lorangi is a house that never leaks’.***

*The utmost detail was accorded when providing warm secure houses for the people. Such as the house of Wai-lorangi or the dwelling place of the gods.*

### This means:

Kāpiti residents have access to suitable safe, healthy, warm shelter (including houses, apartments, units, townhouses and other domestic dwellings) to meet their needs, and enable them to live and thrive where they choose, how they choose.

### KCDC contributes by:

- Partnering with iwi, local organisations, central Government and others to deliver housing solutions
- Using the regulatory powers available to it to facilitate increased supply.
