Reader's guide to the Summary of Decisions Requested Report

Proposed Plan Change 3 ('PC3') to the Operative Kapiti Coast District Plan 2021 (the 'District Plan') was publicly notified on 18 September 2024. The period for making submissions on PC3 closed on 1 November 2024.

Clause 7(1)(a) of Schedule 1 of the Resource Management Act 1991 ('RMA') requires the Council to make available a summary of decisions requested (SODR) by persons who made submissions on PC3:

- The first SODR report was made available on 4 December 2024.
- This second SODR report relates only to a submission received by Council on 17 December 2024 ("the late submission").¹

Purpose of this Summary of Decisions Requested (SODR) report

The purpose of this report is to provide a concise summary of the decisions requested in the late submission. This report is not intended to be a summary of the late submission in its entirety, and the original submission should always be referred to if you are seeking to make a further submission, or fully understand the matters raised by the late submitter.

Content of the SODR report

The SODR is presented as a table, where each row in the table (also referred to as a 'submission point') represents a decision requested by the late submitter. The submission number sequentially follows the last submission in the first SODR.

The SODR table includes the following information:

Column heading	Description
Sub #	Identifies a unique number given to each submission.
Sub. Point	Identifies the unique number given to each decision requested by a submitter in their submission.
Submitter name	Identifies the name of the submitter.
Address for Service	Submitter's contact details. Clause 8A of Schedule 1 of the RMA requires you to provide your further submission to both the Council and the submitter on whose submission you made a further submission. Your further submission must be served to the submitter not later than 5 working days after you provided it to Council.
Position	Notes the position on the relevant matter or specific provision stated in the submission. Generally, this will be noted as "support", "support in part", "oppose in part" or "oppose".
Reasons	Provides a summary of the reasons stated in the submission for the decision requested. This is intended to provide context to the reader about the decision requested only - the original submission must be referred to for the full reasoning.
Decision requested	Provides a summary of the decision requested by the submitter in their submission.

¹ Following receipt of the late submission Council (by decision of the District Planning Manager under delegated authority) waived compliance with the submission timeframe in accordance with sections 37 and 37A of the RMA.
