Q10. I am providing a further submission regarding: Luke Richards, 15 Te Rauparaha Street, Ōtak

Q11. Submission number of the original submission: S156

Q12. My further submission is:

I strongly support the proposal of the rezoning for 11 & 15 Te Rauparaha Street, Ōtak (up to Bonnie Street) residential zone.

Q13. Particular parts of the submission I support/oppose are:

I support the complete submission

Q14. The reasons for my support/opposition are:

I believe that there is a far better use for this land as it is currently used for vegetable growing, the soil is suitable for good quality vegetables and the production is low. The property itself is too close to residential zone to be used for growing vegetables without engine noise complaints and we are unable to use spray as it may pose as a health issue for the neighbours nearby. I think that these properties can be of much better use once rezoned to residential area as they are both within walking distance to the town centre with both a secondary school and 2 churches present on the same street. We have owned this property over 10 years with no good vegetable production for us to see. Year after year as the nutrients sucked from the ground is getting harder to grow and maintain his fertility.
