

Chairperson and Committee Members
GRANTS ALLOCATION COMMITTEE

7 SEPTEMBER 2017

Meeting Status: **Public**

Purpose of Report: For Decision

COMMUNITY GRANTS SCHEME 2017

PURPOSE OF REPORT

- 1 This report provides a summary of the 49 applications received for the Community Grants Scheme 2017. The report will assist the Community Grants Allocation Committee to make decisions regarding the allocation of funds.

DELEGATION

- 2 The Grants Allocation Committee has delegated authority to consider this matter.

BACKGROUND

- 3 The Community Grants Scheme provides funding to eligible not-for-profit organisations and groups to support community based projects, programmes and events which contribute to achieving positive social outcomes for residents of the Kāpiti Coast District.
- 4 The grant is available to organisations or groups who provide a local service that contributes to community wellbeing and development and is responsive to an identified need.

The criteria

- 5 The Community Grants Scheme, in its current contestable format, has been available to the community since 1998. The current criteria and conditions still reflect the original outcomes, which are:
 - Building resilient and sustainable communities
 - Encouraging greater community participation
 - Improving the quality of life of the participants
 - Working in partnership with a range of community groups, including iwi
- 6 In 2016, as a result of feedback arising from granting processes, a number of changes were made to the criteria to better reflect the purpose and articulate the expectations of the Scheme. The following changes were made on the recommendation of the previous Grants Allocation Committee;
 - Better defined outcomes that align with the Council's Long Term Plan outcomes
 - Better defined eligibility purposes
 - More clarity added to ineligible items pertaining to capital items and specifications on rent, subscriptions and wages.

- The maximum grant available has increased from \$1,000 to \$2,000 to accommodate current prices and outlays as there had been no change to the maximum since 1998.
- 7 The criteria outlining eligibility and ineligibility are attached at Appendix A of this report.

COMMUNITY GRANTS SCHEME 2017

- 8 Forty nine applications were received this round, with a total amount of \$85,000 requested to support activities that contribute to better social outcomes. Copies of all applications have been sent out to the Grants Allocation Committee and a summary of all applications is at Appendix B. Of these:
- A total of 42 applications are deemed eligible
 - Seven are deemed ineligible based on the criteria specifications.

Ineligible Applications

- 9 The table below (Table 1) outlines the ineligible applications and includes recommendations for referral to a more appropriate funding scheme where appropriate.

TABLE 1: 2017 APPLICATIONS DEEMED INELIGIBLE ON CRITERIA

Application Number	Organisation/ Group	Reason for request:	What the fund <u>cannot</u> be used for:
6	Guardians of Kāpiti Marine Reserve	A community snorkel day event to explore the Kāpiti Marine reserve Event Amount requested \$2000	Sports and fitness, leisure and art activities. Refer to Community Board funding
12	Kāpiti Concert Orchestra	To assist with the costs of hiring venues and rehearsal spaces Amount requested \$2000	Sports, fitness, leisure and art activities. Refer to Creative Communities Scheme.
14	Kāpiti Gymsports	Assist with costs for governance, volunteer management and not- for-profit marketing training Amount requested \$928	Sports, fitness, leisure and art activities. Refer to Creative Communities Scheme. Refer to appropriate Community Board fund.
26	Ōtaki Māori Racing Club	Assist with costs to install a commercial kitchen Amount requested \$2000	Significant capital expenditure and infrastructure costs that are subject to depreciation.
39	The Kāpiti Branch of the Horowhenua Pony Club	To assist with moving their infrastructure and ground works Amount requested \$2000	Significant capital expenditure and infrastructure costs. Refer to Community

Application Number	Organisation/ Group	Reason for request:	Reason for ineligibility
34	Patu	Group fitness and wellbeing gym classes. Aimed at all sectors of the community to reduce diabetes and obesity with a main focus on Māori and Pacifica and higher need members of this community. Amount requested \$2000	This applicant has self-identified as a small self-employed company (grants open to not-for-profits only). Funds cannot be used for sports, fitness, leisure and art activities.
49	Zeal	To purchase sound equipment for the music box Amount requested \$1975	Currently hold a three year contract with Council with right of renewal, this includes the continuation to develop satellite service provision with the Music Box

ISSUES AND OPTIONS

Allocating Funding

- 10 Forty two applications are deemed eligible with a total of \$72,046 requested from a total fund pool of \$33,000. The 2017 Community Grant Scheme is oversubscribed by \$39,000.
- 11 In order to allocate funding in accordance with the criteria (outlined in Appendix A) while not exceeding the total amount of \$33,000, three options are proposed.

Option 1

- 12 Option 1 involves allocating funds to eligible applications that meet all four conditions outlined in the Appendix A, these are:
 - Building resilient, sustainable communities
 - Encouraging greater community participation
 - Improving the quality of life of the participants
 - Working in partnership with a range of community groups including iwi.
- 13 This would result in 32 of the 42 eligible applications receiving a share of the total pool of \$33,000; this will mean reducing the requested amount for each by \$730. As a consequence of this any application requesting funding under \$700 will not be funded. Ten applications would receive no funding as they meet 3 or fewer of the outcomes outlined above. This is examined in more detail in Table 2 of this report.
- 14 This is the recommended option. Awarding grants based on all four outcomes criteria would result in 32 applicants receiving a grant, with the view that, all

grant funding would contribute to initiatives that would have a positive impact on the community within the scope of the Scheme's parameters.

- 15 It is important to note that partially funding applications may also impact on the level of deliverables associated with each initiative.

Option 2

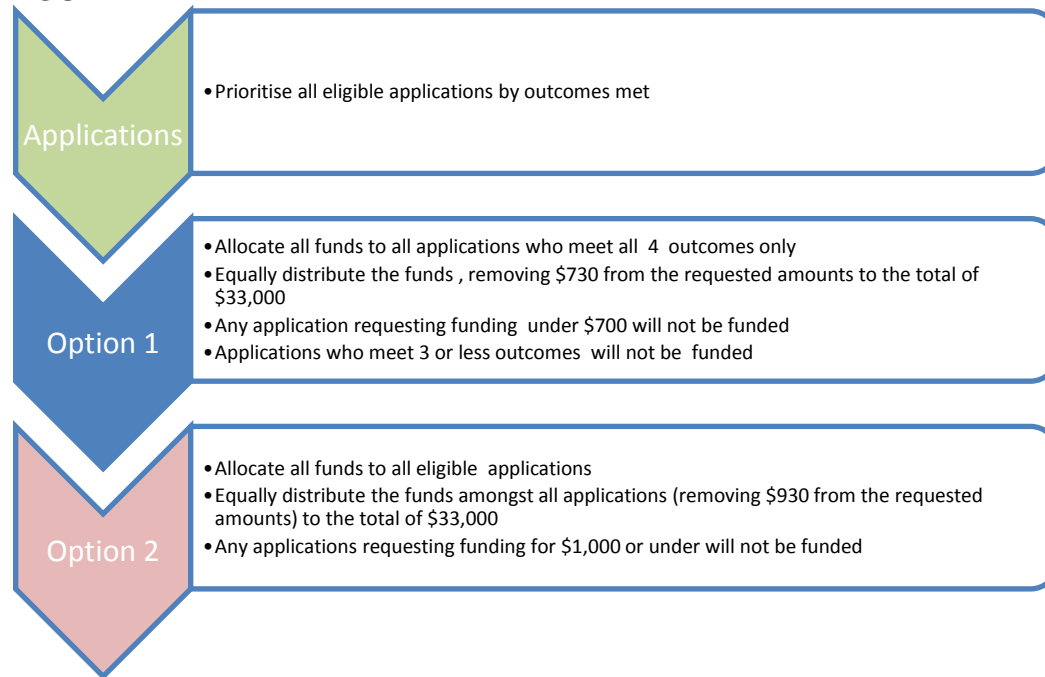

- 16 Option 2 involves allocating funds to all 42 eligible applications regardless of how many conditions they meet. All applications would receive part funding resulting in a reduction of \$930 per application.
- 17 As a consequence any applications requesting funding for \$1,000 or under would receive no funding. This option is examined in more detail in Table 2.
- 18 This is not the recommended option as grants amount would decrease and result in applicants not receiving enough funds to complete their project or activity outlined in their application.

Option 3

- 19 Option 3 involves funding fewer applicants for the full amount requested, not exceeding the total amount available of \$33,000. All eligible applicants would be assessed firstly on whether they meet all four conditions, which would be option 1, and then each of these applications would be assessed individually at the discretion of the Committee based on social significance and value to the community.

Applying Options 1 and 2 to applications

- 20 The figure below is a colour key to assist with interpreting Table 2 which shows a comparison of Option 1 and Option 2 with each eligible application along with an overall total of each option.

FIGURE 1:**TABLE 2: Applications prioritised by criteria and cross referenced with options 1 and 2.**

Applications that meet all criteria:				
App No.	Organisation/Group	Amount Requested	Recommended Amount (option 1)	Recommended Amount (option 2)
1.	Actively Coping with Cancer	\$1,985	\$1,255	\$1055

CONSIDERATIONS

Policy considerations

- 21 Grants are allocated in accordance with the criteria and assessment procedure which is outlined in Appendix A of this report.

Legal considerations

- 22 There are no legal considerations

Financial considerations

- 23 A total of \$33,000 is available for 2017.

Tāngata whenua considerations

- 24 A representative appointed by Te Whakaminenga o Kāpiti is an active member of the Committee.

SIGNIFICANCE AND ENGAGEMENT

Degree of significance

- 25 This matter has a low level of significance under Council policy.

Consultation already undertaken

- 26 The Grants Allocation Committee members will consider all eligible applications and contact may be made with applicants to clarify information as appropriate.

Engagement planning

27 An engagement plan is not needed to implement this decision.

Publicity

28 The appropriate Council communication channels will be used to announce the successful organisations and groups.

29 Unsuccessful applicants will be informed of the Grants Allocations Committee final decision by e-mail.

RECOMMENDATIONS

30 That the Grants Allocation Committee deems the applications identified in Table 1 of report SP-17-300 as ineligible and does not consider them for funding under this Scheme.

31 That the Grants Allocation Committee applies principles outlined in Table 2, Option 1 of report SP-17-300, to guide funding decisions to apply priority funding based on outcomes criteria met.
