

PARAPARAUMU/RAUMATI COMMUNITY BOARD
MATTERS UNDER ACTION REGISTER AS AT AUGUST 2013
SHORT TERM

Matters Under Action		
Item	Progress	Estimated Date of Completion
Raumati Pool Consultation	Proposals received and considered from architects. AD Architecture, Paraparaumu have been selected to develop concepts for consideration by the Paraparaumu/Raumati Community Board who will then make a recommendation to the Council to commission a detailed concept and design (including needs analysis) for the preferred option.	Oct/Nov 2013
Light Pollution from The Drive on Kotuku Park.	<p>Council's Senior Roading Engineer advised – <i>"Lights were changed to 70w fixtures and the submitter said it was definitely better but there was still a problem. Options are:</i></p> <ul style="list-style-type: none"> • <i>Placing a shade on them which will take light away from the footpaths and void any fixture warranties and cause further issues with water in fixtures etc and further downgrading of road standard; or</i> • <i>LED replacement, but a road reclassification would be required."</i> <p>The Council has gone as far as it can go without compromising the standard of lighting required for roading purposes.</p>	Completed
With the removal of the Tūi Sculpture what are the Council's plans and what process needs to be followed?	<p>The Arts & Museum Development Officer advised - <i>"It is our view that any decision regarding the Tūi sculpture would best be made in light of the adopted and implemented Public Art Acquisition Policy. This policy provides for the establishment of a Public Art Panel, who will follow the policy guidelines to assess acquisitions or decommissioning of public art. The Public Art Panel's recommendations are then put to Environment & Community Development Committee (ECD) for final decisions.</i></p> <p><i>The Public Art Acquisition Policy is due to go back to ECD for formal adoption (earliest: 1 August meeting). Once adopted, then implementation can begin, including the selection and establishment of the Public Art Panel. It is unlikely that the Panel would be in place and ready to make recommendations to the Environment and Community Development at the September meeting; more likely, it will be after that."</i></p>	Ongoing
Future plans for the Raumati Beach Boat Launching Ramp	Construction has begun and is expected to be completed by mid-August.	August 2013

Matters Under Action

Parking times outside the Raumati Beach Shop on Alexander Road	Roading Asset Manager advised that monitoring of parking needed to be consistent around the District including standard signs for parking times. Council was looking into a Signage Audit throughout the District which included a review of the parking signage and parking infringement process.	Completed
Awatea Lakes	A meeting took place with residents who agreed they would trial the Kapiti Boating Club's Awatea Lagoon Policy and a follow up meeting would be arranged to discuss and review with residents at the end of January 2014.	January 2014
Leinster Avenue Playground	A submission has been sent to NZTA. Awaiting response from NZTA.	19 September 2013
Concerns during the construction period of the Expressway and how it would impact residents	Verbal update will be provided at the meeting.	6 August 2013
Parking around Iver Trask Place	Council is in the process of looking at how they manage parking in the wider area, from the Iver Trask Place /Rimu Road intersection through to Ngahina Street and the Coastlands Aquatic Centre. It was felt that designating parking for patrons only would prove to be difficult to administer but are considering introducing some time limited areas to encourage turnover. Council are aware of the number of cars that might belong to rail commuters so will definitely be looking to find a way to limit or prevent that in the future. As a plan is developed the Paraparaumu/Raumati Community Board would be kept up to date.	Ongoing
Traffic flow-one-way system around Countdown, ASB and Kapiti Mags in Coastlands Parade	This issue is being investigated.	19 Sept 2013
Tidying up of Matai Road Industrial Area including: • yellow dotted lines painted on the curve of the bend to prevent parking; and • strategically placed bollards to prevent Blue Bird rentals parking their vehicles on the berm/Council land	The site has been tidied up following the issue of an abatement notice.	Completed

Raumati South Residents Association requested:		
1. Reduced speed through Raumati South Village	<p>Following the traffic/parking survey, consultation would be carried out with a number of organisations including the Police, NZTA and the Raumati South Residents Association and the final approval report should be ready by the end of 2013.</p> <p>A resolution was passed at the 25 June meeting – <i>That the Paraparaumu/Raumati Community Board gives in principal approval to reduce the speed limits in Raumati South Village and surrounds and asks staff to carry out consultation, designs and report back to the Community Board for final approval.</i></p>	December 2013
2. Inconsistency in parking times outside the Four Square Dairy on Poplar Avenue		
3. Concerns of traffic reversing out of angled parks outside the Four Square Dairy area on Poplar Avenue		
4. Improving/formalising the casual pathways that links Leinster Ave/ Sydney Cres	Mulching is complete and the area cleared.	Completed

PARAPARAUMU/RAUMATI COMMUNITY BOARD
MATTERS UNDER ACTION REGISTER AS AT AUGUST 2013
LONG TERM

Matters Under Action		
Item	Progress	Estimated Date of Completion
Raumati Railway Station	A meeting is being arranged for GWRC's Manager of Rail Operations to meet with the Mayor and Chief Executive to discuss this issue.	Ongoing
Expressway Interchanges	The MacKays to Peka Peka Expressway Board of Inquiry released its final report and decision on 12 April 2013. In summary the Board of Inquiry: 1. Confirms the notice of requirement sought by NZTA; 2. Grants the resource consents subject to the imposition of conditions contained in Volume 2 of the decision. The final report and decision is available on the Environmental Protection Authority (EPA) website.	Ongoing
Raumati Beach Town Centre Upgrade	Project is on hold and the timing of further work will be considered as part of the update of the Tow Centre programme across the District	Project on hold
Toilet at the northern entrance to Queen Elizabeth Park	Regional Council Property Manager advised that this toilet has been included in the figures for the 2013/14 year and if approved by Regional Council they would like to have it installed and operating by October/November 2013. KCDC has included the annual budget for the maintenance and cleaning costs in the 2013/14 Annual Plan.	2013/14 year
Kāpiti Island Customised Departure Facility	A feasibility Study was being carried out by the Council and the Department of Conservation. A report back was expected by the end of June which would include options of a new or renovated building and the Department of Conservation supported the need to improve facilities.	Ongoing
Guardians of Kāpiti Island	Cr Gurnathan would continue to liaise with Council Officers before a public meeting could be arranged.	Ongoing
Reinstate the Kāpiti Marine Reserve Committee		
Kāpiti Road and its overall plan	Group Manager Strategy & Partnerships advised that it would be towards the end of 2013 when Council should be at a stage where they could come back to the Paraparaumu/Raumati Community Board and start a community process around a design.	December 2013
Development of a Community Response Plan (CRP)	The CRP was being developed through the Otaki Community Board first (covering Otaki/Te Horo) and once completed it would roll out to other Districts.	Ongoing
